Sex Sessions: After the cut Charisse Spiers

My name is Saxton Maverick and I am a pussy-whipped porn star...

Did that get your attention?

I thought it might.

I proudly wear that badge, because that girl has my balls in her hand, literally on most days and figuratively.

So word on the street is I've been tamed by the good girl, yet I've never been hornier. The irony.

I half expected this whole project to bomb the second it went live. I kind of wanted it to. A peaceful week in New York with my girl is what I wanted. To just be...normal. No cameras, no viewers, no studio; just us. I think I'm entitled after having to share her with every fucking horny man on the planet for a month, or soon to be anyway. What I wasn't expecting...

America's hottest couple... Porn has crossed over, starting with us. It's no longer forbidden, secret, and shameful. What have I done? Erotic love has never been more in demand.

We are icons.

Now we have shoes to fill, even after the cut, and what happens in New York doesn't always stay in New York.

Let part two begin...

Holy hotness.. and I mean HOTNESS. Saxton and Kambry are on fire and the love between the two are off the charts. The porn star has breathed new life and has given Kam a safe way to discover what kind of woman she is becoming. Loved Meri and Sax sister is freakin hilarious!

So, I was on Instagram and I read a promotional IG for this that was like:

"Don't make offers you aren't one hundred percent ready for, because this behavior is making me want to fuck you until you can't stand.

Your body is small and my dick is big.

I can find ways and positions to beautifully destroy your pussy."

And I'm halfway completely disgusted, like this:

And halfway laughing uncontrollably.

UPDATE 07/08/2016

"If you knew what was good for you right now you'd keep quiet. The soreness you're experiencing is about a six. I can still go all fucking ten, baby."

o.O No, thank you.

Sex Sessions: After The Cut by Charisse Spiers is a fun and HOT read. Kambry and Saxton are back! A lot happened in the first book and now they are enjoying each other and their love. They do encounter some hurdles. What relationship doesn't?

Kambry has grown so much! I feel like she is being her true self and the person she is meant to be in this book. Just when I thought he couldn't get any sexier....he does. You see a different side of Saxton and I love it!

The sexy times scenes were HOT! I mean the chemistry between them is off the charts.

This book was a VERY enjoyable read! I laughed and cried. If you're looking for a fun and sexy read, this book is for you! I give this 5 stars.

WOW! If you fell in love with Saxton & Kambry in their first book, prepare yourself to fall deeper & harder in Sex Sessions : After The Cut.

Their heat, passion & chemistry remain at an insatiable level in this book, but it's their exploration of their deeper souls that'll get you in "the feels" this time.

Saxton will make you swoon with his openly adoring & growing love for Kambry, all the while healing his own heart of past blemishes in the process.

Kambry really starts to find her feet in this book. While she's always had a quiet inner strength to her, she's really learning the type of woman she wants to be as she sheds the skin of her girlhood. Learning to deal with haters in the world of social media is just the beginning.

Sizzling chemistry & unapologetic exhibitionism abound as we take the next steps with our favourite porn stars in the story of their love.

Can't wait to see what these two get up to next. Roll Camera... and ACTION!

Good gods... This book was tailor-made for every spank bank & jill till out there! I actually had to put it down at times because it was so damn hot. So many caresses, so many dirty words... So. Much. Sex. The amazing thing about it was that even though there was so much sex, it didn't get old. Saxton & Kambry got very creative & vocal, in many different places. Lucky us readers.

Loved Saxton. Loved Kambry. ADORED them to pieces when they were together. Their relationship & commitment to one another was strong as steel & that was beautiful. They knew what the other needed & were willing to go the extra mile to make sure it got done. Hello, Tumblr account. Hello, big lush bed in the sensual dance club. Hello, Coney Island amusement park. Hello, private room in the strip club. And hello, all the bajillion goody scenes that happened in between. :)

Looking forward to more in this series because I can't get enough of this sexy couple!

From Los Angeles to New York for an adventure

Saxton and Kambry. Two soul mates. Him an experienced porn star. She a innocent girl, growing up with very strict parents. In this second book they are done filming and heads east to visit his sister in NYC. Little do they know that this is a trip that will change their lives forever, as they take their relationship many steps further.

Want to know what happens next? Buy the book, read it and find out. I promise you won't regret it

It's a wrap at 116,091 words 272 pages before conversion. I'll try to get an excerpt on here soon :)

Pam says

Loved how romantic Saxton was in this book! It was a great story, not a lot of drama which was fine with me. I thought for sure there would be with her dad and all. I really enjoyed it!! Kinda want to see where they will be at after NYC trip and how Porn life will change and also how will all the other characters will play out!! Great read, looking forward to more!!!

Bookabulary says

The story of Saxton and Kambry continues, this time without the cameras. This sexy duo has taken their relationship to a new level while managing to still be sexy as ever. I mean, what do you expect from a reformed porn star and his lady love, right? Sexy is coming out of their pores as these two just couldn't keep their hands away from each other.

Although I was warming up to their story, I am still bothered by how young Kambry is. At just eighteen (and

from a very sheltered upbringing!), I can only picture her as too impressionable. With Saxton's persona and celebrity, I worry they won't last. But I guess that's the beauty of fiction--anything's possible! So I try to let go of my worries and just roll in all the love, love, love!

And then boom! Queue surprise twist...and a really twisted one at that! Wtf moment, right there! I cannot wait for the third book because this was a really bad cliffy. Sheeeeeez!

Amber Britten says

First I have to say I'm sorry Charisse it has taken me so long to read this one :) that's not normal for me but life gets in the way sometimes. But you did it AGAIN!!!! I absolutely loved it!

Saxton & Kambry are two soul mates, Saxton is an experienced porn star and farm boy, and well Kambry is an innocent girl, growing up with very ridiculous strict parents. Kambry fell very fast for Saxton and He fell for her. The second book is holy hotness!!!! They are done filming went to visit Saxton's sister Tynleigh in New York City and she is freaking hilarious! I love how sweet and romantic Saxton was in this book, Saxton changed their life with a big surprise but why ruin the surprise everyone needs to read this book and find out what happens if you don't you will regret it :)

I can't wait for the final book!!!!

Tammy Huckabee says

What would you do if you were the porn king and you were taking your queen to New York City for her first time, and to meet your sister? What would you want to show her, what would you want for her to experience?

Saxton Maverick calls himself a "p***y whipped porn star", but I just call him perfect and in love. Sax wants to give Kambry every experience she ever missed out on with her overprotective parents, and believe me

there is A LOT that Kam missed out on.

After Kambry Rivers left her confining life in Alabama, she found her future in Saxton Maverick, even after learning that he is considered the king of porn, she still wants him--the heart wants what the heart wants.

Can Kam and Sax overcome everything that comes their way to find their happily ever after? Or will events beyond their control tear their happiness apart? Can New Year City hold the answers to a perfect beginning for our favorite porn stars?

Mrs. Spiers has done it again, she has given these characters so much depth that reading their story is a vivid as watching a movie. I love the love that Sax and Kam have, although the sex is over the top HOT, they have a love that is pure and all consuming. I truly can't wait to see Mrs. Spiers' gift with words and storytelling their future will be as explosive and full of twists and turns as their story has been up to this point. I can't wait!!!

Paperback Princess says

Saxton and Kambry are back and now that the cameras stopped rolling they are taking their relationship to another level..Sax has taken Kam to NY to meet his sister and at the same time doing everything in his power to show her a good time and make sure she experiences all the things she was never allowed to when she lived with her parents.

I will admit that it took me a minute to get into it compared to the first book..it was a little slow to start and a bit repetitive every time they spoke about their feelings but you kind of can't help but love it when Saxton pours his heart out..his love for Kambry was on a whole other level and you can't help but swoon!! Their relationship is for real #Goals ..the way they respect and love each other is really inspiring. They are truly each other's best friend and it's really cool to read about. Can't wait to read the next one and see how their relationship and sex life grows
