Amyanne says

A little lackluster compared to earlier Garfield volumes, but just enjoyable and different enough to warrant 3 stars.

Farhana Faruq says

Oh I've always been a huge Garfield fan - we have a similar sense of humor...clearly it doesn't get better than that.. *grin*

Page 31 is my favorite!

Ronyell says

Introduction:

I think that at this point, I will make it my goal to read all the “Garfield” graphic novels by Jim Davis, since I love “Garfield” so much and each graphic novel I have read of everyone’s favorite fat orange fur ball just continues to put a smile on my face! Now, I have read yet another “Garfield” graphic novel called “Garfield: Lard of the Jungle” and it was just as enjoyable as the other “Garfield” graphic novels I’ve read!

What is this story about?

This volume yet again continues the adventures of Garfield and his life with his owner Jon and canine companion Odie! This time, we get even more storylines dealing with Liz, Jon’s new girlfriend, Jon visiting his family on the farm and Garfield dealing with his age as his birthday comes up!

What I loved about this story:

Jim Davis’ writing: No matter how many “Garfield” graphic novels I have read over the years, I can never get tired of Jim Davis’ witty and hilarious writing! Jim Davis has continued to give us a comedic and witty series in his “Garfield” comics, especially whenever Garfield voices his snarky opinions about Jon’s life and Odie’s moronic antics as it makes the audience laugh at Garfield’s hilarious lifestyle. I also loved the addition of Liz as she is shown as not being another failure in Jon’s love life, but as a love interest who is able to put up with Jon’s dorkiness and is the voice of reason in many of the situations.

Jim Davis’ artwork: Jim Davis’ artwork is still hilarious to look at as all the characters has large and rounded eyes that makes them look extremely goofy and I loved the facial expressions on most of the characters, especially Garfield always looking so bored on each panel despite the zany antics going on during the stories.

Final Thoughts:

Overall, “Garfield: Lard of the Jungle” is a fantastic volume that features everyone’s favorite fat cat and shows that Garfield has still got it after all of these years!

Loved it

I wish they where free paying this much sucks. But I love garfield.
I use to have almost all of his comics . Time to collect again.

Jennifer Muller says

I love Garfield! There's no reason to give this anything other than 5 stars?.

Abraham Ray says

good comic strip book!

Jack. S says

Last week I read Garfield Lard of the Jungle by Jim Davis. Though I can't use much background knowledge (since it's a comic) I can use some examples. Such as when Jon's (the owner)shoe goes missing with a button and a lace also gone the mouse that Garfield (the cat) is suppose to chase is using them as a crafted car. I really love this book because it's relaxing fun to read at any time and offers great humor. I mean who doesn't love to laugh? I recommend this story for anybody into any kind of humor.

Dirk Grobbelaar says

I've enjoyed Garfield since I was a kid in Primary School, and while this perhaps isn't quite as brilliant as some of the earlier stuff it's still pretty darn funny.

Kryštof says

Amazing. I don't know how, but garfield is still really funny.

Naomi Simon says

This book is laugh out loud. Garfield the fat cat is up to normal mischief and eating the pizza store.

Elliot Murray says

this book is wild !

Bodie K. says

It is a very funny book that is loose-humored and quick witted but still a good way to improve your reading skills. Garfield does not change in the and is still a fun (and food) loving cat! Also for the first time Jon gets a normal girlfriend who can cook and beat him in mini golf. I would highly recommend this book.
