The Wisconsin Samurai

Scott McElhaney

The Wisconsin Samurai Scott McElhaney

WARNING – Do not buy this book if you find bathroom humor childish or immature. This includes all my high school teachers and counselors... and my bosses... and my grandma... but not my grandpa! Paw Paw, you'll love this book!

Someone has been committing heinous attacks in Fromage, Wisconsin. They cut the cheese at the high school football game, clearing out half the stands. Someone also dropped an axe into a wheel of cheddar at Wal-Mart, bringing in the HAZMAT unit to clean up the mess. Now, they're plotting something even more atrocious.

The only person who can stop the insanity is a teenage superhero called the Wisconsin Samurai. In the city of Fromage, cutting the cheese, whether it be with a knife, an axe, or even a tomahawk, is as disastrous as a bean-filled bubba with a bad case of irritable bowel syndrome. And the Samurai is fairly certain that the owner of the S. B. Dedli Cheese Plant is planning the worst attack yet.

Brought to you by the international bestselling author of the Mystic Saga and One Crazy Summer. With over 175,000 books downloaded worldwide, Scott McElhaney continues to provide us with entertainment for only 99 cents! Deneale Williams says

I was on Amazon, and this book popped up. Automatically I knew that the title has another meaning, I mean really? Not to mention, I know the Author. Literally.

So, here I am on page one, reading. Thinking the book must've loaded wrong, because it seemed to start off in the middle of everything, so I flip backwards, taking me back to the cover. Nope, there I am back to cutting the cheese. Which means, I can continue.

I end up laughing so hard throughout this book that tears came to my eyes. I just couldn't stop. The neighbors were looking at me on my porch like I had a problem. I mean, I wasn't on the phone, and here I was alone. The looks I was getting. Yep, she's lost her mind.

No, this book is so comical that even if you are in bad mood, I promise you, trying to resist laughing: you'll fail. I in fact promise you, that you will fail.

Allow me to demonstrate: Rip Ricotta is attending High School, where their Mascot is the Bleu Devils. And Rips has a best friend, and his name is Colby. And as you already know, the story takes place in Wisconsin.

There are cheese factories there, I mean of course. We all know that Wisconsin is the cheese capitol is the World, right?

Well, there is this one guy who is dating the hottest girl at the high school, and her name is Brie. The guy dating her is Jack Monterey. They get into a squabble at the football game, and this is the first incident where Rip realizes her has a talent, if you will.

Rip didn't like the fact that Jack had the audacity to push Brie and knock her down. As she was getting back to her feet, Rip could tell, that Jack was going to attempt to hit her. That's when it happened. The slow-motion action to save the girl, and the day kicked into action. And the thoughts of 'What was I thinking?' At the same time.

Well low and behold there were nachos and cheese involved. Luckily for those involved though, they were the round nachos. Otherwise, I think there could've been more damage than what happened. This is where the Samurai actions proved to impact the cheese and proved to cause various explosions in cutting the cheese.

Then compliments of this factor, we end up learning the whole story line is involved in a mystery type thriller with a twist and turn that will blow your socks away. Because all through as I read, I was ready to frame Silent But Dedli then comes in the Asiago Axer. She is a Samurai, but she is woman, and a quite sexy one too. But whoever is she? And whose side is she really on? I am getting more and more confused. And then Rip gets tied up. And guess who he wakes up with!

There is a 'Lifetime Achievement Award, whereas Misty Colon and SB Dedli have been in competition for every year! Which is part of the plot twist in this book!

And there is also the 'National Cheese Cutters Association' NCA which I know my husband and brothers are both proud members of. Not to mention, the 'Texas CheeseSaw Massacre.'

After you read this book: maybe you too should join Rip and Rose for some boiled cabbage and eggs! Let that ferment on your mind for a minute....

This book is everything I could've ever wanted in a book, it made me smile and laugh so many times, I literally ended up forgetting what I was doing! Need a distraction from life? Read this! It is a five-star read that will make you will tell your friends about for days! And every time you fart, you'll think about it again! This is a genuine comedy if I have ever read one!

Jen Jo says

This book was hilarious. I loved the way this book took on a new perspective on "cutting the cheese". I hope there are follow-up novels.

Scott McElhaney says

I enjoyed this book a lot because it reminds me of a book I wrote called the Wisconsin Samurai... oh yeah... this is the book I wrote. I guess that's why I liked it so much!

Wendy says

Loved this book! Keep em coming Mr. Author.
