### Ashley says

Cute book. Silly characters, clever writing. Nice suggestion for kids who say they don't like school or don't like to read. Recurring characters make the books easier to recall. In this book, Mr. Klutz, the school principal goes to camp and leaves the VP, Mrs. Jaffy in charge. She has good intentions, but her renovations to the school and learning process result in calamities!

### Cecelia says

It was a funny book because they took a spelling test under water in a swimming pool and they did yoga instead of gym class.

I received this book as a birthday gift from Aunt Katie. Ms. Jafee is the name of my 2nd grade teacher!

Ms. Jafee, AJ, Andrea and Michael all have to do an under water test in a swimming pool and breath under water for a long time!

Dan Gutman understands young reader’s humor and has created a fantastic book formula to draw in even the most reluctant of readers. The *My Weird School* series is perfect for students to practice their reading skills with its repetitive yet hysterical narrative and story lines. But don’t mention that part to your kiddos, they might run away in fear they could learn something. A must have collection for any grade school library or classroom!

The vice principal, Mrs. Jafee, takes over when the principal goes to "Principal camp" for four days. The

book satirizes educational trends: Mrs. Jafee fires the gym teacher and hires a yoga instructor; experiments to see if children learn better in the dark, underwater, and while eating candy and cake; and has the children reenact the battle of Gettysburg with water guns. One of the really fun passages is when Mr. Granite the classroom teacher asks the kids what the word "vice" in vice principal means. Not even Andrea who reads the dictionary knows.

## **Jnase1 says**

The second and third graders at my school love these books. They like that they are funny and use words like "shut up" and "butt" as well as the exaggerated humor, some of which they don't always get. What I like about these books are the many idioms contained within each. It might be fun to make a class book about all the idioms and their meanings contained within each book...and you can also use this time, if you so choose, to address why using the words "shut up" and "butt" in school are frowned upon.
