Face of Danger

Valerie Hansen

Face of Danger Valerie Hansen

Giving murder victims a face is forensic artist Paige Bryant's specialty. She can always put the pieces together. But her work turns dangerous when Texas Ranger Cade Jarvis brings her a special project related to the notorious Lions of Texas. Identifying the victim could help with the ongoing search for the murderer of Cade's boss...yet it also draws deadly attention to Paige. As she contends with attack after attack with only Cade's protection, the two of them draw closer together, learn to open their hearts...and struggle to identify the face of danger before it's too late.

Judine Brey says

I like how this series brings in minor characters from earlier books, like Paige, and brings their personalities and issues front and center. The fact that Paige and Cade already knew each other, as always, helps.

Sara says

Paige is a forensic artist that works with the Texas Rangers. For having a "high IQ" and being a "genius" she has the common sense of a 5 year old. Could not bring myself to feel much for the characters of this book and the writing was choppy at best. You can read the first chapter so you know the plot, feel in the remainder of the book with him rescuing her from her dumb "mistakes" then read the last page to find out how he proposes and not have missed a thing. Probably one of the most boring, predictable books I have read. It certainly was not up to Valerie Hansen's previous works.

Nina says

This is the third in the series Texas Ranger Justice, and it's really good. It goes from the first book where their Captain of Company D is killed and each book brings them closer to the killer. I have already read the four and fifth one, now I just started the last one. You should read them!!

Janis Kay says

Really great book:) It kept me on the edge of my seat from the beginning!

Judy says

The Face of Danger by Valerie Hansen Book 3 in Texas Ranger Justice Series

Paige Bryant is the forensic artist for the Rangers. She resides and works in Austin. After her sister was kidnapped and never found at age three she grew up to want to help others find the closure that her family never had. Her life is busy but safe, until Cade Jarvis comes to town bearing a skull. Then her quiet world explodes. Not only is someone terrorizing Paige and destroying her work space...Cade has invaded her heart as well!

Cade Jarvis is run off the road on his way to Austin by a drunk driver, or so he thinks until one thing after another starts happening while with Paige. Now they realize someone does not want Paige to do her job and identify the person found on Jennifer Rodgers property.

Cade had met Paige before but not taken much notice, now however she was hard to ignore. She had her hair down and no longer had glasses, what a beauty. Cade had to keep his mind on the job which at the moment was protecting this gorgeous woman and her big dog, Max. Could he protect his heart as well?

Hildegart says

okay, so because there was some science involved, and a handsome Ranger, I had to give this book 4 stars. Since I've started reading love-inspired romantic suspense, Valerie Hansen is one of my favorites. I look forward to reading more of her books.

Val says

Good but Paige bothered me something fierce! Her attitude about I have to do it MY way was irritating.

Brenda C. McAllister says

EXCELLENT!!!

A beautiful love story with God involved. Paige finally realized God did love her, and then she found a good looking Texas Ranger to love her. What more can you ask???!!!!

Melissa says

Face of Danger is an entertaining read. The hero, Cade, is a tough Texas Ranger. The heroine, Paige, is quirky but has good reasons for being that way. She is a forensic artist which I found fascinating. Their story moves along at a good pace and the ending was good!

Judine says

I like how this series brings in minor characters from earlier books, like Paige, who is responsible for creating the cast which reveals the titular object. Putting her personality and issue at the forefront, along with the fact that she and Cade already knew each other (though casually), helps move the storyline in a believable direction.

Wendy Sparkes says

#3 Texas Ranger Justice

A body has been found.

It's up to forensic artist Paige Bryant to work with the skull and give the victim a face so he can be identified.

Only the Lions of Texas want his identity to remain a secret.

So Paige is their new target.

And Ranger Cade Jarvis is her bodyguard until her job is done ~ will he be able to walk away from her when the job is done?

Another great continuation in the *Texas Ranger Justice* continuity ~ & I love the fact this series is based on the Texas Rangers :).

You really do need to read these books in order as each book, while a story on its own, also has a plot which runs & develops through all the 6 books, building up to the grand finale in book 6. This means that you will not only want to read this book, but also the other 5 in the series! So if you are looking for a one off story to read, then this is not the book for you. However, if you are short of reading material & want a series to get you going, then you might want to try out this series.

#1 #2 #3

#4 #5 #6

Paula Legate says

I really enjoyed this book. The relationship between Paige, and Cade seemed real. At times they made me laugh. I was a little disappointed it took so long for their 1st kiss, or for them to act on what they both felt. I guess that too made it seem more real. This book had action, suspense, with a light touch of romance. If you enjoy books with no sex at all, then you will love this book.

Laura says

Face of Danger

Book three in the Texas Ranger Justice series. Another great story. Ranger Cade Jarvis is on his way to take a skull to fellow Ranger and sketch artist, Paige Bryant, when his truck is sideswiped.

Cathy Daniel says

SO good! I love a smart and capable heroine! I like how both characters were so funny and just nice people! First book I've read in a long time where I can honestly say I fell in love with the hero a little bit too :)

Becky Gibson says

3rd book in this series and im hooked cant wait to complete
