Deborah says

Alex, or Lexi as she's know has just been dumped again this time she walked in to meet her boyfriend and he's stood with his arm round his new girlfriend, she's done with men well that's not exactly true she's done with relationships hot sex and one night stands could be the way forward. She decides to visit her sister who lives in San Diego, a four week break could be the answer and this is where she meets her dream man Captain Alex Jackson and although sparks fly they get off to a rocky start. Once I started this book I couldn't put it down I loved it, I loved Lexi, Alex, Toni, Brendan, Kelly all of them, great read.

LindaneedsHEA says

4 stars.

Christie says

Did not finish.

I made it 18% of the way through before I couldn't take it anymore. Just really did not like the main character.

Audrey says

Alex and Alex... Love the name. Love the characters. Love the humour and banter. I read it in one sitting. Love it!

Could be more with Sam and Mariel story but enough as it is, I'm happy.

3.5 - 4 stars for me.

liane says

Cute simple story.

What I felt the story was about is Lex (Alex) wanted to be a slut for her visit but end up falling in love. Alex (Guy Alex) is a guy that knows what he wants and gets what he wants.

Both of this character make a fun read.

This book also made me like Toni and Bren.

Neesha Brown says

Whirl left me feeling as if I was lacking something and as I type this I realize what it is. I would consider this more of a short story and not a novel. I gave it 3/5 stars simply because I felt like it took forever to get to the point of the story which anyone would have seen coming from the first few paragraphs. I went through a chapter and a half of what got her to her fling stage and then BAM it took off on this "instant" attraction that is so deep we're breaking up with girlfriends and I felt rushed to the end. Thank goodness for the intimacy it kept the fire going in the book but it all seemed very predictable. Jessie M did do a good job tying up all the loose ends and left you with no cliff hangers but you will either love it because its does bring the steamy or you will fall into my boat and find it a little rushed.

When Lex walks into the bar and finds her boyfriend with another girl she is forced to see the pattern in her love life recently and its not a very appealing one. She decided to take a holiday in the states with her sister and brother-in-law to get over her ex and have a little fun, but will she get way more than she bargained for with Marine Pilot Alex?

Alex is a very intense, serious, one woman at a time man and he's drawn to Lex. Alex's initial conversation with Lex is far from perfect and a huge turnoff but after seeing her sing a ballet of Rhianna's Diamonds song he may reconsider. However he's currently taken. Will he give up on his pull to Lex and is she worth his time for just 4 weeks.

Mariana Lee says

Great little story, sweet, sexy and funny. Loved both characters Alex and Alex.

Stacy says

3.5 stars from me, It was a quick read and I read it one sitting. The name of the book is very fitting. It was like a whirl wind! The whole relationship was a whirl, very quick. I love a book about sexy, hot Marines, I just cant help myself. It was a great book and I look forward to reading more from this author.

Thi says

I'm not sure what it is about this book but I just could not get into it. I can't pin point what it is about this book that turned me off. Maybe it's the way they acted towards each other. More like juveniles, instead of adults. I like you but can't tell you so I'll insult you and call you names or act stupid. Definitely not my cup of tea.

Katlyn Womack says

As usual, I loved this book by Jessica “Jessie” Miles. She has quickly become my favorite indie author.

This is, I believe, the seventh book I have read by her. Her books are romantic and a bit steamy. Some of them are also fantasy such as vampires and werewolves. This book is not the latter, but it is plenty of the steamy! Definitely not for under age 18 readers!

In this one, Alexandra (Alex) finds herself at the end of yet another failed relationship. She is sick of losing one man after another and is beginning to think that something is wrong with her. So, she decides to take a vacation and go visit her sister who lives in America with her husband. (Alex is from the UK.) She thinks that while she is there she will have a fling or two just for the fun of it. That is until she meets Alexander (also Alex). They have a very rocky start, but once they decide to start over, things take a totally different turn. It's a fast and wild “whirl” of a ride. So, grab a copy for yourself and enjoy the ride!

As always, I anxiously await her next book, and I recommend reading not only this one, but all of her others as well. I promise that you won't be disappointed.

Janett The Pleasure of Reading Today says

I got this as a freebie from Amazon so I wasn't sure what I was going to be like but I loved it! Good storyline with well written likable characters (most of them anyway.) recommended!!!
