Knox: Volume 1 Cassia Leo

Librarian Note: Alternate/new cover edition for ASIN# B00J7HJ5AI.

Rebecca hasn't seen or heard from her mob boss father in four years, but she's about to receive a message from him that will throw her life into chaos. Rebecca thought she left the crime family and the painful memories behind when she went into law enforcement. She never expected to be abducted by a sexy stranger. But when this stranger makes Rebecca an offer too tempting to refuse, she finds herself dragged into one of the most ruthless vendettas of the century.

Knox Savage is the searingly sexy CEO of Knox Security and a notorious playboy. What most don't know about Knox is that he loves helping high-profile criminals escape justice. He makes no judgments about guilt or innocence. And he doesn't do it for sentimental reasons. But he's about to take on a case that's going to get very personal.

WARNING: Due to strong language, violence, and sexual content, this series is not intended for readers under the age of 18.

2.5 stars!

I know this is part of a serial so obviously it's going to be short but what the hell? Everything was so random and happened so quickly! It starts off with a completely random scene and just jumps from one scene to the next with hardly any explanation.

I wish I could go into detail about everything wrong with this book but then I would be pretty much spoiling the whole book. Basically, the heroine is dumb as fuck. She accuses her boyfriend of sleeping around because she hasn't been to his apartment....meanwhile after meeting some random guy who fucking KIDNAPPED HER in a mere couple of hours she sleeps with him! Rebecca, Becky, whatever the fuck you're name is I just have one thing to say:

As for Knox, the kidnapper dude, I did not find him sexy at all. I mean okay, yeah he clearly knows his way with sex but he was so harsh to her and frankly reminded me of a rapist. He basically forced himself on her with barely any consent from her. But then again, she would willingly let a complete stranger do whatever he wants to her because she's that stupid.

I'm kind of mad I bought the second book because I don't really care to find out what happens next but at least I bought it while it was on sale. I don't usually read serials but I loved Cassia Leo's other book so I figured I'd give it a shot...yeah not a great experience.

Knox is a steam hot and sexy read. It will leave you wanting more, If you have read Cassia's other book Chase and Luke and LOVE them, KNOX is right up there and BEYOND AMAZING!! I finished it in one sitting. You do not want to miss out grab your copy today.

Jen~KU Book Reviews says

Holy Hell that was freakin hot!!! Cassia never, ever disappoints me!!! To say that I woke up to a surprise today is a huge understatement!!! I was shocked about this surprise book and literally devoured it!!!

Rebecca is from a mob family, but left them behind and entered law enforcement instead. She did whatever she could to leave her mess of a family behind her. In a seemingly comfortable relationship, When people hear where she's from Bensonhurst, Brooklyn, they automatically assume she's tied to some mob family you see in movies. If they only knew the truth. She chose this life to send her family a message. What Rebecca witnessed in her past is something no one should bear.

Knox Savage steps into Rebecca's life and completely rocks her world. With his beautiful, blue eyes and freakin amazing body, their meeting is nothing what I expected and I was blown away how in such a short time this guy knocked me off my feet. He is mysterious and tied to her past. He lays out the terms--what he wants, he gets. It's his way or no way. She has no choice, he asks the questions, he makes the rules. He wants information, and he's going to get it--he leaves her no other option.

I don't want to give too much away--this story is one you'll want to experience yourself!! The chemistry between these two was off the charts HOT!!!! I was glued to my kindle and CANNOT WAIT for the next installment in this series!!

Shelby Forster says

Great book! Yes it is short but it is a 4 part series. Its supposed to be short. I've read a ton of the reviews on here some saying its "far fetched" or "everything happened too quickly." First it is a book just like a movie it is not real, why would you read or watch something about everyday normal life circumstances? We read to get away from these things so saying it "far fetched" is ridiculous. Vampires are far fetched, werewolves are far fetched but everyone throws themselves onto that bandwagon. Try reading all 4 parts before giving your reviews. Its a wonderful book! Cassia Leo never let's me down!

2 1/2 sleeping with the fishes stars.

She's saying arrivederci to a friend one minute,
Kidnapped by some hooligans,
Then doing the horizontal hula-hoop with somebody she used to know.

Everything moved really fast.

Yo, Becky!

A few words of advice.

Don't be such a skank.

You were so quick to dismiss any prior arrangements to lay it all out for another dude.

The book wasn't bad, it just wasn't great.

It's a 'meh' book.

The end however...

Anne OK says

This is part 1 to one of those short serials that spurts out short additions of storyline each month. It's also very confusingly written and didn't hold my attention. The unrealistic flag waves high and proud as a big warning.

Becky has a boyfriend but only sees him when he brings coffee to her each morning, has sex with her (while she imagines being with someone else), and then he walks her to the subway station. What? Then before she gets on the subway she's kidnapped by a somewhat familiar looking man who demands her to follow his orders to obtain information from the police (she's a police officer) and then he, too, has unprotected sex with her and walks away -- but not before promising he'll finish the job later that night. It's literally a cray-cray mess! One I will not be continuing.

I've read other books by this author and enjoyed them -- not so with her latest endeavor, however.

Five Hot Knox Savage Stars!

Knox. I will remember this name for a long, long time. Why? Imagine this, waking up to start your usual routine. Nothing out of the extraordinary. And BOOM! SURPRISE! I was so wrong and only one person knew this day (last Monday) was going to be Beyond Extraordinary.

KNOX. Cassia Did it again and this time in STEALTH MODE. We, her fans, didn't know about KNOX. We didn't know she was writing this new series and we didn't know it was going to be released last Monday. CASSIA ROCKS.

KNOX. I LOVE IT. I LIKE IT. Period! It's a short story and it's good, but hey if you want a NAUGHTY, STEAMY and HOT read. You need to buy this. You will get caught in the story from the beginning.

KNOX SAVAGE. Oh you must meet this HOT CEO. He is more than that, but just read the novella.

So let's see : HOT CEO ✓? MAFIA ✓? SUSPENSE ✓? EROTIC✓? MYSTERY✓? CASSIA LEO ✓✓ DO I need to say more?
Of course not!

The Chemistry is Hot. The storyline is great. What Can I say? I NEED MORE LIKE RIGHT NOW!

Second part:

3/24/2014 WOW!

CASSIA LEO IS A NINJA!

and here's the proof. KNOX was released today. Cassia's new BOOK.

and WE DIDN'T KNOW ANYTHING ABOUT!!

dances the Macarena

YOU ROCK CASSIA!

Let me start by saying I bought this as a set and will be reviewing it as such. This series had its ups, as well as its downs. I really was drawn to the story between Knox and Becky and the secrets that are uncovered about their past. The author did a great job of tying the story together with a rich history and suspense filled story line. I did, however, find myself confused at times about Becky fighting so hard to get out of the mob life to just casually stroll back in due to some beautiful kidnapping stranger. At times I felt she was a very strong main character, when she would be coming to her senses, however, as in many books of this nature, she quickly forgives Knox over and over regardless of what he does. This made me lose a little fondness for Becky, but, I did still like that she at least had a feisty side. I liked that Knox started out so mysterious; I wanted to know his history and his reason for capturing Becky. This is all quickly uncovered in the first book, so you spend the rest of the time learning that he is quite a bizarre guy. Knox spies on Becky always and he teaches her "lesson"s for bad behavior, which seems odd considering their past and him being so insistant about her being with someone who loves and cherishes her. At times Knox is the sweetest guy and you are swooning, and then he is going all BDSM out of nowhere. Good thing the writing and storyline was interesting, because some of the behaviors in this book did not add up. To wrap it up, this series was definitely a good read with an interesting story line and bouts of suspense. You won't be disappointed in the background and flashbacks, however, the characters may fall flat for you. This could make or break the books depending on what you like.

This was a short quick read that I liked. Rebecca is the daughter of a mob boss she hasn't spoken to him in four years she left the family and went into law enforcement. When she is kidnapped by a hot guy he makes

her an offer she can't refuse. Knox Savage is the sexy CEO of Knox Security and a notorious playboy. I liked both of these character's right away I didn't like her ex August he didn't seem trustworthy. I liked this book and I like reading this author. This book was well written with no errors in grammar or spelling. I am looking forward to reading the next book in this series.

WELL, HELL! Cassia Leo really did a number on me. She teased me with this awesome novella and gave me a tinny, tiny taste of the very delicious, **Knox Savage!**

I just met the handsome devil and I'm already having withdrawals. And did I mention all the steamy-ness!

Had me all hot and bothered just a few pages in ;)

And on top of these withdrawals, Cassia must enjoy torturing me because I have no idea when volume 2 will be released.

This is a very short story and definetly meant to get you hooked but not meant to be anything but a teaser hence it is free. As one can clearly see by the reviews of this either you get that and love it or you dont and hate it. I am one that happen to love this book and have since purchased the next two in the series and hope I like them as well as I did this one.

Wanderlust says

Strange book, odd story, it was all rather preposterous but.. yet I read it all & then bought the next book. Hmm.

2 Stars (for it's shortness and some steamy scenes)

Review contains spoiler!

This book starts very weird. Becky is dreaming about some guy named Marcus. It's a very hot dream because when she suddenly wakes up, she has somebody else's hand stuck between her thighs. This hand belongs to Augustus and in the next chapter we learn that Augustus is her boyfriend. But he doesn't question her about her dream or about who she was dreaming. The only thing he seems interested in is if she has come.

So Becky is a mafia princess but she despises her father, and the things he has done. 4 years ago she left her crime family behind and started working in law enforcement.

Who in hell hired her? She still has her father's last name. Everyone of her colleagues knows who her daddy is.

In chapter 2 the heroine claims to have a solid and comfortable relationship with Augustus. She knows that Augustus really loves her because guess what??
He remembers her birthday!

There's more, he also remembers her favourite ice cream and they are already talking about wedding

The next weird thing is in chapter 4 when she says that he is def cheating on her.

The story continues and she gets "kidnapped" by a guy named Knox. He tells her that her father is going to prison and Knox wants her to do some things since she is working in law enforcement. She assumes that Knox is working for her dad so she tells him everything she knows. Even though he never admits working for her dad.

And then suddenly she finds some similarities between Knox and this guy Marcus.
The last time she saw Marcus was 10 years ago when she was 15 and Marcus 20. She tried desperately to jump him. But he rejected her because of her dad and her age.

Eventually Knox takes her back to her apartment and they

But wait! Doesn't she have a boyfriend?

Does it bother her?

Knox doesn't want to wear a condom but he has apparently a good reason

"Rebecca I'm not going to impregnate you. I'm incapable of such things."

What does that mean??? Can someone explain to me?

The next morning Knox disappears and her boyfriend Augustus appears.
First she wants to break up with him but suddenly she is more busy with accusing him of cheating on her.

I will stop at this point. There are a lot more weird things going on but I don't have all day.

3.5 Stars - This was really far fetched and I found it a bit odd but I will continue on with the series.....

FantasyLiving says

Well shit..... Now I want to read the next one.

Quick paced mafia thriller with some hot sex.

Becky is a bit daft, for being a mafia princess.

Knox is pretty presumptuous, but then Becky did give in to him.

I'm intrigued enough to want to see where this goes. Hopefully the characters will develop into people I actually like. And if not, the twists and turns seem interesting enough, for now.
