This is a review for part 4 and 5. I enjoyed this a lot more than the others but I am hoping that the ending is good. Part five ended with a cliff hanger that I am really wanting to see how it ends I cannot wait for it.

Wendy coling (trowbridge) says

Things go wrong in peace river. Beck and pack goes to find this drug that change her half shifting friend to a monster. Her and the boys head out with Madras baby.

Can't wait to read last book

I can't wait to read the last book in this series. I will be keeping this series on my kindle fire to reread.

Kimberly Walden says

Shifter wolf series - part 5 - cliffhanger.

Kindle Unlimited book. Cliffhanger - not a standalone book. Story continues - will they be able to rescue Beck and Cross? Will she be able to forgive what happens?

Rebecca says

Still on edge! I really want January and the pack to have a happy ending. I'm not always big on them but this definitely deserves one!

Jacqueline says

At last January shifts into a wolf. The will she won't she storyline was getting a little old, yet despite the small parts that frustrate me with these books I still keep coming back for more. Now Beck has been captured and January and the rest of the pack search for him I will remain coming back.

This was a really good book that I wish was longer. When Beck and Cross go missing and the pack bond is broken January's wolf breaks free. As January struggles with her place in the pack and her relationship with Smoke she is still dealing with what her former friend Prince did and her guilt about it. This book was well written like the rest of them in this series. I am tired of the cliffhangers in this series. In this book we get more answer about the drug that was used on Prince. January also continues to show her protective side towards Hanna and she also grows closer to Smoke as he helped her with her wolf. I am looking forward to reading the rest of this series.

Excitement/Anxiety

OMG This is the best chapter! When things get so intense & frightening that my heart is beating like crazy, i both love & hate it. i put it down & do housework, pick it up & put it down. Love when a story makes me feel so involved!!

On to Part 6! Goddess bless the Peace River Pack! <3 <3

Enjoy!!

Exciting installment

I have no clue how all the issues will be wrapped in just one more volume, but I'm definitely looking forward to it. Part five is full of action, and we learn a bit more about Smoke and see the relationship between January and him develop. This serial has gotten better with each part, but I still wish it was a fully developed series with more details. There are so many elements that aren't fully explained and the characters aren't as hashed out for the reader as I think they could be, but that could just be me wanting more.

Kaila says

oooo what will happen.. i cannot wait to find out..

Rhonda says

The writing is good..... But

But I am beginning to really that these serials!!!! I want this all in one book not into parts!!!! This continuing saga has left me wanting! The story just gets going and then you have to wait for the next installment. I don't think I will get any more of this series until they are all written. Then I will be able to give a review that is appropriate.
