Chasing Casey

Jane Anthony

Chasing Casey Jane Anthony

Two men. One woman. One impossible choice.

AJ Morello resides in darkness. Tortured by regrets, tormented by nightmares. He snuck into my heart with his brooding gaze and filthy mouth, but half of it wasn't mine to give.

Austin Krehley lives in the light. The ranch hand on my family's farm, the man who will always own a part of me. I vowed to love him forever, but that was a promise impossible to keep.

It should have been easy. Girl meets boy. Girl falls in love. They both live happily ever after.

But, unfortunately, this isn't that kind of story.

**This story is stand-alone but features characters from the first book.

Nawteeone says

I received an advanced copy of this book in return for an honest review.

This was my introduction to this author and I'm very happy to say I'll be back for more if her other books are like this one. I was very much drawn in by the flow of the story, which is of paramount importance to me. The dialogue was realistic in it's cadence and I really enjoyed the character development as the story went on.

What's a girl to do when she has 2 gorgeous men who both want her? Does she move towards a future with the emotionally damaged AJ or does she look for a future with past love, Austin?

Jane Anthony will go on my 1-click list now as she has become a must read author.

Excessive~Reader says

Chasing Casey, is best read after Jane Anthony's book, Secrets and Promises.

AJ is a witty but hard to love Jersey boy, and Casey is an easy to like country girl. So what happens when you take the girl out of the country, or the boy out of city? You get a story and I love it. The depth of these characters is real, and I love them! Each of their pasts tugged at my heart and left me torn because I found it easy to sympathize with their struggles to move on. I can't say much else without spoiling this book for you but I am happy I went into it blind, there's something's worth not knowing before hand.

I had no idea how much I was going to like this book. It's no secret now that I love it, if you like books that play your emotions and won't be quickly forgotten then this HEA is a win.

Tasha says

This is my first Jane Anthony read. I deffiently will be reading more of her books. I loved Chasing Casey I'm all about the sexy cowboys however Aj has made me fall for the sexy rocker mechanic types!!!! I highly recommend this book to anyone who wants an awesome read!!!

Carol says

Love

Thank you. First book I have read from you. You didn't disappoint. AJ and Casey such a good pair. I will absolutely recommend for reading.

Jenny (Jenz Book Jewels) says

****CONTAINS SPOILERS****

After reading Kade who I might have just crushed on a little bit, I thought AJ would have nothing on him. Man was I so wrong I'm in love with yet another of Jane's sexy hot characters. You can read this as a stand-alone but I would definitely read Secrets and Promises first to get an insight into the life of AJ. In this book you get the lovable characters from Secrets and Promises and some new ones, I might have a real strong dislike for one of them named Austin.

Casey is the quiet girl next door type but can give AJ the ride of his life, which is great for AJ because he likes to bang hard!

AJ Morello is 26 everyone in his life is moving on, his sister Jillian is married to his best friend and business partner Jameson. AJ has been left running his dad's family business fixing cars. His passion in life was drumming but thanks to choices from his past, that's not much of an option for him now. He still enjoys his music at The Wreck which supplies him with his revolving door of one night stands. He needs a woman that will stick with him through the good & bad times and love him for who he is. The wreck has a new barmaid she looks like an angel all blond hair, blue eyes and AJ is a goner he chases her down with his cheesy come on lines. She caves eventually and life is looking sweet for them both. Then a phone call ends it all and Casey's back off to Texas. AJ's life is with his family but he can't get Casey out of his head. Time for a visit in the middle of nowhere.

Casey Grainger has just got a bartender's job at The wreck, thanks to her hot mess friend Marisa. It's not her first choice of work because she has to put up with the selfish arrogant musicians. She never expected to see the hottest guy with dark hair, grey eyes, dressed all in black, ball cap on his head and wearing work boots to walk through the door and making a bee line for her. But he's the sound tech guy AJ. AJ worms his way into her thoughts with his cheesy lines. She gets to know the real AJ, they share a few great months together then she finds out she has to return to Texas. Casey's not told him everything about her past, her ex Austin being the main thing that she regretting leaving behind when her life turned into a nightmare. Her past is about to collide with her future, Austin is hotter than he used to be and there's still that spark there. She's still with AJ but it's hard with the distance between them. AJ visits and it doesn't go to plan.

The Epilogue shows you into the future, but where will go their separate ways living in the places they call home where their hearts are?

Will they drift further apart with the help of Austin?

Will they both get the HEA they both deserve?

Nora Fresse says

I absolutely loved this story. It's full of love, heartbreak and some twists that had me spinning.

Casey is a tough Southern belle from Texas who works hard and is determined to live life on her terms but she's also a woman full of regrets for her past mistakes. After leaving the farm she grew up in and her ex-fiancé, Austin, behind, she ends up in New Jersey after the bad relationship she was in comes to an abrupt end. While working at The Wreck, she meets AJ and sparks fly between them. She's afraid to make the same

types of mistakes that she's made in the past with men, but something about AJ just seems to draw her in and she's game to explore the possibilities.

AJ is a hot mechanic, ex-musician whose whole life has been about responsibilities and taking care of his sister since their parents passed away. When his sister marries his best friend, he finds himself a little lost and lonely. His part-time gig as the sound engineer at The Wreck allows him access to countless one-night stands but no woman has ever captured his attention the way Casey does. Maybe this is the woman that's meant for him.

After an unexpected tragedy takes Casey back to Texas, will their love survive the distance and the unexpected obstacles that are thrown their way? Does Casey have residual feelings for Austin who is still working at her Gran's ranch waiting for her to return?

The author has done such a great job in creating a story full of angst, and twists that blew my mind. The characters were so likable and Austin...OMG! what a twist that took. I'm not saying any more about that. The epilogue was so touching and wonderful. The only thing I wondered about was Casey's mom who never really made an appearance in the story. I was curious about that. But other than that small point, everything about this story was awesome. I had a great time diving into the world of Casey and AJ. I hope to read more stories by this author.

I voluntarily reviewed an ARC of this book.

DianaC-Bookaholic And says

????? 5 STAR REVIEW ?????

AJ and Casey, two very different people with so much in common. Each one have demons they fight on a daily basis. As they get together AJ and Casey must learn to open their hearts and rely on each other to fight for their love. But as we know life always have a different game plan and is up to them to make it work.

Each and every page you read, this book will captivate you. Love, admiration, courage are just a few of the most intense feelings this two will take you. Their love is so powerful it will make you wish they were real and not fictional characters.

I strongly recommend this book.

Dani says

Jane always leaves me swooning with her words and with this new release, Chasing Casey, it's no different.

When I read Secrets & Promises, I fell hard for AJ, and now that we get to learn more about him, I must say,

he's up there with some of my favorite male characters. I love how even though Casey tries to focus on her work, on just being friends, he doesn't take no for an answer. I mean, how can you say no to him?!

Casey is a strong female character, and I loved her so much! She's got her sights set on what she wants, but AJ just gets under her skin and slowly ebbs away at her walls.

This is a beautiful story that will have you riding a roller coaster of emotion. Do they get their HEA? Well, you'll just have to one click to find out!

Jane, congrats lady, you killed it!!!!

Shelly says

Wow! This book blew me away! I have to say Jane you're amazing! I can't say enough about this wonderfully written sweet and sexy book. Chasing Casey touched about every emotion in me. If you liked Secrets and Promises then you're going to love Chasing Casey! Before I read this Jane ask who I would choose if I had to pick between a Cowboy and a Rocker/Mechanic? Let's just say my choice was wrong! Casey has a very difficult decision to make. In Secrets and Promises we met AJ Morello. He is Jillian's older overprotective brother and co-owner of the family business.

AJ is a 26 year old handsome all around good guy. He has always dedicated his life to working hard and taking care of his sister. He hasn't spent much time dating in the past. Now that Jillian has married AJ's best friend Jamison he's able to live a little. When AJ set his eyes on the beautiful new bartender he couldn't get her off his mind. He is determined to get to know her better.

Casey Grainger is a quiet but tough girl from Texas. She's not looking for anything but friendship. Casey is trying to forget her past. She's just trying to stay busy with work but AJ is making that very difficult. Casey finally gives into going out with AJ and things heat up pretty fast. Things are looking great for them until Casey gets the devastating call about a death of a family member. Casey has to make the tough decision to leave AJ and go back to Texas to take care of business.

Austin is a handsome farmhand that has known Casey for years. Not only are they friends but they had been engaged before. Casey's ex made it very clear to her that he wants her back and will stop at nothing.

Casey is torn between her ex fiance that she's has a history with or AJ who is totally the opposite of her but has that special connection and pull.

Which one will she choose? AJ the sexy Rocker/Machanic with a heart of gold or Austin the handsome exfiance farmhand that she shares years of history with?

I love this book because it kept me guessing up until the very end. JANE YOU ROCK!!!

I received this ARC for an honest review.

Socially Book Nerd says

AJ we 1st met him in Secrets & Promises as the over protective brother of Jillian and best friend to Jamison. AJ is co-owner in their parents garage and sets up the bands at the local dive bar. Casey gets a job as

bartender and She instantly catches AJ's eye. He is a sexy stand-up guy. This book is a love triangle as Casey has a love interest back home, Austin. Sometimes in a love triangle, you want one over the other very badly, and can tell which way the attention is going to fall but with the shared background between Casey and Austin. It created a lot of angst I couldn't tell who Casey was going to choose. Of course I was deeply rooting for AJ. You will be torn, surprised, heated by AJ's sexiness and Laugh at his fun loving flirt.
#TeamAJ!!

Lisa Kader says

Wow a great book.

Jane Anthony is a wonderful writer. I couldn't put this book down once I started it. I can't wait to read more books by Jane Anthony. If you have never read any of her books you must give them a try. She doesn't disappoint the reader with her books.

Deanne Taylor says

I'm usually all on board with a hot cowboy but this sexy rocker/mechanic won me over. Casey has many a issue in her past as does AJ. Watching these two work out the problems and get over the hurdles had me on the edge. I think I may have to say AJ is the top of my list for book boyfriends at the moment. He knows what he wants and isn't afraid to work for it. Gotta admire it in a man. Casey on the other hand needed to be smacked with a wake up call. Memories aren't all they're cracked up to be. Does she choose her old flame Austin or the new love AJ?? Let's just say it was an awesome read and I'll let you find that out!!

Melissa Marx says

This book is hot, and the up down of the relationship keeps you on your toes.

Cheryl Whitty says

I really love AJ and Casey together they clicked straight away. They both needed someone desperately to love them. Casey is full of guilt for leaving her childhood sweetheart when she ran off with a musician, leaving her grandmother running the family farm. AJ runs the family car repair business, and worries about his sister and family.

AJ and Casey really hit off, and the relationship is going really strong when Casey has to go back to Texas. Casey and AJ were so good together, you could feel the chemistry coming of the page. I loved the book, there is more to story. I loved AJ he was so loyal to his family and Casey. This is the first book I read from this author, but it won't be the last. I have to say I found Austin really creepy.

I received a copy of this book in exchange for an honest review

Mackenzie Raye says

~~~~~SPOILERS~~~~~

Review for Chasing Casey

By Jane Anthony

5 Stars.

What can I say about AJ Morello? A stubborn, keep-it-all-inside man. Frist, you must read Secrets and Promises to enjoy wanting to slap him in the back of the head for his actions. Without his parents, it is up to him to give his sister away to his best friend in marriage. AJ took on responsibilities no boy of his age should have too; however, he protected and loved his sister unconditionally. With her getting married, he felt as if his life wasn't the same. Alone. He chose to do what most men do when single. His love for music and bars gave him the perfect set-up for it. Well, that was until this blonde came into his life.

Casey changed his mood, sexual desires, and overall saved his pitiful life. Problems arose when her grandmother passed away forcing her to revisit her home country and digging up a past she kept hidden. After Jillian scolded his ass, AJ traveling thousands of miles and to a totally different world just to be with her. Intensions ran high. Foolish moves happened. An emergency sent him rushing home. Words with his sister were exchanged. She finally broke through to him. AJ's soul yearned for the southern country gal. You must read this book to find out just how sexy AJ is and to what lengths he will go to for love. I promise you will fall in love with the sexy fucker.

I received this book for an honest review. No money was exchanged.
