This is a beautiful Cinderella like story of two lonely people who meet at a Christmas Eve party and are attracted to each other. Roman Parker is the CEO of Parker Industries and Noelle Andrews is an employee of his. Roman was adopted and has had a rich life and Noelle lived in foster homes since her Mom died after Noelle's birth. Her first foster parents were wonderful people and she had a great life there. The next foster parents were not so nice and Noelle had a very traumatic experience as a teenager and she always felt she would never be able to be loved and have a family of her own.

They both are falling for each other but will Noelle get over her fears to find the happiness both she and Roman so deserve? You will have to read the story yourself to find out what the outcome will be. This is a well written story and it grabs you in from the beginning to the end.

Tis the season, this is a great holiday read , we all like happy feel good stories and this one fits the bill. It is the story of true love, and who does not like a story of true love?? The story is of a man and a woman with two total different childhoods but with a lot in common. They meet and are soul mates . Nicole wants to believe in a fairy tale life but because her life growing up was by no means a fairy tale she can not believe she is worth a good life. Roman Parker is a well to do CEO and also has things that bother him about his past even when he is very successful. Well Christmas Eve brings surprises and emotion to the surface. Will this be the fairy tale ending we all hope for in a story ?? Pick up a copy and see . This is not a long book but has every thing to make it a great story

Really quite terrible. Bad writing, shoddy characterization, awful pacing, and every cliched drama trope you could imagine. It's also one of those fantastic books that can't decide what tense it's written in.

"But a girl can dream couldn't she?"

"What meant so much to me is that Eileen picked out each one."

Garcia also apparently forgot what she wrote at times. Noelle supposedly spent the first seven years of her life with a kind elderly couple. She tells those she's close to that her early years were happy ones, and it was only after she went into the system, at the age of seven, that things got bad. And yet...

"Growing up I never had such a luxury as eating candy."

Her abuse was strangely plotted. At first it was standard emotional, verbal, and physical abuse, then she claims she was "molested", then she says her foster father made her take her pants off and held her down while he cut her legs...? If you're going to make abuse pathology a part of your character, make it consistent.

Oh, and a general tip; those who are traumatized by childhood abuse don't normally just blurt it all out to a guy they've known all of a week, then immediately dry their tears and traipse off to bed with him. I mean, this may as well have been the scene:

Noelle: (copious tears and lots of shaking) "It was horrible, Roman. He used to lock me in a closet. One time he left me there for hours. I can't stand the dark now."

Roman: "Oh, baby, I'm so sorry, that must have been horrible.....ready to fuck?"

Noelle: (wiping away tears) "Yeah, OK."

This is just a badly plotted Christmas fantasy from the mind of a slightly imaginative woman who isn't real talented at expressing herself through writing.

The best way to describe this book is that it is like a fairy tale. A young heroine who had spoken troubles in her childhood is invited to a company party and she finds a book that reminds her of happier times. The owner of the book, who is her boss and also a very handsome, kind and rich man, gives it to her as a surprise gift. From there the romance develops.

At first when I was reading this book, I kept questioning the characteristics of both the hero and heroine. They just both seemed too good to be true, like they are not real people. Then it hit me...don't think of this story as a real life experience (although what lady wouldn't want this in her life?), but read it much like a fairy tale that comes true. We all need to remember those types of stories as well. Read like that, Ms. Garcia's story is a winner that will be enjoyed by all who want to see dreams come true.

I wish to thank Ms. Garcia for a copy of the book in exchange for an honest review.

This was the first book I read by this author and I loved it. Such a sad story with a great happy ending. I love how Roman is so sure of what he wants and Noelle is not and try's to talk him out of it every step of the way. They are so good together.

Looking for that perfect Christmas story to keep you warm on a cold night? Look no farther. This is a beautifully written short story about finding love while battling your past. I love the character growth. Noelle learns to overcome her wretched past to accept love. A certain character in this book needs to be thrown in a pit of rabid Canadian Geese! Wonder who I am talking about? Read the book, then you will understand how this person needs to be pecked to shreds. I am so glad she survived this person horrific action, to become a lovely person. And whoa the fire that blazes between Noelle and Roman is way hot! I adore how down to earth Roman was portrayed. There is no pesky cliffhanger on this one folks. You will get a truly wonderful HEA. The HEA is so sweet and heartfelt it will bring tears to your eyes.

Noelle's Wish was an excellent quick read to curl up on a cold winter's day and get lost in it.

Nicole Garcia has wonderfully put together a short story of a young woman who has to overcome an abusive past to believe that she deserves to be loved and accept the love of someone that she feels she doesn't deserve.

The hero of the story is deliciously written and the chemistry between Roman and Noelle is electric. I highly recommend this book and give it five stars.

New Author Nicole Garcia is beautiful person with a wonderful spirit. Noelle's Wish captures the essence of who she is. Noelle and Ramon's story is captivating and endearing. There are moments that will make you cringe in empathy for the character. The Author keeps you invested in the characters and takes the reader on a journey. This is a quick read Novella. Although, you'll want to know more upon conclusion. There is great potential that can be seen in this Author and great things are sure to come.

Within the work, there is room for improvement. Seeing passed the faults to the beauty of the story will be your task as the reader. I found it quite enjoyable! Keep up the good work! Can't wait to see what is to come!

This is a wonderful Christmas short story. Noelle wishes Christmas was a merry time as much as she tries

she is left feeling alone and sadness always lingers year after year. Her one wish longed for to love and be loved.

Eve Noelle's best friend insist they go to the company Christmas party. Now will a chance meeting with a handsome man. One who sees Noelle in a light she would have a hard time believing. Will Roman be able to heal the wounds Noelle has carried for so long and will Noelle open her heart for the man who could make that wish come true for them both.

Noelle's Wish is a very poignant book. It touches on a very ugly part of society. Noelle is a survivor of childhood abuse in the system that is supposed to protect children. The author handled the situation very well and did not dwell entirely on the bad. Noelle meets a stranger in the Library of her employer and a very powerful wonderful story develops. I do recommend this book and it is well worth the price and time to read.

Oh, how I wished that Nicole Garcia had penned a longer story here, because I would have loved to spend more time with Noelle and Roman. Don't get me wrong, I really enjoyed what I read, and became rather quickly attached to the characters. The story was detailed enough with their past involvement, that you could see how intimacy would present itself so early in the book. As a reader you could feel the need and

desire that Noelle and Roman had for each other, it wasn't just a physical attraction, it was more than that, and very believable. Rarely does an ending surprise me, but this one did, and it was incredibly sweet!

Overall, this was a brilliant, heart-warming tale that automatically puts you in the Christmas spirit. It's a quick short read that I wouldn't hesitate to recommend.

All the while a man is staring at her. Enter Roman Parker, Noelle at first doesn't know who this sexy man is until later when Eve tells her.

This is a Christmas story that shows that anyone can overcome their deepest heartaches and even tragic pasts. Noelle is a withdrawn girl who had an abusive childhood which left her scared both emotionally and physically. She meets Roman by chance at the company Christmas party and the chemistry is instant. A little blackmail involving a book, job and a date gives these two the nudge they need to start on the path to happy ever-after. I have to say I enjoyed this Christmas read and can't wait to read more from Nicole Garcia.
