Love Zamyatin. His words are razors.

Brian Reinecke says

What a fascinating and astute writer. He payed dearly for his ideals and yet his powerful and inspiring writings live on as they should.

Zach says

Oy, I loved the cartoons and the essays on writing. If I were to be compared to an alcoholic, swill swigging, buffoon X patriot or had my choice to be an emigre begging for Stalin's stamp on my divorce papers, I'd prefer Yevgeny Zamyatin ten-times over Earnest Hemingway, even if he did get all the sinioritas.
