## **The Undercover Groom** Taylor Hart

Enjoy this fast-paced romance by best-selling author, Taylor Hart.

Nick Freestone is a cop to the core. He has lived his life in the service of others—would die for others. His senses go into full alert when he pulls into a gas station and spots a girl who needs help. But when she extemporaneously pulls him in for a kiss ... all his cop senses slip away.

Ava Haughty...no, NOT hottie!...doesn't like playing the damsel in distress. After being tormented by her ex the past two years, she's not sticking around to see what surprise he has coming for their two year 'divorce-anniversary.' An unusual dream sends her to Park City where she seeks the help of Sheriff Kantrell, the father of her dead best friend. But, when the Sheriff tells her the hot cop she kissed at the gas station is going to pose as her fiancé she refuses.

But Nick Freestone won't take no for an answer and ends up taking Ava to Jackson Hole, Wyoming on his brother's jet, to keep her off the grid for a couple of days until they can figure out how to shut down her ex. Ava's not in the mood for a nice cop and she's really not in the mood for sky diving, self-defense lessons...or the butterflies that erupt every time Nick is near.

Sparks ignite between Ava and Nick as they begin to confide in each other. But Ava's ex isn't going to take things lying down. Can Ava find the inner strength to overcome her destructive past? And will her undercover fiancé be able to save her in the end?

This is a stand alone book, part of the Bachelor Billionaire Romances.

Nick is also the 3rd Freestone Brother with a story.

If you want to read the Freestone Brother's Stories in order, it would go like this...

Damon, Rescue Me: Park City Firefighter Romances

Luke, The Lost Groom: Bachelor Billionaire Romances

Nick, The Undercover Groom: Bachelor Billionaire Romances

## From Reader Review The Undercover Groom for online ebook

### Vivian says

#### Yes, but I liked it anyway

So, there are several things that happen at the story's climax that will make you face palm. It probably didn't annoy me as much as it did others because I had already seen some spoilers before I started reading, so I had an idea of the 2 painful plot devices complained about by other readers, but I decided to focus on the action and romance during that point instead.

So as long as you're willing to check your critical thinking at the door for the denouement, you should still enjoy this story, lol

I love the way Taylor Hart weaves in her characters' faith without being preachy or doctrinaire. And contrary to what one cynic wrote, there are actually still guys who wait for marriage to have sex. It hardly helps those who are trying to do right to hear that kind of dismissive negativity when they deserve our admiration and support.

---

### Jennifer says

The MCs in this short were more developed than most of the MCs in Taylor Hart's other stories. This was a darker and sadder tale, and the author succeeded in making me root for the MCs separately and as a couple. Of course the plot could have been more developed, but was all right given the short length of this story.

What I liked:

- 1) The H. He is genuine and kind, humble and funny. And he's a gentleman who believes in waiting until marriage. Wonderful.
- 2) The dual povs.
- 3) The h. She doesn't shy away from the stigma of being in an abusive relationship. The way she described her life during and after resonated.
- 4) The writing was engaging and compelling.
- 5) How clean this was.
- 6) Seeing some of the MCs from previous stories.

What I didn't like:

- 1) The TSTL moment near the end.
  - 2) The sappy training session.
  - 3) How short this. I wanted at least an epilogue. :)
- 

### Neena Christianson Martin says

#### Another Freestone is gonna bite the dust.

Ava is running from her psychotic ex-husband, and runs straight into the arms of Nick Freestone, a local cop. Her friend Frank , and Nick concoct a plan to keep her safe. This book is more suspenseful than most of

Taylor's books, but it every bit as good as all the others.

---

## **Anne Wingate says**

### **Warning From a Dead Friend**

Ava has to get away before her ex kills her.

Frank wants to be her second father, because her father is dead and his daughter, her dearest friend, is also dead.

It was the dream of her friend that brought her to the outskirts of Park City. It was Frank's dream about her daughter that helped him choose to help her.

It was her moment of panic, followed by Frank's request, that brought Nick into the case.

It was Nick's last case that let him instantly recognize her reasonable terror.

The case doesn't last long as just a case.

Hart weaves a convincing romantic suspense novel.

Recommended for all readers of romance, suspense, and billionaire stories.

## **Pam says**

The Undercover Groom: Bachelor Billionaire Romances is by Taylor Hart. This exciting adventure takes place in Utah and Wyoming. The setting makes the action seem like a western. This is an excellent book and easy to read. You can read it rather rapidly and still enjoy it.

Nick Freestone was on his way home from Ecuador where he had spent two weeks building houses. He needed the time away from his undercover job. He had just helped crack a human trafficking ring and the details still upset him. He stopped outside of Park City to get gas and saw a woman in a hoodie who was acting strange. When he approached her, a car drove up behind him and she grabbed him and began kissing him. He could tell she was hiding from the men. Just as he started to ask her what was wrong, Sheriff Frank Kantrell, his neighbor and friend, drove up and got the woman into his car and drove off leaving Nick with questions. After he arrived home, he decided to go to Frank's and find out what was going on. When he got there, Frank introduced him to Ava Haughty who was an old friend of Frank's daughter, Katie. She was in trouble and running from her ex-husband. Frank had to leave town so set Nick up to protect Ava. Can Nick protect Ava without telling anyone else about the danger? Will Ava allow Nick to help her?

---

## **B. D. Mann says**

This was a novella length story that read well for that length of story; but I found it a bit too predictable most of the way through. However, the author redeemed herself by breaking with conventionality with a rather unexpected resolution to Ava's disastrous relationship with her ex-husband. This was a great, fun, fast paced clean romance. But without the exceptional pizzazz for a five star effort.

---

## **Susan K says**

Romance, clean

More of a 3.5 for me.

This wasn't as intense of a draw for me as a reader. It was still a fun read, but not my favorite of her books. For me the ending was a bit rushed, tied together too quickly on the last few pages. I just wanted to know more of how they ended up??

Anyway, still fun with characters from the other books, the twist at the end was interesting, and of course they had some fun attraction. With Ava, I just didn't feel like I knew 'her' as a character. Nick was great. He was well written, and you could see his hopes and fears. I knew that it was a novella, not quite full length when I bought it. Still a quick fun read. Thanks for another great escape T. H.!

---

### **Sandi Ramirez says**

Taylor Hart takes a hard subject of domestic violence and writes it into this story in a way that had me enjoying this book greatly. She gave power to Ava and showed her true strength. I loved the romance and fun times between Ava and Nick. And the love between Ava and Frank. Great story.

I am reading all of this serie books all of of whack but loving them all. So let me share you can read them as stand alones and get them!!!

---

### **Rachael Dorrnsoro says**

Nick Freestone is a cop, he has lived his life serving others, when he meets Ava at a gas station and she kisses him, he can't help but help her. Ava is in trouble, her ex has played games with her the last two years, she doesn't want to know what he might have planned for their two year "divorce anniversary" She remembers that in Park City her dead best friends father is a Sheriff and she hopes he will help her. When she meets up with him, he suggests Nick pose as her fiance.

This was a cute story, I loved getting to know Nick in this story. Fun Clean read.

---

### **Kathy \* Bookworm Nation says**

Contemporary Secular Romantic Suspense

I thought this was a fun read, well written and well paced. I liked the characters, setting and plot. Nick and Ava had good chemistry and a believable relationship, things moved a little quickly between them, but understandable considering their circumstances. Ava's on the run from her violent stalker ex-husband. I like that Nick takes one look at her and knows she's in trouble and immediately tries to come to her aide. I did want to shake Ava at one point (view spoiler) Overall, a fun light romantic suspense!

Looking for something similar, check out the Sweet Montana Bride series by Kimberly Krey.

[Content](#)

Romance: Clean, just kissing

Language: None

Violence: Mild- talk of abusive marriage, nothing overly detailed. A kidnapping and attack

Religious: None-Mild, would consider a Secular Romance

Series: Trilogy that is also part of the overall Bachelor Billionaire Romance series, each can be read as a stand alone.

Book One Rescue Me

Book Two The Lost Groom: Bachelor Billionaire Romance

Book Three The Undercover Groom: Bachelor Billionaire Romances

Source: Kindle Unlimited

### **Pascale says**

- "She shrugged. "Romance, suspense, comedy ... I think we have it all."-

Yes, indeed. This book does have it all. This is the genre that Taylor Hart excels at: clean suspense romance.

I have enjoyed reading this series. There is just enough suspense to keep me tense and interested and the romance is sweet and the kisses are hot. Great story. Highly recommended.

---

### **Betty Hansford says**

#### **What A Ride!!!**

Man alive?! Was this ever a good story ! Nick and Ava were agreed on what to do one minute and practically at each others' throats the next. Their situation was precarious; however, what was one to do when a maniac was on the trail? Please read this. It goes from sad to ecstatically happy several times. You really have to pay attention.

---

### **Teya Peck says**

Could not put it down. Amazing job Taylor! I love the hero, of course and strong heroine. I loved it.

---

### **Amy says**

Did that last paragraph have to be there? Seemed a little odd. Not my favourite of the collection. Average.

---

### **Rebekah says**

#### **Okay**

This is a clean read which I loved, but the story felt contrived and a bit cliché. It was just okay for me. I'll

---

definitely read another book by this author as I like her style, but this just wasn't a favorite.

Content: clean, some domestic abuse

Language: completely clean

Religious: Some mention of God/church/prayer, but I wouldn't really consider this a religious story.

Overall story: Cop saves woman next door who's on the run from an abusive ex husband. As I mentioned earlier, I like this author's style-nothing super descriptive. The ending was just so cliché, right down to the characters talking about how "we'd make a great romance story."

Happy reading!!
