## From Reader Review Ugly Bugs for online ebook

### Shamim Hossain says

good book i like that it teach kid about bugs annd science i love this book but it is no leting me read it

---

### Rrabarra says

With facts galore, Nick Arnold has got it ALL. I mean, seriously! Ugly bugs, all we know is that they're creepy and crawly and do nothing whatsoever.

The facts were great and absolutely made me wonder about the 'small' world where insects all lived.

My favorite part, though, was the conclusion, which practically summed up the big war of bugs/humans and drastically changed my view about bugs! A great read!

---

### George says

i liked it because it has a joke on it

---

### Grade5 Five says

i think this book is very good. it shows you something like a sticky note and says (bet you never knew) and it says something very interisting.

---

### Lisa says

Fun book for all ages that introduces science with a fun and interesting way. A great informational book to read in between other books. If you are a young boy or girl and you are interested in the topic bugs, this will definitely be a book for you. If not, then you can still read and enjoy it.

---

### L.E says

Wonderful book for kids or adults. Don't be put off by those warnings that it's not for adults. Just as fun reading it now as I had when I first read it in primary school

---

### RCPP says

I bug (HA,HA,HA) this is a good book. I lice (HA,HA,HA) this. Book it is A hoot. (HE,HO,HE!) and I want

---

every bug-lover to see it, "Seem what you want" "A nice proficy( bagpipes playing )  
" " I Want my money back!!!" "( ? Playing) I was thinking so much about the HOV I forgot about the  
GP!!!!!"  
" " hey!!! No!!!!!!!" " ( Bang!)". Hello?!? Is a bak on ok no I want to condotc 1.. 2.. 3.. 5.. @&\$?!@"  
(Hey!!!)  
I wanna get on now nonunion every time on 34 tuarts I play 1 time oh I forgot tis book is all about bugs and  
this is silly as pie in uh uh

---

### **Frank Louis Allen says**

I love all these books, I say this wasnt the most interesting but it had some great stuff in it still.

---

### **Aidan Michael says**

Buggy book.Not bad.

---

### **Ethan says**

A great horrible non-fiction book. This book use some really special ways to teaching us about bugs. For example, jokes, quiz, and even true historical stories about horrible bugs... Not only that, this book also leading you to the world of bugs by asking questions about horrible bugs. For examples, "What do with their slime" or "How do insects drink ypur blood" Find the disgusting and horrible answers in the "Deadly Disease". I, as a student, recommend this book to all the teenagers, kids, even adults, who are brave enough to find out the horrible answers. (Not my mom for sure)

---

### **Indah Threez Lestari says**

043 - 2016

---

### **Sara says**

This book could be...ugly.

---

### **Laura Simpson says**

I read the new abridged edition so I don't know how much the two differ. A really good no fiction book for children with interesting facts and humour that I found endearing and funny. A great book and great way to teach children about bugs!

---

---

### **Vikky says**

Even though this is meant for kids, if you don't like bugs don't read it, it made me itch! lol
