Blush Anne Mercier

You know how people say they woke up in Vegas married and you're like, how the hell could that possibly happen? Who does that? Well, us apparently... and the press is having a field day.

Let's not even get started on the topic of my mother. Then there's my grandpa wanting to meet my new husband--that's not scary at all. On top of that, we're heading out on tour and I'm a nervous wreck--factor in the fact that Jesse's newly changed marital status doesn't seem to be an issue for the groupies. Nothing deters them. Not even the fact that I'm standing right there when they proposition him.

I can handle the press, my mom, and even my grandpa. But the women who are ruining my current mood of "happy", well, they've got another thing coming. It's time to put these women in their place because nobody messes with my happily ever after.

***Disclaimer:** This is not a dark romance. There will be minimal angst or drama. There will be lots of laughs, frequent dropping of the F-bomb, and crazy monkey sex.*

5 Stars!

I loved this book! It was full of suspense, laugh out loud moments, seriously sexy times, and has two bands that are taking the world by storm on their brand new tour. Get ready for another crazy ride with Blush and Falling Down on the tour. And follow Jesse and Lucy as they adjust to being married, on tour, and having to deal with the world, specifically Lucy's family. And this book has quite a few twists that will shock you to the core.

This is the next installment in this series and features our favorite couple Jesse and Lucy. Waking up married in Vegas and having a wedding at the chapel attached to Denny's was not how Jesse and Lucy saw their relationship going but they make it work. Going on tour for Blush and Falling down, the band is ready to make it big, including Blush who has something to prove. Stalkers, fan girls, groupies, whores, sluts, haters.... it seems everyone wants to tear Jesse and Lucy apart but they are having none of that and want to prove to the world they can make it through. Get ready for a crazy ride with Jesse, Lucy, and the band members of Falling Down and Blush and they take the world by storm.

I love, love, love Jesse and Lucy. In fact, I love everyone in both bands and in this book. They all just work so well together and click. But Jesse... he is so effing sweet. He started out with the cockiness but he has grown to such a loving, sweet, kind and caring man who would do anything for Lucy. And Lucy, I love her! She is awesome, spunky, feisty, and totally kick ass!

I cannot WAIT for the next book in this series!

I highly recommend this book!

If you loved "Falling Down", then "Blush" will not disappoint. In the sequel we see a softer side of Jesse

emerge. This book shows a more softer and caring side to the rocker star and his band mates. What I loved most about this book is that it shows that it takes more than blood to make a family. It does not disappoint and I can't wait for the next one.

I was pulled right into this story. The story flowed well I was kept interested in the story. I read it in one sitting. The story has laughs, pain, anger, suspense, and heartbreak. If you have not read Falling Down (Rockstar series #1) I would recommend reading that book first.

This is more of Lucy and Jesse's story. Lucy and Jesse are touring and married. Jesse is trying hard to be the man Lucy deserves. Lucy loves Jesse but sometimes she believes he makes the wrong choices. Can the relationship weather all that is coming their way? Crazy groupies around every corner they really turn the relationship on its ear. Crazy attack that could in fact end everything that Jesse holds dear. Who could want to hurt them and why?

I loved these characters and also the side characters. There are some tear filled moments and some anger filled moments in this story. But all in all I felt I was able to connect with the characters and the story was a great read.

I highly recommend this book and can't wait for the next story from this author.

Hot, sexy and angsty reading, just when everything is going well so things go a little haywire. Loving this rock star series, I love the banter between the two groups of characters and how much they have become one family. The background of Lucy and Sera's family and never knowing when something will crop up from that adds a little suspense into the mix, that balances out what could possibly become a bit overly sweet in the romantic sense so I'm glad we have that. These books are well written and have a great flow, the consistency is carried on throughout with no gaps, unexplained jumps or wrong names in wrong places, which is great with so many characters. The story holds your attention and has you wanting to race through to find out what's next. I am actually reading the first box set, all these books are available in small sets which can make a long series work out a bit cheaper to buy, though I feel the series is worth the outlay. More than happy to recommend these books.

Blush and Falling Down are on Tour!!!! This book picks right up where the last one left off. After a drunken Vegas wedding, both bands are hitting the stage hard....and there are lots of surprises headed their way! These two groups are more family than band mates and this leads to some hilarious times on the tour bus.

Jesse, lead singer of Falling Down, has a history of being a....well lets say he was a playboy and leave it at that. His fans are having a bit of trouble coming to terms with his marriage to Lucy, and Jesse is having a

little trouble showing them where that line is that they aren't supposed to cross. This leads to some drama, and some hard feelings. Lucy loves Jesse, and she knows that Jesse loves her too. She just isn't sure that she is good enough for him. But Jesse knows that she is perfect for him, he just has to figure out how to prove it to her.

Jesse, Lucy and their two bands, along with a whole host of "family" run into groupies, crazy family, and more than a few surprises, good and bad, as they set out on the BFD tour. As I read about their antics, there were more than a few times I found myself laughing out loud, gasping in surprise, or crying a couple of tears. I love these guys, and can't wait to find out what comes next!

I liked this one, but sort of can't believe my one complaint...too much sex. Odd I know from someone who reads erotica. Yes Lucy and Jesse are in love, but come on we didn't need sex, sex, sex. They would fight, then make up sex, there were stage fright nerves, sex to make them go away, the day ended in Y, sex. There was some good story going on, but I had to wade through the sex scenes to get to them.

I loved how Lucy staked her claim on Jesse after the first show. It needed to be done as did the verbal smack down that Jesse went through. I loved how Lucy seemed to pick up strays along the way, she seemed to fit in with the big group and how others in the group are starting to pick up Lucy's ways of finding great additions to the team. I found myself intrigued with what happened towards the end, not how Lucy was hurt, but more with the "dark" side of Lucy's family coming out. There is so much that can happen here and I can't wait to see what it is.

Wow that was awesome!

Damn that cliffhanger. I loved the first book but it got better.

Its hot, Jesse is a total bbf and Lucy is so funny, adorable and such a tough chick she's great.

And damn again Xander that guy is hot and funny as. Love all the characters the banter is off the charts and the love for each other in the two bands.

Theres drama,mafia madness,humour and its so hot, brilliantly written you won't want it to end.

Can't wait for the next book and looking forward to the short read xanders christmas special to fill the void until the next book.

4 BFD Tour stars

This book continues right from where Falling Down ended. Jesse and Lucy are now married and here comes the craziness of the life along with the mafia drama (yep that's right mafia)

We had the groupies, the broken hand, and now this.

I enjoyed this one. Hilarious!! Total hotness!! Jumping in to the next one

I received an ARC of Blush and was so excited! Thank you random drawings!! The story starts where Falling Down ended. It was so refreshing to read a story that was not angsty and had obstacles every step of the way for the couple. Jesse and Lucy are truly made for each other and are my favorite couple out of all of the books that I have read. They have a few minor bumps along the way but what couple doesn't? It just makes the relationship all the more real. All of characters interact with each other in a way that compliments everyone and makes the story what it is. You can feel how comfortable they are all with each other while reading.

Anne Mercier has a way of making you truly feel what emotions the characters are experiencing that many author's are not able to achieve(Like when Jesse begs Lucy's forgiveness in Falling Down after he messed up for example. You felt that shit). She nailed it again with Blush and I'm sure it will be the same in the books yet to come.

Blush would NOT have been the same without Xander (even if he did sing Bieber). He is so funny and has a way with words and actions that will put a smile on your face every. single. time. ""Aww, fuck me," Kennedy whines. "Now he's got chicks who'll encourage this shit too. There's no stopping him now." " Truer words my friend...

The book had twists and turns that I was not expecting but that's what made it all the better because I wasn't expecting those. It's refreshing when a book isn't predictable and this one is not predictable in any way. I am amazed at how Anne Mercier comes up with all of these storylines. She is one super talented lady. I can't WAIT for Sera's book and all the books to follow.

Blush really is a BFD.

ARC gifted for an honest Review

Oh my Holy God!!! I love love love Jesse and Lucy and their friends and their story. I love that I did not think it was possible to top the amazingly hot scenes in Falling Down. I was happily proven wrong and enjoyed every tingly minute of it.

I like how the Mafia family was brought into this book (I won't say how). We got a hint about them in Falling Down but didn't really get a lot to go on.

There was a LOT for Jesse and Lucy to deal with during the BFD (Blush-Falling Down) tour. It almost seemed like it could be too much, but they are Jesse and Lucy. They can make it through anything.

I will now patiently (NOT) wait for the next book, Amplify, to come out to see what's around the next bend for this group of people I have grown to love. CANNOT WAIT!!!

Unh...BFD Tour...hells yeah!

Who could resist reading a book that promises monkey sex in the synopsis? Not me, that's for sure. Especially when there is a sexy dirty-talkin' rockstar involved, one who smells like "sandalwood, ocean, and yum." And guess what? There's a lot more than just one. There are five tour buses carrying two bands, Blush + Falling Down = BFD Tour. Yup, I'm in rockstar romance heaven. If you have read Falling Down then I guarantee we are fellow groupies, following the crazy train that is "la famiglia." There is never a dull moment and the hilarity never stops, especially with Xan my Man's musical madness and humping skills keeping us entertained. And the family keeps growing as Lucy continues to pick up strays along the way. It's a good thing they have plenty of tour buses and the Casa Falling Down has plenty of rooms for everyone. Get ready for more surprises, more music, more laughter, more sweetness, more monkey sex, more danger and suspense. I can't get enough, I'm ready for more of everything!

ARC gifted by the author in return for an honest review

I LOVED IT! Like really loved it.

The book continues from where Falling Down finished. Jesse and Lucy are married and in for a wild ride, the paparazzi, the fans or 'groupie whores' to be exact and the life long Russo-Mazzini rivalry.

"I'm a firm believer people don't know what they want until they get it" Anne you really need to send a copy to M.Shadows. Like really. He would feel so special

This time Anne has incorporated quotes at the starting of every chapter which will make you think (totally opposite of what she wants) They actually summarize every chapter, every feeling.

"I've got ninety-nine problems, but a bitch ain't one."

There are some very 'philosophical' quotes. Like the one below...

"Love is friendship that has caught fire. It is quiet understanding, mutual confidence, sharing and forgiving. It is loyalty through good and bad times. It settles for less than perfection and makes allowances for human weaknesses."

The author stays true to what she said. She wanted a book with minimal angst and she delivered that. Cheers!

The humor and songs were AMAZING! AMAZE-BALLS! HILARIOUS! and we all know who is clown of the group... You don't? Well its none other than....

Xander Mackenzie also known as 'Xan my man.' This guy is the class clown. He is funny, charming, sweet, and completely adorable.

“Are y'all fuckin' in there?” Xander asks, sounding country.

“Maybe,” Jesse answers with a smirk.

“Will it be time for Lucy's meds again soon?” I look at the clock. “In an hour. Why?”

“Then you've got an hour. I like stoned Lucy.”

Lucy smiles softly. “I'll be there, Xan my man.”

“Come hard, Luce my goose.”

“Xander,” she chides.

“Too far?” he asks with a smile in his voice.

“Just a little bit.”

“Still.” He pauses.

“Come hard and come often, oh married ones.” His voice trails off.

This time around we even heard the 'voices' of Kennedy and Ethan.

Oh but wait! There is this huge chunk which is shocking. I didn't even see it coming! I mean Damien and Cage are.... Sorry. Evil, I know but for that you will have to read the book. And lastly, Mama Russo. How can one forget her? She is truly an amazing mom who would do anything for her children(s)

The second half of the book is really interesting. If you are looking for a book that is angst free, where the protagonists are completely in love with a crazy ass Italian family and equally crazy friends then this is the book for you.

I knew a guy named Xander

I guess you could say he was a sex fiend

Met him in a hotel lobby Masturbating with a magazine

He said how'd you like to waste some time

And I could not resist when I saw little Xander grind

*I give this book a 5 'BFD' Stars****
