Cameron's Rescue

Audra Hart

Cameron's Rescue Audra Hart

* * * Adult Content * * *

In Episode I Mara, a werebear, is reunited with her mate, Logan the Celitic Shifter after being separated for thirteen long years because of a bitter betrayal. But just when it looks like Mara and Logan will find true and lasting happiness, an enemy strikes.

In Episode II "Cameron's Rescue" Mara, Logan and members of the newly formed Beast Real must rally together to rescue Cameron. But they soon learn their enemies are more powerful than they ever imagined and the challenges have just begun.

Mara and Logan struggle to overcome trust issues in their relationship as they look towards the future that will see their family grow. Logan, being the consummate Dom and loving Alpha mate that he is helps Mara overcome some of the lasting damage she suffered thirteen years ago at the hands of those who hated her for being different. Mara grows in her confidence, her ability to serve as Guardian of the Realm, and her ability to follow her Alpha's lead without reservation and to share her pain, fears, needs and desires with her beloved mate.

Their son, Cameron, takes a dangerous risk in the name of love. Will it pay off?

BRC 2 is an emotional rollercoaster ride with tons of action in and out of the bedroom! The characters are varied, intriguing and the story moves along quickly!

COME ON AND GET YOUR BEAST ON! with Mara, Logan and the rest of the Beast Realm!

****WARNING**** This book contains vague references to past abuse that may be troubling for some to read about.

WARNING: There are references to incidences of abuse that a major character is recovering from. There are also strong elements of a D/s relationship in this deeply profound love story.

Caryn says

NOT AS GOOD

While I did like this book to some degree, I feel there is more emphasis on sex, sex, sex between the main characters rather than the actual story. The additional characters which keep on showing up need to have more development but this would be served better by less of them. Nothing is worse than too many characters. It just gets confusing. And the title does not match the story...Cameron is rescued within the first 3 chapters and now they are about to rescue a young girl who is in the clutches of Nyx, the ultimate evil witch!

All in all it is not a bad story but much more development was needed.

As I've complained about before with other books, the grammar goes way out of wack in too many places. I wonder if these books are proofread at all before they are published??

Sheryl says

I was given a complimentary copy for an honest review by author Audra Hart. This is part 2 of the Beast Realm Chronicles by the author.

Mara and Logan's son, Cameron, is kidnapped by the enemies daughter but Keres wants to help them against her mother Nyx because of who her mother kidnapped, her very own daughter. They all know that it will not be an easy thing to do but they are willing to do what ever they have to do to get the job done.

Wow, the authors filled this part with action, drama and romance. I love how the author is bringing Mara out of her abused state with Logan's help because it shows love.

This book is for mature paranormal romance book lovers because of the sexual content, D/S situations and the effects of being abused. This is part 2 and it is best to read part 1 of the series first because where part 1 leaves off part 2 starts.

Kat says

Exactly as when I finished with Mara's Homecoming: Episode I – I need the next episode (#3) right now! Audra Hart has done it again with this 2nd look into the lives of Mara, Logan, their teenage son Cameron and a whole cast of Celtic shifters, Greek weres, old gods, death wraiths, witches, fates, mates & future mates.

As a fan of paranormal, romantic, erotic, dark, uplifting, intriguing, lost love found, forgiving, fast-moving stories that have kick-ass females next to their alpha males, you will love this as much as I did.

This book touches on Cameron's depths of power, both now and future. Mara's varied & extensive powers are explored, as well as more healing between her mate, Logan, and herself.

This book could be read as a stand-alone, if you read the synopsis, but it is better if you read Mara's

Homecoming: Episode I first. It is beautifully written and as I stated at the beginning of this review ... I need Episode III now!

Marie Yule says

EDIT

Synopsis..

In Episode I Mara, a werebear, is reunited with her mate, Logan the Celitic Shifter after being separated for thirteen long years because of a bitter betrayal. But just when it looks like Mara and Logan will find true and lasting happiness, an enemy strikes.

In Episode II "Cameron's Rescue" Mara, Logan and members of the newly formed Beast Real must rally together to rescue Cameron. But they soon learn their enemies are more powerful than they ever imagined and the challenges have just begun.

Mara and Logan struggle to overcome trust issues in their relationship as they look towards the future that will see their family grow. Logan, being the consummate Dom and loving Alpha mate that he is helps Mara overcome some of the lasting damage she suffered thirteen years ago at the hands of those who hated her for being different. Mara grows in her confidence, her ability to serve as Guardian of the Realm, and her ability to follow her Alpha's lead without reservation and to share her pain, fears, needs and desires with her beloved mate.

Their son, Cameron, takes a dangerous risk in the name of love. Will it pay off?

BRC 2 is an emotional rollercoaster ride with tons of action in and out of the bedroom! The characters are varied, intriguing and the story moves along quickly!

COME ON AND GET YOUR BEAST ON! with Mara, Logan and the rest of the Beast Realm.

My Thoughts

I was gifted this book in return for an honest review.

This book starts right where the last one ended.. and straight into the action. This book was fast paced with lots of action and hot situations! I love the fact this story continues with the strengthening of Mara and Logan's relationship, Logan helping Mara to overcome her experiences to realise that she is completely safe with him and their son. Mara really seems to grow in this instalment of the series, with an unexpected surprise.

I love Cameron's character. For a 13 year old he is extremely wise beyond his years and when given the chance grows a good relationship with his mother.

With all the action and suspense this book has been a thrilling read!

Roxie's Reviews says

"AMAZING PARANORMAL READ!"

This is such an incredible series!. The characters are awesome!. The men are super hot and the women spunky spitfires lol . The story lines for this series fantastic!. In this book and book one you will find Suspense,action , super amazing romance and even hot sex scenes!.

With this book Cameron which is Mara and Logan's son gets kidnapped which will set off a chain of events in the Beast Realm. The Beast Realm seems to be threatened from all different directions. Can Mara and Logan rescue Cameron, protect the Beast Realm and build their relationship?. Or will things go very wrong?. This is an amazing good vs evil type of book.It will keep you on your toes making you want to read more and more!. I would recommend this book to anyone who loves Suspense and action with their romance!. I can not wait for book three Logan's Redemption to come out!. Audra Hart will easily become one of your favorite Author's !

lovestoread says

Cameron seems to be pretty down to earth and beyond happy that his mom has come into his life. His world is turned upside down when he is kidnapped. His mom is totally upset that her boy has been kidnapped and is ready to wage war. Cameron is able to get himself and his kidnapper back to his ranch to calm down his folks.

As Cameron sits back and watches the other immortals come and go, his mom and dad reconnect, he is wondering what his role will be.

Such responsibility on a young man, when he is suddenly understanding - gut instinct - that he is the one to rescue Keres' daughter. Such a great read.

Lisa says

I have enjoyed this book tremendously. I am looking forward to when Logan's Redemption, the third book in this series comes out to that I can read it too. Now I need to get the first one and catch up on some history and then get to reading the Airendell Chronicles too as they coincide with this series. I just absolutely loved the ending of this one. It had me chuckling and say "oh holy crap". I do not think there was any better way to end this book, that was such an ingenious way to end it. So if you wanna know what I am talking about then guess you better go get this book and start reading to find out. You will not be disappointed.

Kristina Canady says

Audra Hart weaves a wickedly fun and sexy fantasy world with strong characters that are easy to love. I am looking forward to reading more from this lovely author!

April ♥"LOS" ♥ says

This book jumps right into the action where the first book leaves off. Logan and Mara are still hot and

passionate as they work to reestablish their trust in each other. In the midst of their reconciliation, their 13 yr old son Cameron is kidnapped by blood wraiths. Getting their son back is only the beginning of the problems that face this couple as they discover a new enemy that has their sights set on the beast realm. Logan and Mara must call upon their friends to plan a rescue mission that has been destined to fail.

What I enjoyed about this book was the bond between Logan and Mara and the appearance of some characters from the Airedell Chronicles. I look forward to seeing what happens next in this new PNR series.

Jessica Mitchell says

Wow.... Loved it. Starts off with of course Cameron being kidnapped and in need of being rescued. They find out a lot of what's going on this book past and future and some past items from the previous book that was explained but vaguely. So if you want a sex induced coma plus adventure you got it in this one.

Mandy Dowson says

When the first instalment ended with Cameron being kidnapped, I fully expected this book to be about his rescue - hence the title. It IS about his rescue, but not of himself. Surprising storyline!

I love how Mara grew as a character in this one (all the characters showed growth, but none more so than Mara) and when she's finally able to open up about her past (after some pretty HAWT scenes) you feel like she has gained strength from it, rather than lost anything else.

Of course it doesn't hurt that Logan is a truly devoted mate, who loves her completely, emotional scars and all.

The ending was absolutely intriguing and I can't wait to read the next instalment when it's available!

Ana says

I was gifted this book by the author for an honest review.

Mara's homecoming happiness is short lived when her son Cameron is Kidnapped and this puts into motion a very risky rescue.

Mara's very unique abilities are revealed and she finally comes to term with her horrible ordeals as she shares them with Logan.

What is discovered during the rescue is a real shocker, but what does it mean now for the realm?

I really like how the author uses Gods from Greek Mythology in her Beast Realm Chronicles.

I can't wait to read Episode 3 in this very explosive and endearing story.

Lots of action, mystery and hot passion.

SiKReviews says

This title has more than one meaning I think. One, he is rescued, but, two, he rescues someone too. I don't want to say much, you have to read this book. I think Cameron really comes into his own here. He grows up a bit more than he already is. This is definitely what I call a bridge book. It connects us, or rather sets us up for the third book in the series. A lot of action happens here. Mara, Logan, and Cameron have major things happen to set up for the next book. Very crucial.

Jody Smith says

I read the first book of the Beast realm Chronicles because it was a free book posted on Facebook by a friend. After reading it I couldn't wait for book 2. This story and the characters involved were amazeballs!! Mara is such a strong woman because of everything she went through at the hands of Logan's father and his cronies. Logan loves her deeply, you can tell. However, he still doubts his mate because old habits die hard. Cameron is growing up and starting to develop his unique powers, being a hybrid shifter. The action was just enough, the sex is dominating, and the story just keeps getting better.

Mee says

Another amazing example Audra's writing the storyline just keeps getting better and better deeper and deeper into the the beast world just love how the storyline is going can't wait to see what's going to happen next. these definitely cannot be read out of order. well worth the price, would have even paid more!! I could not put the book down read from start to finish in one sitting.
