DEAD NEWS DAY

Two months after an unlucky snowboarder vanished on the slopes above Alpine, his disappearance is old copy. Emma Lord, publisher of the Alpine Advocate, is back to writing about graduations and the latest outbreak of chicken pox-until the town's oldest family feud flares up, leaving three people dead, their bodies stowed in a meat freezer. The startling discovery of a fourth body sharing the victims' chilly repose launches Emma on the story of a lifetime. But as she races to scoop the upstart radio station with the late-breaking news, Emma unwittingly uncovers a shocking conspiracy that will change her life forever. . . .

Kim says

Wow, what a surprise ending. Can't wait to read the next book!

Glenn Harris says

An even more compelling Emma Lord mystery than usual, with a totally unexpected ending.

Judee says

This episode is an example of why I am hooked on this series. The characters return in the continuing saga set in Alpine, Washinton. The mystery is once again solid and sometimes downright baffling. The ending is a shocker that makes me want to start on the next book right away.

M says

#14 in Emma Lord mystery series. I couldn't get excited about reading this just now, so I've abandoned it for later, perhaps.

Alice says

I usually read her books and think nothing of them one way or the other. But this one may be the last. OMG! I really did not see this train wreck coming, and you won't either. Although, this was by far the BEST book in the series.

Glenda says

Nicely woven mystery.

Catherine Woodman says

This is a competent if not exciting seres, and definitely one of my favorites by the author

Johnna says

Wow.....a shocking ending! I was so caught up in this mystery that i never saw the twist coming at the end. Well played!

Ann says

I find the Emma Lord series to be very enjoyable, In a time when so many series seem to be dumbed-down, this one isn't.

Patricia says

What a frustrating ending. Frustrating. Frustrating. I do not know if this is the last book I will read in this series or not. Actually, this book's whole story line was frustrating to me on some level.

Mom says

Not much to distinguish this episode in the Alpine mystery series from others in the series except for the rather surprising ending. But even that seemed contrived and came too late with little development. Not the author's best effort but I will continue to read the series.

Melva Clark says

I liked the people well enough to miss them when I was finished.

Jill Frederickson says

This one definitely shows its age.

Christine says

WOW, ok did not see that coming. The mystery was really great but the changes in Emma's personal life went from "meh" to "OMG" in the matter of a page. Totally loved it. Can't wait to see the direction this takes.
