An excellent beginning to a new series! Phoebe and Willow and friends are off on an adventure of sorts. Pandora and Alcott are involved and not so very nice shifters and vampires. There is a mystery when some of Phoebe friends/ family go missing. Someone Phoebe loves will resurface but with a twist at the end leave some unanswered questions. Read this excellent story! I look forward to the next book in the series!

Witches on the hunt

Unbelievable start to a new series.

Phoebe is a witch with unbelievable powers. She is partnering with a hunk of a shifter by the name of Dax. They may work together but they have a thing for each other.

When their friends are taken, they must work to get them back but all is not what it seems. People you think you can trust, turn against you and then you find out why. Plus there is the mystery of what happened to Seth, Phoebe's brother.

These questions will be answered and by the end more will come up.

Cannot wait to read more of this series.

A must read.

Soulless at Sunset (Last Witch Standing Book 1) didn't disappoint. Several characters from the Crescent City Fae series are back in another story of mystery, magic, romance and kidnappings. A fast moving book that makes the reader long for the next story. Vamps, shifters and witches. I do love Deanna Chase's story telling.

I'll never get tired of Deanna Chase's writing and this book is a perfect reason why. Soulless at Sunset is the book book in the Last With Standing series and a spin-off of the Crescent City Fae series. We are back in the world of Phoebe Kilsen, Willow, their lovers, friends, and acquaintances. In Soulless At Sunset, Willow, her husband, Talisen, and Pandora's, Allcot's consort, have all been kidnapped. Phoebe, her partner Dax, Allcot, and a various assortment of others work hard to save them all before Willow and Talisen are murdered in a sacrifice. There's a lot of adventure as they fight against and some romance. Phoebe even ends up learning to soften up to Allcot. They both had people they loved with their lives on the line and realized the best thing to do was to work together. This made Phoebe see Allcot in a new light. Book two of the Last Witch Standing series will be out in August and I can't wait!! Deanna Chase is one of my favorite authors and if you've never read one of her books, try one and I'm sure she'll become one of your favorite authors too!

This was a great refreshing spinoff. I loved the Crescent City Fae series and this addition makes me love it even more.

Phoebe is smart, quick, and just the type of friend you want in your corner when things hit the fan. When her best friend Willow and her husband Talisen are taken along with the Master of the City's consort Pandora, all hell breaks loose.

Its twists and turns as Phoebe, her shifter lover Dax and of course Allcot who will tear the city upside down for Pandora, race to find them before they can be sacrificed.

This book had me in awe. I think this is the best Deanna Chase book to date; and I love all her books. There is a little bit of sensuality, humor, and a lot of suspense as the plot unfolds. Believe me when I say, there are some things that caught me off guard with this story.

I really am anticipated the next book in this series. The way it left off, I know there is so much more to come.

For me any paranormal book set in New Orleans is a hit, I call it the Anne Rice effect. And this story doesn't disappoint for a second. Phoebe is a bad*ss witch working for the government as a vampire hunter. Yes, in this world big brother is aware of the supernatural creatures and has its own agency to deal with them and keep them in line. Phoebe's best friends get kidnapped because they are fae. She and her werewolf, sometimes boyfriend but always partner, Dax undergo a mission to beat the forces out to sacrifice her friends. This is a strong story with lots of action and just a touch of romance. And who doesn't love Vampires, Werewolves, Witches and Fae?

This is a spin off of the Crescent City Faes series and I was so excited to read this first book of a new series. This book did not disappoint either. I got to meet some new characters and revisited with others from the Crescent City books. Loved this story and how the strongest in that series experienced being on the opposite end of the spectrum in this book. Very entertaining! Can't wait for the next book to come out.

I read the prequel which I loved and hoped that the start of a new series by Deanna would live up to its great start and it definitely did. If you enjoy adventure, mystery, suspense set up in a paranormal world then this book and series is for you. This is a book I had a hard time putting down as it is fast paced and full of action and intrigue. Please read this book as I know you will highly enjoy.

I've been reading Ms. Chase for a while, and while I haven't read everything she's written, I've loved everything I've read that she's written. Well, this book just blew those out of the water. Not only was it well-written, I loved the complexity of the plot, the great characters, the chemistry between the characters (especially Dax and Phoebe), and the action. I literally read this book in one sitting as I couldn't wait to find out what has going to happen next. For some reason, I found the more serious tone of the book captivating. However, that doesn't mean I don't love her lighter books, because I most definitely do, but this one just seemed to hit all my urban fantasy buttons. If you are a fan of Ms. Chase's and love urban fantasy, pick this one up; you'll love it! Highly recommend! I was provided the e-book which I reviewed voluntarily.

I have voluntarily read and reviewed a copy of Soulless as Sunset given to me by the author. Soulless as Sunset is the first book in the Last Witch Stand series and I loved getting to reenter this world with Phoebe. This book just dragged me in and I was so disappointed when I turned the last page I didn't want it to end. I so excited for the next book in this series.

Kristine (A Cozy Booknook) says

This is a terrific book, I couldn't put it down. This book has it all - a great story, captivating characters, a bit of suspense, and plenty of action. I look forward to reading more in this series.

Great story filled with lots of action and mystery. Wonderful mix of paranormal species and strong characters. Phoebe and Dax make a kickass couple and their relationship is lusty and loving. So looking forward to future installments. Meanwhile, I'll go back and read The Crescent City Fae series to see where it all began.

Denise Keef says

Take a kick-ass witch who is a vampire hunter and a strong, good looking shifter, team them up and you have the start of one fantastic story! The team is made up of Phoebe and Dax who work together to keep the peace among the paranormal residents in New Orleans. They are assigned to watch over the doings at a gala hosted by Pandora who is the consort of Eadric Alcott who is the leader of the Cryrique hive. When Phoebe is given another assignment, all hell breaks loose at the gala. People are kidnapped and it will take Phoebe, Dax along with Eadric and his minions to try and get them back with both sides having a stake in the search. I wasn't aware when I read this story that it was a spin-off of one of Deanna's other series, Crescent City Fae series but you really don't have to read that one first to know who the characters are in this one because it is

explained as you read along. I loved how the characters were brought to life in this book by the author. They are more than just words on a page as you get to know them and what makes them tick. I am so looking forward to reading more in this series as the dynamic duo team up to fight what I'm sure will be many other more creatures of the night and anything else that is thrown at them. This is a must read for anyone who enjoys a well written, entertaining, action packed story with amazing characters.

Pheobe is an excellent heroine, tough, smart and a powerful witch. Gotta love her. Then Dax, her partner, is a strong, intelligent shape shifter. What a team! And the group that they surround themselves with is filled with crazy, but awesome creatures. Link is one of my favorites.
