**Kanan - The Last Padawan #1** Greg Weisman , Mark Brooks (Illustrator) , Pepe Larraz (Illustrator) , Jacopo Camagni (Illustrator) , Andrea Broccardo (Illustrator)

Kanan Jarrus: In Star Wars Rebels, he's a cocky, sarcastic renegade fighting against the Galactic Empire alongside the ragtag crew of the Ghost. But years before, at the height of the Clone Wars, he was known as Caleb Dume, Jedi Padawan under the instruction of Jedi Master Depa Billaba. Neither master nor apprentice ever suspected that the Clone Troopers they commanded would turn on them upon the issuing of Order 66- the order to execute all Jedi. How did Caleb Dume survive? How did he learn to survive on his own? And how did he become the man we know as Kanan Jarrus?

### Kanan - The Last Padawan #1 Details

## **From Reader Review Kanan - The Last Padawan #1 for online ebook**

### **David Macdonald says**

The best of the new Marvel Star Wars titles, in my opinion.

---

### **C Moore says**

This one has it all: excellent artwork, great character development for Kanan, and an exciting glimpse into areas and events heretofore unexplored in Star Wars lore.

---

### **Emily says**

I finally sat down and read this - highly enjoyable.

---

### **Darren says**

Very impressed with the quality of the writing. Also happy to get some backstory behind Kanan... look forward to pressing on.

This is my first introduction to Mr. Larraz's art - well done but isn't my top pick in the Marvel canon (Mr Checchetto holds that spot).

---

### **Steven Shinder says**

This issue seems to allude to the events of the novel Mace Windu: Shatterpoint, particularly Jedi Master Depa Billaba's instability and coma. Whether or not that means that the all of the Shatterpoint novel is canon is up in the air. One of the separatists says that the intel on this may be suspect. It seems doubtful, in my opinion, that an unstable Jedi would be allowed to train a young padawan. The padawan, Caleb Dume, makes it sound as if Billaba is on the Jedi Council. Though she is a member in the first two prequel films, she is not on the Jedi Council during Revenge of the Sith. Apparently, Billaba was also meant to appear in The Clone Wars TV series had it not been cancelled. Regardless, she was not on the Jedi Council during the series' run, onscreen or offscreen. This issue ends with Order 66, and I cannot wait to see the story of how Caleb Dume becomes Kanan Jarrus.

---

### **Arlomisty says**

Ok story... I wouldn't mind picking up the rest of the story to finish it....

---

## **tee says**

Only just got around to reading issue 1 and if I wasn't already reading the main title, Leia, and Vader then I'd probably be all over it. Instead, I'll trade wait.

---

## **The Sapphic Nerd says**

As soon as I turned the page to see the interior art, I said, "Wow, that looks /good/." The art in this issue is absolutely gorgeous, with a style that reminds me of the Dodsons, though still distinct. The colours are fantastically rich but never overpowering. This comic is truly a treat for the eyes.

The story so far is pretty interesting and the characters are cool. I'm sure I'll grow fonder of them as the series progresses. I don't know too much about the Star Wars universe other than the movies and current Marvel comics but this isn't hard to follow.

This is a worthy addition to the Star Wars universe and is certainly on par with the runs Marvel has going right now. Get it.
