**Clocked** Elle Strauss

A Novelette.

Written from Nate Mackenzie's point of view, this new companion novelette to the Clockwise series is a much expanded version of the short story found in the In His Eyes Anthology (from 3k to 15k). Ever wonder how Nate got talked into asking Casey to dance on a dare? And what it felt like for him to experience 1860? How he really felt about Casey Donovan? Now you can know!

## From Reader Review Clocked for online ebook

### Amanda says

Very short and kind of pointless. I just skimmed through this one.

\*I don't remember when I first read this but I have it on my kindle and decided to read it again. A lot of it was redundant since it was basically the same as the first story. This time though it was from Nate's POV. Just as what seems to be this authors style the story was very short with very little embellishments. She gets to the point and it is up to us to fill in the blanks. I wish she had just included this in the first book instead of a stand alone. I would love to have Nate's perspective in the second story also. He is such a big character and really part of what is going on. Still I love the stories, even if I have many questions at the end.

---

### Moms POV says

Even though this book is considered #4 in the series, it seemed to make more sense to read it after #1 while it is still fresh on my mind what happened in the first book.

It was fun to do a quick read from Nate's POV. Again I go with, it is a cute book and on track with what I think many teenagers would go through. Nate and Casey go on a trip through time together - much like spring break where teenagers meet other people that they may never hang out with again and feeling arise - it happens with them in the past. Brought back to reality and peer pressure, you section back off to your normal clicks. And then Nate sees what he can't have when you travels with out him...and he wants back in...totally make sense when you read from his POV.

Great addition to Clockwise and a fun read to be in Nate'e head. Again would be completely comfortable with my daughter reading this along with Book #1 for the same reasons.

---

### Sam says

A good companion novella to fill out the fist book in the series! I really enjoyed this & have recommended it to my mom! Like the ideas, story & characters! Nice & easy read!

---

### Noella says

I disliked Nate Mackenzie in this story. His internal thoughts were self absorbed and not the guy I thought I met in Clockwise! I was wondering how he'd explain being with Jessica, who was mean to Casey in Clockwise. Turned out he didn't like her half the time.

"But, as vain as this sounded, she served her purpose. I couldn't face being on the market right now. And Jessica wasn't all bad. She could be cute and funny. Despite her popularity, or maybe because of it, she was really quite insecure. And I knew I wasn't helping. Girls could tell when a guy was drifting. I was definitely drifting."

Yikes! This guy sounded like a douchebag. Actually, he was quite arrogant in the entire story and that definitely wasn't attractive. We get his POV as Casey takes him 150 years in the past and he returns with a changed impression of Casey. What I felt was a sweet realisation in *Clockwise* was missing in this novella. Unfortunately I didn't enjoy *Clocked*. I wish I would've skipped it because now I'm left with a bad impression of Nate!

---

### **Jennifer says**

I wasn't happy with what a douchebag Nate turned out to be; his "she served her purpose" attitude made my stomach churn, at least until he started looking at Casey in a whole new light.

To me the purpose of companion novellas is to give that little extra that gives us understanding on why the characters act the way they do but I didn't quite feel it here.

But, yes I still enjoyed it very much and had a good laugh with Nate as he struggles to understand what the hell was going on there.

It's a fun quick-read so thank you Elle Strauss for this free e-book!

My full review may be found in my blog: <https://ravenclawbookgeek.wordpress.c...>

### **Carey says**

As good as the first time through with Casey's POV. :) Loved hearing how Nate debated over Casey and how to react. Love this story.

---

### **Rayne says**

Short, sweet and so Nate!!!

---

### **Brenda B Mahadeo says**

#### **Book 4**

I love this series. I can not stop reading them. I read all in less than a week. Best books. Would recommend to any one to read

---

### **Kelli says**

[ I honestly had to giggle each time he kind of slipped up and said something small that he shouldn't have. Of course having the knowl

## Patrizia says

Oh my, I got addicted. I started with *clockwise* and continued with *clocked*. While the first book needed a dozen pages to catch me, *clocked* filled in the gaps and showed Casey's story from Nate's perspective. A wonderful addition. It is obvious now that I want to read the next stories. It is not only the plot, to be precise, that captured my mind, but Elle Strauss wonderful penmanship and the fact, that the story is written in such a way, that you have always to be on your toes. You can't simply not imagine what will happen next. Isn't that great? I love it.

---

## Ryan says

I'd neglected to review this one. It was a short retelling of parts of *Clockwise*, from Nate's perspective. I found it okay. Nate wasn't a deeply intriguing character, and his lines about placeholder girlfriends induced a couple of eye-rolls. I recognize we're dealing with a younger character, but young adults need not be insufferable, and are less on the reader's last nerve when they're not. Also worth noting is this book is not a full alternate retelling of *Clockwise* and does stop abruptly in the story. I had to pull out a copy of *Clockwise* just to remember what happened as it had been a while.

---

## Liliana says

Reviewed on Lili Lost in a Book

So this short story is a companion novella to *Clockwise*, and it's told in Nate's POV from when he first asks Casey for a dance to when they go back in time. And it was a lot of fun! It was cute and I absolutely loved *Clockwise*, so it was cool seeing things from his POV.

But... so many ughhhs. So many. Nate there at the beginning was SO superficial and I hated it!

Jessica had staked a claim and I'd just gone along with it. She was cute, if not a little possessive, but she did that job of holding the female tide back until the novelty of my arrival wore off. I didn't see us staying together past my upcoming graduation. She more of a placeholder, but at least she was easy on the eyes.

See what I mean?! Not a fan. And later on he mentions how he doesn't really like her half the time but that she served her purpose? Dude! Not okay! Yeah, she's sounds like an awful person, but she *is* a person. But he was actually very sweet with Casey and very protective of her, so I don't know what his deal is.

However, I did enjoy the read. These little insights into Nate's brain regarding Jessica really irked me, but when he was with Casey he was such a different person... and I liked that person so much better!

I'm really looking forward to reading more of this series!

Review Posted @ She Reads Things  
<http://shereadsthings.blogspot.com/20...>

In this short follow up to Clockwise (<http://shereadsthings.blogspot.com/20...>), readers get to see Nate's side of the story. It's short, simple, and sweet.

Being able to see how Nate felt about the whole time traveling experience with Casey was great, because I was able to connect his thoughts to the thoughts that Casey had during their epic adventures in Clockwise. And I've got to say, Nate is as adorable as he was in the first book, if not more.

Clocked had me wishing there were more pages, because Nate is a wonderful and charming (although, sometimes endearingly clueless) character. Plus, the relationship between him and Casey is just so cute. I love their dynamics. This novelette may be short, but it sure is good. It's definitely worth the read.

Now, onto the next time traveling adventure...

Grace @ She Reads Things :)

## Lisa (Bookworm Lisa) says

This is a great companion novella to "Clockwise". I loved seeing Nate's point of view. My opinion of his has increased quite a bit.

Read "Clockwise" first and then this one. It lacks many of the details because it is a novella, but is fun to read.

---

## Bonnie Dale Keck says

Interesting take on time travel etcetera. CLOCKWISE: A young adult time travel romance. (The Clockwise Series Book 1) CLOCKWISER: A Young Adult Time Travel Romance (The Clockwise Series Book 2) Like Clockwork: A Young Adult Time Travel Romance. (The Clockwise Series Book 3) Counter Clockwise: A young adult time travel romance (The Clockwise Collection Book 4) Clockwork Crazy: A young adult time travel romance. (The Clockwise Collection Book 5) CLOCKED: A young adult time travel romance novella companion to Clockwise. (The Clockwise Series Book 6) ; also received copies could review if wanted to, but since review everything I read....

\*Note on Amazon shows #4 here as #6, don't know what that does to order of books, think it put #4 on goodreads so pushes #4 there to #5 here and then #5 to #6 here instead, the book in question is the only novella
