## From Reader Review Fred and Ted's Road Trip (Beginner Books for online ebook

### Jocelin says

I enjoyed this duo in "Big Dog, Little Dog" but in this story not so much. It's like "let's do the opposite of each other". That can get really annoying really fast. The book is just okay; a little disappointed. He is the same author that wrote the great book "Best Nest" so I was expecting a little more. It may be fun for little ones under the age of 3. I wouldn't read it to a child older than that.

*Category:* Hardcover

*Age:* 1-6+ years

*Synopsis:* Fred and Ted are a doggy duo created by P.D. Eastman, author of "Go, Dog, Go!" and "Are You My Mother?" Similar to Bert of Bert and Ernie (?? ????), Fred always haplessly gets the short end of the stick during their doggy adventures. In this particular book authored by P.D. Eastman's son, Peter Eastman, our canine heroes embark on a road trip that nearly results in disaster when Fred's car gets a flat tire.

*Bilingual benefit:* As the Fred and Ted books are a part of the Dr. Seuss Beginner Book series aimed at new readers of the English language, the text is simple and introduces opposites and rudimentary sentence structure. The illustrations are brightly-colored and Fred and Ted have a cheerful cuteness to them.

*Availability in Israel:* While this book is not available in Israel, it can be ordered online via Amazon.

*Previewing the book:* This book can be previewed on Amazon USA. (last checked 6/10/2014).

*Lil guy:* A regular read.

*Mama:* Highly recommended. I would buy this again and for a friend.

My 4-year-old liked this book. He thinks it's funny that Fred and Ted are so opposite.

"Fred and Ted were going on a road trip. Ted packed the lunch. Fred packed the tools."

My child loved that Ted drove on the road and Fred drove on the grass and that Fred drove through the mud

puddle but Ted drove around it. Of course Fred got dirty so Ted turned the hose on to squirt him off.

They finally found a place to stop for a picnic but then it started to rain. They got back in their cars and drove through the desert. Fred got a flat tire but luckily they had tools to fix it. Ted pumped the tire so full of air that it went up in the school (my son loved that!). A bird popped it and he went back down. They went home and that's where they finally had their picnic.

### **Heidi-Marie says**

Fred and Ted!! I loved growing up with them, and it's nice that the son has carried on his father's work and characters. I still think these are great early reader books. I always enjoyed their opposite natures and actions. And I adored their little cars! This is a fun trip for the kids to join along.

My son loved this book. If your kid liked Go Dogs Go, they'll love this one.

### **Meagan says**

This book is a great follow-up to P. D. Eastman's original Fred and Ted story. While the plot isn't quite as focused, the illustrations are just as fun.

### **Sarah says**

An okay read, however the ending was so abrupt and awkward , that even my 4 year old son noticed.

---

### **Netanella says**

5 stars, as declared by both a 4 year old and a nearly 8 year old, who also crowned Ted as the smarter of the two dogs. Great to read out loud with your little ones.

### **Leslie Hayden says**

fred and ted's road trip was a great starters book for kids. i was surprised being a dr. seuss book there was none of the normal rhymes. it was appropriate length but did seem as though the story line was all over. good book though.

It was a good book. I could use it for vocabulary words and for students to write a story of where they would travel to.
