Bedded at His Convenience Margaret Mayo

Hunter Donahoe is sexier than ever, and he's out for revenge on the pretty young wife who abandoned their marriage. Keisha needs cash, and Hunter has plenty. He makes Keisha an offer: she can work for him, no strings attached...

But Hunter has other ideas when he sweeps her away to his Spanish villa. She'll be his personal assistant by day-- and his mistress by night!

They both think the other cheated. Hunter Donahoe is sexier than ever, and he's out for revenge on the pretty young wife who abandoned their marriage. Keisha needs cash, and Hunter has plenty. He makes Keisha an offer: she can work for him, no strings attached.... But Hunter has other ideas when he sweeps her away to his Spanish villa. She'll be his personal assistant by day...and his mistress by night!

Angie says

I could not finish this book. It made me mad every single time I picked it up. The "hero" is a domineering jerk and the "heroine" is everything that we hope our daughters are not. She was completely spineless. This book was a disappointment and complete waste of time.

Paula Chacin says

Bajo su Hechizo, es un bonita historia, aunque se trate de un súper clásico, donde lo que sucedería a continuación era predecible. Creo que el autor no se preocupó mucho por crearle demasiada expectativa al lector, esto me desilusiona un poco porque todo lector "muere" por llegar a leer algo fuera de lo común u ordinario en cada historia que lee, algo que marque la diferencia con el resto que ha leído. En mi opinión la narración fue un poco pobre, al igual que la imaginación del autor, pienso que la temática pudo haberse desarrollado con mejor auge, porque tenía mucho a su favor, sin embargo, el nombrar edificaciones y ríos de gran historia e importancia a nivel mundial como el Támesis le dió un buen toque a la historia, al igual que el paisaje español. La historia deja en claro que dentro de toda relación hay inseguridades, pero la confianza es lo más importante en cualquiera de los casos, aunque suene arriesgado y todos estemos temerosos de salir heridos hay que creer en el sentimiento que te unió a esa persona, esperando lo mejor, no lo peor.

Priscilla Coffie says

Hated this book, how can you claim you hate someone and the next minute you start doing nice things for her, like naming a boat after her when she clearly even doesn't want you, its like hunter was the one who screwed up and trying to fix things but it should have been the other way round. His dominance over her is very annoying.

Michaela says

This was utter rubbish. The relationship seemed at least boarder line abusive. The ending was terrible and there were way to may exclamation points.
