When dead men tell mo' tales...

Running afoul of a pants-less ghost pirate wasn't exactly what Paranormal Psychologist, Matilda Schmidt had in mind when she took off for some R & R. Even at a quiet beach-side bungalow, Matilda can't catch a moment's peace when the restless spirits aren't the only ones haunting her bedroom.

Marooned by a disappearing demigod, and seeking a solution to banish her unwelcome guests, Matilda rides shotgun with a hit man who's better at making ghosts than eliminating them. When Matilda's new-found abilities leave her feeling more psychotic than psychic, she's forced to consider an offer she doesn't want to take, but can't afford to refuse.

She did it again!!! Another laugh out loud read, had me rolling aye matey. Matilda needs a rest so she goes on vacation but of course her crazy life calls her back to her reality. Enter the hotties, Liam and Crixus, pair of ghost hunters and some ghosts. Be prepared to meet a ghost missing his pants, adventure and some WOW moments with the hotties. Get ready to laugh once again to be taken into a world only Cynthia can lead you to. I can't wait for the next book!!

OMG So good I'm yakking rainbows

Another awesome read from the very talented Cynthia St. Aubin.

After all the crazy escapades found in the previous books, Matilda is taking a much need holiday on her own with only her books to company. Sadly the solitude she seeks does long thanks to a couple of crazy dead pirates - Sinpants who had the misfortune of dying with no pants on and the colourful Gaybeard and his parrot.

Ghosts aren't the only thing stopping Matilda from her peaceful vacation - Crixus and Liam both make an appearance and tempers flare. Will she be able get to the bottom of the ghost problem and sort out her feelings for the demigod and the smoking hot hit man.

Cynthia has an amazing way with words and leaves you wanting more when you sadly reach the end of each story. Thankfully October isn't too long away - So bring on the Undead

SB Morales says

This has to be the sexiest story yet! Trouble is always finding Matilda. She is one lucky doc with her choice of a hot hit man or a sexy demi god. I love how St. Aubin can make me giggle then the next moment I'm fanning my self. St. Aubin writes some of the most beautiful phrases I've ever read. I think one of favorites

in this book is, "Alone, I watched the waves spill moonlight onto the sand and steal it back again." I can't wait to find out what trouble Matilda gets into next! If you love reading a funny and sexy as hell story you better grab this series. St. Aubin will have your e-reader steaming!

Kiki Sidira says

Oh! My! God!

What an ending! Do we have a release date for the next one, yet?

In this book, Matilda starts seeing ghosts and listening to voices.

When a ghost requests her help, there is not much she can do than accept to help. And that's when trouble begins...

Oh! Wait! Trouble had already begun earlier by Crixus, but you didn't hear that from me!

I am #TeamCrixusAllTheWay!

You need to buy this book ASAP (though you might need the previous four, as well 'cause they are NOT standalones), especially if you need a funny read!

I do not think it's by chance she's the :

BESTSELLING AUTHOR OF SQUIRT-COFFEE-OUT-YOUR-NOSE-FUNNY PARANORMAL MYSTERY NOVELS!!!

I have read everything of Cynthia St. Aubin's and couldn't wait to read this. I was up all night laughing, and kicked out of bed for the noises I made. Another winner! Love Matilda and can't wait to see who she ends up with!

Anna Salamatin says

This installment finds our favorite but frazzled psychologist on a much needed beach vacation. Her life, personal and professional has been one paranormal escapade after another ever since Crixus, the sex addicted demi god & supernatural bounty hunter and Liam, the super smexy mob hit man came storming in, each with their own agenda.

For Liam, she was just another job. Kidnapping her for the Irish mob, who mistakenly thought she had stolen their gold.

Crixus wanted her to help save the world by bringing her supernatural clients who needed help so balance could be restored to the world.

So, Matilda has dealt with Leprechauns, Were Bears, a suicidal Easter Bunny, Goldilocks, the irresistible Adonis along with the Princesses Aphrodite & Persephone who were fighting over Adonis.....Oh Yeah! Her schizophrenic Mother had been kidnapped, and Matilda has to steal a key from Rolly, the security guard to free her mother. Apparently Rolly is sitting on a very large inheritance.....Yep, I think she deserves a vacation alright, but we know that's not gona happen, right? So first she meets a couple of ghost hunting kids at the Hilton Head Inn bed & breakfast she is staying at, Enter Crixus, and the hottest bath tub scene you Could imagine, but gets interrupted by ghosts who are two Pirates (Gaybeard and Sin pants) who are constantly at each other. Sin pants actually has no pants and wants Matilda to get them from the museum where they are on display..... Enter Liam who along with one of the ghost hunters (Dean) decides they

are going with her. I think you already know that this isn't gona end well. Total mayhem ensues and your not gona believe what happens next.....

We are left with Matilda needing to make some decisions about the future after Liam lays his feelings at her feet. I am on to the next, can't wait to see what happens next!

I was gifted this book in return for my honest review

Cynthia St. Aubin has done it yet again. This is the next in her Matilda Schmidt series and it was just awesome. I did not want it to end. It was a really great read. I cannot wait for the next installment!!

Debby P. says

I was gifted this book by the author. Cynthia does it again! Laugh out loud funny, sexy and hot! A vacation for Dr.Schmidt? Not if Julie & Crixus have anything to do with it. Who can say no to the hottest demi-god on the planet? Plus this time we have pirates, yes you heard me, pirates. ARGH! I love this series and can't wait for the next installment. I recommend this and all Cynthia's work to those that love a great story.

Heather Stanley says

As always Cynthia has done it again!!! I love this series!!!! the humor is spot on and the story as always great.

Matilda just needs a break to think about things without all of the chaos in her life, for a smart chick she should have known that would never happen!!! Add a beach, sun and sand and two pirate ghosts and the fun begins :) add on top two ghost hunters, Crixus and Liam, fireworks all the way baby!!! With Matilda's need to help everyone including the supernatural all it requires is a little B&E.....

As always I loved this one and cannot wait for the next!! If you don't read this you are missing out on a good time...Argggg! Maties!!!!

Conny says

Whenever a new book by Cynthia St Aubin comes out, I get super excited because I know I will be thoroughly entertained. This is the 5th book in her "Matilda Schmidt, Paranormal Psychologist" series and it did not disappoint. I found myself laughing out loud and staying up way passed my bedtime again to finish the book. I still have not made up my mind who I would like the good doctor to end up with, because both men are super hunky and each one has a big list of Pros's and of course a few Con's. The only negative thing I have to say is that I wish her books would be longer, because I just can't get enough of all her colorful characters and fun plot lines. Give us more Cynthia, please.

Dianne Ledford says

I found this book to be Fantastic! it was funny an kept me turning the pages! Cynthia is such a creative and authentic author I adore this series. Oops She Did It Again she wrote another Great book I must share with my friends. I highly recommend it to anyone who reads comedy an fantasy books

Amy says

Wicked awesome! I think this Cynthia's best yet in the series. Matilda is now seeing ghosts and hearing voices. Sexy and funny! What more could you ask for?!

Heather Fortman says

Un... believably fantastic!

I think this is Cynthia's best book yet. The humor is still there, the intrigue, the suspense; all of them are still there but this one? Yeah, it just made me quiver with anticipation as I turned each page!

I will never again look at a pirate the same! Or booty. Or... yeah... just yeah! The new characters, ghosts in this case, are wonderful. Crixus and Liam? Still swoon-worthy! Matilda... I have NO idea how she deals with it all!

The poor thing can't even take a much needed vacation without something (or someone) barging in on her hiatus!

I cannot WAIT to see what they get up to next!
