Married for the Sheikh's Duty Tara Pammi

The playboy sheikh's last temptation...

Thanks to a recent scandalous exposé, the damage to Sheikh Zayn Al-Ghamdi's reputation is threatening his family's future.

So when fiercely independent Amalia Christensen has the gall to blackmail him with further ruination to ensure her innocent brother's freedom, Zayn chooses to keep his enemies close...and make Amalia his temporary fiancée!

Zayn's only duty is to his country. He can't allow himself any emotional ties. But the hunger Amalia unleashes in him soon tempts the playboy sheikh to take their relationship from business to the bedroom...

E. R. says

2 and 1/3 stars out of 5 stars. Skimmed through.

There was one part that confused me, but the rest of the book was a nice read. Strong, sassy heroine. Brooding hero. Good book.

Charlisa says

Loved it

A strong woman refusing to let the man she precariously falls in love with walk all over her. She's everything the sheik doesn't want not realizing she's everything he needs

Miniseries: Brides for Billionaires

Bibi says

Zayn and Amalia's story is quite typically, standard Harlequin fare, yet, Pammi succeeds in making it a fast-paced story. Thankfully, she also gives us gorgeous characters, beautiful locations, and really great dialogue. All done so adeptly and in a manner that will keep you engrossed until the very end!

Maria Rose says

Married for the Sheikh's Duty is the third book in the Brides for Billionaires series, one which deals with the scandal that four wealthy, international businessman have found themselves embroiled in when an untrue article surfaced in a tabloid. To regain their reputation, these four men have come up with the solution of marrying quickly, with the help of a matchmaker. In this story, it's Sheikh Zayn Al-Gahmdi's turn. He's the ruler of the small Arab country Khaleej and any woman he chooses to marry will have to understand the

country and its customs, plus be a suitable bride for a royal such as himself. His requirements? “Beautiful, young, malleable, not particularly smart and a virgin.” When Amalia Christensen crashes his matchmaking parade (so to speak), he's quick to realize she's not one of the woman he's supposed to interview for the position. But she intrigues him and when she tells him her real reason for being at the palace, to help her brother who has been wrongly imprisoned, he's quick to seize on it as an opportunity for them to get something they both want. If she'll play at being his fiancée, at least until his sister is married (satisfying her conservative soon to be in-laws that her brother is reforming his playboy ways), he'll look into the case of Amalia's brother's imprisonment. Amalia has no choice but to accept. But as they spend time together, days and sultry nights, will their fake engagement turn into something real?

I loved this story! It's my first by this author, and definitely won't be my last as I thoroughly enjoyed every detail, from the characters to the setting to the plot. Amalia is a delightful heroine – yes, she fits the virginal requirement of the Sheikh's list, as well as being beautiful and young (at age 26). However malleable she is not. She's feisty and smart, willing to stand up to Zayn when needed. She's a business woman too, currently on leave from her job as a personal assistant to a multi-millionaire. Amalia comes from a split family, her father, an historian and native of Khaleej having divorced her mother, an international model. Amalia stayed with her mother, moving away from Khaleej while her brother stayed with their father. She and her brother had kept in touch over the years which is why she'd returned to Khaleej to try to help him in his predicament. But she is still estranged from her father, and bitter that he was so easily able to cut her out of his life when she and her mother left the country. It's made her wary of getting involved in any kind of relationship. However because of her connection to the country she has a keen understanding of its politics, laws and customs, which is certainly a boon to Zayn.

The Sheikh is exactly the kind of dominant, alpha hero that I like. His position and his culture not surprisingly might make him somewhat misogynistic and indeed he has a bit of that kind of attitude at the beginning. But he definitely respects women, cares deeply for his sister and her happiness (to the extent that he's willing to marry to protect her reputation), and is quick to realize that Amalia might be more than he bargained for. He likes her wit, her strength, her courage and her intelligence. Her business acumen and her understanding of his country and his personal challenges as a ruler and a man go far to make him realize just how fortunate he is to have met her. He definitely has a possessive streak (as evidenced by his jealousy when they meet Amalia's former boss) but it just serves to cement his feelings for her. Zayn has degrees in architecture and business, and it's the former that can be seen in the designs of his palace. He might wish that he could have pursued a career in architecture but he knows his place in the royal lineage and his duty to his country. Having a woman like Amalia to share these things with is not something he takes lightly.

Amalia and Zayn share an intense attraction to each other, one that is quickly realized in some sensual love scenes. Their fake engagement starts to feel very real as they interact with family and friends and are under the media spotlight. But both have reasons for trying to keep their hearts from being involved, and there are some ups and downs before they get to that happy ending, which is thoroughly deserved and comes with a lovely epilogue. I highly recommend this story, and plan to seek out more books by this author.

Miniseries: Brides for Billionaires

Dottie says

Sheikh Zayn Al-Ghamdi's has a problem when an expose on him and his close friends is destroying his reputation. His main concern is the gossip will in some way interfere in the marriage of his sister to the man she loves. Enter Amalia Christensen who confronts Zayn to ask him to free her brother from jail as he was framed by the sheikh's cousin. When it doesn't seem like he will help she uses blackmail to force his hand. Zayn to keep his secret makes Amalia pretend to be his fiancé and in return at the end of her usefulness he will free her brother. At the end of her usefulness he will set her free. Ms. Pammi has written a fantastic story about a sheikh that is so sure love doesn't exist and a strong willed women. Amalia makes him question his belief that all he has is his kingdom and no room for love. Wonderful story.

Debra says

Married for the Sheikh's Duty

One of four men vilified by the media the hero here now needs a wife so that his sister can marry the man she loves. This is the third of four connecting stories of high profile men who were trashed by a certain tabloid. Now here he is blackmailed by a woman who needs his help to get her brother out of his prison. But with each having their own issues with relations it seems that there will not be love involved. But this is HP so there is guaranteed an HEA ending.

Rgreader says

Dnf'd on page 54...why because the heroine was very annoying and unlikeable.

She's judgemental towards the hero based on tabloid stories. That's unbelievable now. Tabloids carrying such weight when they are known to publish fake news...strike one against heroine.

The Virgin shaming in this book a huge turnoff. The matchmaker being so judgemental when its her job to find spouses the client wants...so not professional. She and the heroine involved in virgin shaming...making it a bad thing for a woman to choose to not be promiscuous....who benefits from this the most...the men...these virgin shaming women judge as manwhores....strike two against the heroine.

The way the heroine attacked the hero as she tried to get him to believe her defense of her brother....stupid. She didn't try to win him over in a soft manner.. It was hard and accusatory towards the hero...strike three against the heroine.

This author has more misses than hits with this reader and Married for the Sheikh's Duty is a miss. Big time..

Jule says

Ich habe fertig!

Schöne kurze Geschichte, die im arabischen Raum spielt. erinnert sehr an Susan Mallery "Märchen unter den Wüstenhimmel" & genau das brauchte ich im Moment.

Das Cover ist immer noch eine Katastrophe ?

Tigger says

Really liked this story!

Geraldine Sadiku says

An excellent read with characters that had a lot of red tape to get through to find their happy ever after, well written and enjoyable.
