I liked it alot great everything story,colors AWESOME characters and so much more and the fact that they are girl scouts who fight supernatural creatures makes it even more awesome.I want to read the next issue to see what happens next and what crazy adventure awaits. I suggest if you haven't already read this comic series you check it out it is worth it

### Satrina T says

I'll say it one more time and then I'll stop saying this in each review: I don't like the new style and everything feels strange and weird. So, until I state a different opinion, let's assume this is my opinion about the new style.

Oh, and just to make things clear, it's not a bad style, it's just that it's not *their* style.

Back to the review: In this new arc we are introduced to Seafarin' Karen. And also selkies!

So far, the story is going well. I like it better than the mermaids one.

### Vicki says

**Amy says**

What's a good way to get your reading challenge of to a good start? Marathoning 10 issues of a single issue comic in one sitting woot woot!

Very sad to see the original Lumberjanes team go, though I totally understand why. The series has definitely gotten more episodic- less mystery based, more just 'there's supernatural things! spooky!' I'm sure they're building up to something big, it just seems to have a very different vibe than the earlier episodes. I've got no plans to cancel my subscription though and will obviously keep up with the series. Mainly for Bubbles. Goddamn I want a racoon.

**AleJandra says**

Mejor que los issues de las sirenas, pero no tan buenos como los primero tomos.

---

**SMLauri says**

¡Ya echaba de menos a mis Lumberjanes!

---

**April says**

Good start to another arc. Now there are more shapeshifter types in the mix!

**Holly Letson says**

:)

## **Carlos De Eguiluz says**

Me sigue entristeciendo el hecho de que bajaran la calidad y las historias ya no sean como antes. Para ser honesto, he pensado en parar de leer esta historia, pero no puedo. No soy bueno dejando las cosas "a medias".

Read in Lumberjanes, Vol. 6: Sink or Swim.

A new camp counselor, Seafarin' Karen, works at the camp and has the girls working on their maritime badges.

#21 in the series. A new camp counselor is working at camp.
