## **Beer School: A Crash Course in Craft Beer** Jonny Garrett , Brad Evans (Illustrator)

An Insider's Guide to the  
World's Greatest Drink

Since its invention 6,000 years ago, beer has come a long way. The legends of the craft beer industry have made sure everyone's within reach of great beer, but how do you make sure you get your hands on the right brew?

Welcome to Beer School, brought to you by the heroes of the Craft Beer Channel, a guide to everything you need to know about the wide wonderful world of beer. Artisan crafts of ales, lagers, porters and stouts are defined and detailed.

With the lowdown on everything from hop varieties and barrel ageing, to serving temperatures and glassware, Beer School helps you get the best from every sip.

### **Danthulhu says**

A great and easy read for anyone who's interested to get into Craft Beer.

---

### **Jason Williams says**

Wonderful illustrations, and the brevity to cover a lot of information in a pretty short read. I learned a few things even after researching so much about beer in the past year or so. It's enjoyable to move right on to the next step in the process after learning a few interesting things, and this book goes all the way from the basic ingredients to storing and aging and knowing how to taste beer. There's a few good references to breweries and beers, but not an exhaustive list that makes me forget about them immediately. This book isn't deep enough to make anyone an expert, but it definitely will make you thirsty and it will make you appreciate that beer you pour even more.

For all the wonder of brewing, the greatest achievement of the brewer is to create something that brings people together and makes them happy. So never forget to sit back and relax with one once you're done being a nerd.

### **Rob Vote says**

Covers the important parts of beer and brewing very well in a concise and easy to understand way.

Well put together and researched, and very informative.

---

### **Blair says**

A light and entertaining jaunt through the world of craft beer. Not big on detail but engagingly written.
