Messy

Nean

Messy Nean

Twenty-three-year-old Taneisha Robins was a messy bitch and made no bones about it. In fact, she was damn proud of it, starting rumors, yeah she did that, five finger discounts, yeah, she and her five-year-old daughter did that. Sleeping with friends and family's men, yep, that's her, starting Facebook brawls, hell yeah, why not? To fights and having her house shot up, yep been there done that.

Did she give a rat's tiny balls, nope!

Michelle Moore says

Blood book...but

This plot is REALLY good but the chapters are not clearly defined, so it's hard to keep up with whose speaking or who you're reading about right away. That being said, I do look forward to book 2 because again. The plot is REALLY good.

Tonya Battle-Hill says

Omg !

This book had me with the side eyes and had me laughin I love the way author nean writes it's so rough and raw I can't wait for part two taniesha was just a ratchet mess and kola too her children's names tho and I liked how she put taylor in it

treina payton jones says

Great read

At some points it was all over the place...but all and all a good story. I'm ready for the next installment

William says

Truly, this book is Messy.

I couldn't finish the book. I lost interest in it from the lack of proof-reading. It was truly a mess. The insane amount of grammatical errors should have kept it from even being published. Thankfully, I got it for free through my Kindle. Really, though... If you have to toss a few dollars in the way of an editor, please do it.

Jeanida Luckie-Weatherall says

This book had my from the beginning to end with the laughs and I really enjoyed. Can't wait for PT.2 to see what happens next. Taneisha is just MESSY!!! Good job Nean

Punkin says

same ole same ole story line

Demetrica Boling says

Proof read!!!

This book might have stood a better chance if it were proof read. There are grammatical mistakes and it jumped around that I often had to read paragraphs more than once. The ending was getting until it ends and now have to wait for the next book. I hope it is read and reread before published.
