Royally Wed

Teri Wilson

Royally Wed Teri Wilson

Teri Wilson's Royals series returns with this charming and witty retelling of the timeless classic MGM film *Royal Wedding* starring Fred Astaire.

When Asher Reed, an American classical musician, is hired as a last minute replacement to perform at the royal wedding of Princess Amelia in Great Britain, he's hoping he can shake his recent bout with performance anxiety long enough to get through the festivities and get his career back on track. Little does he know that his life is about to change forever.

As a guest of Buckingham Palace, he knows he has no business even speaking to the princess, but he's completely awed by her beauty and more than a little intrigued by her rebellious spirit. Still, he *definitely* knows he has no business kissing her silly at the fitting of her wedding gown. He's there to perform, not cause a royal scandal. But when he stumbles upon her groom's appalling secret, the fate of the princess and the British Crown suddenly rest squarely in his cello-playing hands....

With Teri Wilson's signature "endearingly charming and delightfully sizzling" (*USA TODAY* bestselling author Nina Bocci) prose, *Royally Wed* is a delightful whirlwind romance that will leave you breathless and have you out of your seat for a standing ovation.

From Reader Review Royally Wed for online ebook

Chris C - A Midlife Wife says

I think I cried through half of this book. So emotional. And sad and happy - with an amazing ending.

~~~~~  
This series has been so good. Each book is a take off on a classic romance movie and Royally Wed is a spinoff from the classic film Royal Wedding.

I think I spent half of the time reading this story in tears. There's so much emotion built into this book, it really got to me for some reason.

Maybe it's the princess theme where she is being forced to marry someone she doesn't love. Maybe it's the stranger who makes a huge impression in her life. Maybe it is the music that reaches into her soul. Regardless of what was, this book is beautifully written and has made a lasting impression on me.

Teri Wilson has taken this spin off and created a storybook wedding of the season that you will never forget. Maybe you won't feel the emotion like I did, but this romance is full of passion, heartbreak, and ultimately, love. Another classic story for the ages.

### Miranda (MrsLeif's Two Fangs About It) says

**Royally Wed** was yet another adorable and charming novel in this series! The books in this series always make me feel warm and fuzzy inside. I am a SUCKER for any book involving a romance with a royal, so this series is perfect for me! This book was one of those books that I read when I was in the book for a cute and fast read, and it really hit that spot!

In most books involving a royal romance, the male is royalty, which I adore. However, this story had the women being royalty, which was a nice change! I enjoyed the romance just as much when the woman was royal! I was worried about the woman being royalty because I felt like I wouldn't be able to relate to her. I was so glad that the author managed to make Amelia so relatable to the average woman. Amelia was easy to feel for because she was giving up so much for her family. I was constantly wishing for the best for her. Amelia was a wonderful character that I really connected to.

The other main character, Asher, was a dreamboat! He struggled a little bit with performance anxiety and confidence in himself, which was easy to relate to. I loved watching him learn to believe in himself and get back to loving the things he used to enjoy.

The romance in this book was a sweet fairytale. The connection between Amelia and Asher was instant and palpable. I would have liked the connection to have been drawn out a little more, but I still really adored their relationship anyway. There were a lot of obstacles they had to overcome, but they knew their love was worth it. I really liked them together and I was rooting for them to get their well deserved happily ever after.

Overall, this was a fun and charming romance novel! If you love romances involving royals, then I definitely recommend checking out this book and series!

4 / 5 Fangs

## Brandi Hodges says

Asher Reed is a classic cellist. His music is his art and his art is his life. He is also suffering a recent broken heart and broken engagement. His former betrothed - Serena - was also seeing the director of the New York Philharmonic. Not only was he Archer's boss, but his mentor. With his spirit in shambles, he puts his cello aside for a while. When Yo-Yo Ma, the cellist meant to be playing the biggest wedding of the year falls ill, Asher is asked to step in. Now he finds himself playing again - for the royal family in England.

What better time to be reading Royally Wed than within the same week a royal engagement takes place! I was in the process of reading this new book by Teri Wilson when it was announced that Prince Harry has gotten engaged! I remember distinctly when Harry's mother Princess Diana died being chased by paparazzi who were trying to capture a photo of her. After that tragic accident, many have really taken a closer look at the toll being royal can take on a person. This book takes you into the personal life of a princess and into the castle of the English royal family.

Being a royal is not as glamorous as everyone thinks it is. Princess Amelia is a bride to be and it is not by her choice. Her wedding date, dress and groom have all been chosen by her mother - the Queen. It doesn't help that she not only doesn't love her groom - he is also old enough to be her father. He is, in fact, the father of her best friend...which only makes things more awkward. She can't really tell anyone that her mother is forcing her to walk down the aisle because that could make the queen look bad and nobody does that! She is stuck. She has accepted her matrimonial fate even though it has left her depressed and hoping that things can change. What she wasn't expecting is Asher Reed. She slips into her wedding venue - Westminster Abbey - one night and is met with beautiful music coming down the hall. She asks him to keep playing and he grants her request - losing himself in his art for the first time in a long time.

After seeing this attractive musician playing she didn't think she would ever see him again. When her mother introduces her to the man who will be playing at her wedding day she is shocked. Even more so when he finds out that he is not only playing his cello at her wedding but staying in the castle - across the hall from her own room. She tries to fight her attraction to the man, committed to following her mother's wishes and following through with this wedding.

She knows that it is wrong to be so attracted to Asher when she is supposed to be getting married - but she can't stop herself! Asher hasn't been drawn to anyone since his former fiancée broke his heart. Now he finds himself lusting after the royal bride to be. He tries to keep his mind on the job at hand - his music. However,

he stumbles in on a man engaged in a romantic tryst only to later find out that man is the groom to be and the woman he was with at the time is not the princess! At the same time, Amelia starts to have doubts as well. Will the wedding of the year still take place? Only by reading Teri Wilson's Royally Wed can you find out!

## **Sandra Shipman ~ Two Book Pushers says**

4.5 Hearts

Royally Wed is the third book in the Royals series. It can be read as a complete standalone. There are no character connections. Royally Wed is a retelling of the MGM film Royal Wedding. I haven't seen the movie so I can't say how much likeness there was between the two. I did however enjoy the story.

An American cellist. A British princess. A Duke. The wedding of the century.

Asher knew this performance could make or break his career as a cellist. After what happened a few months ago he needed this break. He had to prove to himself that he could get passed the anxiety and move on. Amelia was known as the Naughty Princess in the tabloids. She was the royal bad girl but after the engagement announcement heard around the world she had to get serious. She had her family and country to think about. She would marry the Duke and live ever after. Maybe not happily but it was her duty.

Those were their plans until she heard his music and he heard her tears. That is where it started. Then a friendship no one expected. Amelia was an engaged princess after all. There was no way she would fall for a cellist. An American. And even if she did, it couldn't stop what was already planned for her. The Queen wouldn't allow it. It would ruin everything.

Ten days. Stolen kisses. Outrageous wedding gifts. Secrets. Betrayal. It was all too much for them but it was their life. After ten days will they move on together or separate?

Overall...I thought this was a fun and addicting story. I just had to know what was going to happen next with these two. Amelia is badass. Asher is beautiful. Together, they are fun, flirty, and much more.

Quotes:

"Trust me. Every one of us is fully aware that you're saving the day."

"Honestly, Mum. You should be more careful who you allow to sleep here. He seems mad as a box of frogs."

My gift is my song and this one's for you.

---

## **Diane K. Peterson says**

If you can completely suspend belief (hard for me to do) you will enjoy this "royal" story. It feels so much like a Hallmark movie. No surprise -- the author creates Hallmark movies. It is the story of a royal princess pushed into an engagement to save the reputation of her family, and a super talented cellist recruited to play

at the wedding. The drama is heavy duty and totally unlikely, but if you get tears during Hallmark movies you might really love this book.

---

☆ Bianca ☆ BJ's Book Blog ☆ says

Another amazing Royals book by Teri Wilson. I just adored it!

Asher is a famous cello player. He's just been left by his fiancée, because she's suddenly in love with his mentor/maestro. That was two months ago. Now he's been asked to play WITH THEM for the Royal Wedding of Princess Amelia in London.

And since it was all very last minute and not a hotel room is to be found, he has to move into the palace - into the room next to the bride.

Extreme immediate attraction on both sides - but of course she's getting married to the love of her life in a week, right? Nope. She has to marry the old guy to save the royal family and because her mom - the Queen - said so. But she'd much rather spend forever with Asher. Even though he probably thinks she's a little insane.

It's all so adorable - but also very sad, because we know that they can't be together - but of course we'll get our happily ever after. It just might take them a little while to get there. There's a lot to fight through until we'll get that happy end!

**Great Royal Fairytale Romance! Funny, adorable, cute, British ... I just loved the Asher & Willow, the dog moments!!! Perfect little Royal romance - I finished it in one afternoon!**

I wouldn't mind watching a re-make of that movie on netflix or passionflix soon!

☆ BJ's Book Blog ☆ Janeane ☆ says

ARC received via Netgalley for an honest review

I read the second book in The Royals series, Royally Romanov, and really enjoyed it, so it was a no brainer to pick up Royally Wed.

It is your classic royal with a sense of duty to the family meets a commoner who steals their heart story, however it didn't feel cliché.

Amelia is the Princess marrying not for love but out of family obligation. Asher is the cello player for her wedding whose career is in danger of completely collapsing.

There is so much emotion in this book. I spent half the time pleading with the characters to make the right decision, and the other half of the book growling at characters who just aren't doing right by our lovelies.

I just wanted to slap some people!

Royally Wed is adorable and sweet and cute. Can't wait to see what Ms Wilson bring us next.

**FTC DISCLAIMER: I RECEIVED AN E-ARC FROM THE PUBLISHER THROUGH NET GALLEY. I VOLUNTARILY OFFER MY HONEST REVIEW OF THE BOOK, THOUGH IT IS NOT EXPECTED OF ME! RECEIPT OF THIS BOOK IN THIS MANNER DOES NOT AFFECT MY OPINION OF THE BOOK OR THE CONTENT OF MY REVIEW!**

I read the first book in the series and jumped to this one without reading the book in the middle, as well as not having seen the source material movie. Frankly, I don't think I will wind up reading the middle book, as many of the problems I had with the first book are in this one.

I was once again bored in the beginning of the book and really couldn't connect with either Asher or Amelia. I found the plot a little unbelievable at times, and slightly unrealistic at others. It made for difficult reading. I did like the evocative nature of music that was described in the story, and that saved it from a 2 star rating for me. I think this is a case of me not fitting with the author's writing style, and I'll be avoiding it in the future.

**Wit & Wonder Books says**

**\*\*ARC provided by the author for an honest review\*\***

***“My gift is my song and this one is for you.”***

*Royally Wed* is the third book in *The Royals* series by Teri Wilson. Having two of your novels made into Hallmark Original Movies means you are amazing at what you do, even better than amazing. Teri Wilson honestly knows how to play with your heartstrings and unapologetically so. But it's always worth it!

This is not your typical love story. It's emotional and raw and makes your head spin when you realize that things can't possibly turn out how you wish they would. It also reminds you of how sacrifices must be made even if it tears you apart. The unavoidable possibility of never finding your happiness stood out so much and was probably one of the things that had me wishing hard that a miracle could happen.

We are introduced to down and out and nearly dead inside, but talented and acclaimed cellist Asher Reed,

who no longer feels his music as deep as he used to. It doesn't make him feel alive anymore. Then he gets summoned to replace the ill cellist at a royal ceremony. It comes months after his break up with his fiancé and at a low point in his life, but maybe, just maybe England has some magic hidden beneath its constantly cloudy sky.

Princess Amelia Grace Ascott is as much a woman with feelings as she is a princess with royal duties. But sometimes the latter seems to be more of an importance than anything else. She is a feisty princess and as beautiful as she is fierce. We learn that even with modern day royalty, duty is sometimes more important than your mind and heart.

The Monarch is in full force with the royal Corgis not far behind. One taking a liking to Asher, who eventually finds out the Corgis have run of the place. Being a guest in Buckingham Palace means rules are more important than anything else, and Asher needs to avoid causing a scandal with any of the knowledge that he learns while staying at the palace.

From page one the story intrigues you. There is no rushing into anything. You are given enough time to adjust your thoughts to what could possibly happen next. It takes you from a facepalm one second to crying your eyes out the next. There is an abundant offering of laughs and tears throughout the whole novel. It is certainly worthy of so much more than the FIVE royal stars I can give!

### **Piepie says**

Amelia and Asher ?

I loved this book! I think it's the best one out of The Royals trilogy. I liked all the references to music, the descriptions of Amelia's outfits, and of course, the dogs!

---

### **Kristin Davison says**

I would like to thanks to netgalley and Gallery, Threshold, Pocket Books for the opportunity to read this book.

I obviously read this at the right time! Congratulations to Prince Harry and Meghan Markle!!

This is a really sweet clever book. I love the idea of the plot and really want to go watch the film its based on. Willow the corgi stole the show!

---

### **Desirae (Dee) says**

\*advanced copy provided for an honest and unbiased review\*

I don't think I've ever read a book that had me so up in sorts so quickly. There was so much of this book that I felt so sorry for Amelia. I just couldn't stop myself. Every time I turned around there was a new reason to feel sorry for her. Then it went from sorry to enraged any time she had to deal with her mother. I don't know what it was about any time she encountered the queen that just had me up in arms. I sat and re-read many of the scenes and each time, I found I would get more and more aggravated with the Queen. I don't care if she's the Queen, she's Amelia's mom first and foremost.

Then I would grumble, stupid wedding. Yes, just like Amelia.

I would calm down, and then more people brushing off her worries, her concerns, and more Asher. Well, that doesn't exactly calm you down, when he's all sexy and musical-ish. Is that a word? If not, it should be. I found though, with Asher, it was more of a feeling of my heart ached for him. Because of Serena, because of his music struggle, because of wanting what you can't have.

This book had me on an emotional rollercoaster. Each character took me on a different direction. While normally that's good, I needed resolution. But the corgi's, they sure do add the comical element needed to balance out all the emotions!

But I also found myself getting mad at Amelia. I wanted her to stand up for herself so badly. She deserved so much more! and she gets it, we get it. We get that taste of everything that Amelia and Asher deserve.. until Teri decides to rip it away from us and break our hearts right there in the middle of the floor, surrounded by James, Asher, and Willow. Not even cute little Willow could make it any better.

I know you're wondering just what I thought of the book since it took me to such heart breaking lows. I loved it. I've never read this series or this author, and I am happy to say that I adored it. I'm so glad I gave these characters, this story line, this author a chance. It is highly recommended.

## **Linda Zagon says**

Linda's Book Obsession Review of "Royally Wed" by Teri Wilson

Gallery, Threshold, Pocket Books, Publication, November 13, 2017

My Review of "Royally Wed" by Teri Wilson

I enjoyed reading "Royally Wed" by Teri Wilson. The genres for this book are Romance and Women's Fiction. This is the third book in the series, but easily is a standalone. The timeline for this story is the present. The story takes place in Great Britain, at Buckingham Palace, where there will be a Royal Wedding. From the blurb,

"Teri Wilson's series returns with the charming and witty retelling of the timeless classic MGM film "Royal Wedding" starring Fred Astaire."

The author describes the characters as complex, complicated and confused.

Asher Reed, and American classical musician is called in to replace a sick Yo Yo Ma, in playing a cello solo for the royal wedding. Asher has been experiencing some personal problems and anxiety.

Princess Amelia is marrying her best friend's father, to save the crown. It does seem that Amelia is drawn to Asher Reed's musical talents, and perhaps Asher.

The Queen, is a bit irritating and has the most unusual rules in the palace. One thing is for certain, she wants to see her daughter married.

My favorite characters are the Corgis that rule and run the palace, especially Willow the one Corgi with a mind of her own.

I would recommend this endearing, enchanting and witty story to readers that enjoy Romance. I received an Advanced Reading Copy of this book for my honest review.

---

## Kimberly says

Reviewed for **Wit and Sin**

You know those books that instantly make you happy when you read them? That's exactly what **Royally Wed** is for me. I absolutely loved this sweet confection of a story; the characters charmed the hell out of me and Teri Wilson's writing swept me away to a modern-day fairytale for a few hours.

For the first time in his life Asher Reed – considered by some to be the next Yo-Yo Ma – is having trouble playing. Considering he just agreed to fill in for the famed cellist for the wedding of Princess Amelia of Great Britain, this couldn't come at a worse time. And that's before you take into account that his ex and his former mentor who she cheated on him with will be there. Asher can't afford distractions if he wants to pull himself together, and there's no bigger distraction than the bride herself. Amelia is trying to shake her "Princess Naughty" image and save her family from being blackmailed by marrying a man she doesn't love (and who clearly doesn't love her). She can't afford a scandal and falling for a handsome American cellist would be scandalous indeed...

I adored Amelia and Asher from the start. They're lovely, charming, endearing characters who are easy to root for. They have fantastic chemistry and it's easy to see why it's impossible for them to stay away from one another. Sparks aside, I loved how they became friends as they fell in love; it added to their love story and gave it more depth. While they do fall in love quickly, it works in this case. I honestly had no idea how they'd get their happily ever after and I loved that Ms. Wilson kept me guessing.

**Royally Wed** is loosely based on the Fred Astaire classic, *Royal Wedding*. Of all the Royals books, this one is the least like its inspiration (save for one major plot point) but I really enjoyed the nods to the film that I spotted. As with all the Royals books, Ms. Wilson does an incredible job of updating a classic and giving it her own, fresh spin. I cannot recommend this book highly enough if you enjoy contemporary romances or simply want a pick-me-up. **Royally Wed** is the perfect mix of sweet and sensual, of real emotion and fairytale romance. In short, it's simply superb.
