Richard T. Haines

The Other Side Richard T. Haines

Elize isn't your typical evil vampire, but she certainly isn't good either. Her unnatural life has taught her how to stay under the radar, until she met him . . . Vampires prey on humans, Erick preys on vampires. He's known as the boogiemán of the vampire world. Instead of killing her, Erick follows Elize and sets in motion a chain of events that will alter both of their worlds. These two natural enemies have to put their differences aside to fight another day. They must battle a conspiracy that aims to kill them both, as well as their growing attraction for one another.

Kyra Thompson says

I love the fact that my art teacher wrote this ! XD
Pretty good book, too !

Joanne MacNevin says

I really enjoyed this book, and I was actually a little sad when I finished it (I wanted to keep reading!). The characters were well-developed and both fun and interesting to get to know - even the puppy had a distinct personality - and each had a quirky sense of humour that grew more pronounced as the adventure grew more intense. I particularly enjoyed the comedic quips regarding Star Trek versus Star Wars (who knew vampires could be die-hard fans of Star Wars, haha!). My favourite part of the novel, though, was the way the two different perspectives of the two main characters were written. Each character had their own distinct perspective, and it was cool to experience the story through both viewpoints.

Great book Richard! Please keep writing!!! :-)

Erica says

I won this book from goodreads! I hope its good!!!!
