Lords of the Black Valley

Kyle B. Stiff

Lords of the Black Valley Kyle B. Stiff

The Demonworld saga continues in Lords of the Black Valley.

Two years ago, a small boy was forced to fight his way through a ghoul-infested oasis in the middle of the wasteland. He met the mortal enemies of mankind, the flesh demons, firsthand. Terrified, starving and covered in wounds, he barely made it out alive.

That oasis is called the Black Valley. It is filled with wealth and plenty unlike any other land in the wasteland... and it has claimed the life of nearly every human who ever set foot inside its borders.

But Wodan has become something more than human. With an army at his back and pioneers at his side, Wodan will return to the land that nearly killed him once before – not as a victim, but as a conqueror.

Of course, mankind's most hated foes may have plans of their own...

watson387 says

Kyle B Stiff does it again! Wodan leads his new group of followers, humans and dogmen alike, to build a new life in The Black Valley but the demons have no intention of letting them survive. This is easily my favorite book in the series so far! The only problem I'm having is that book six hasn't been released yet. Come on Mr. Stiff! I need it meow!
