The Vampire Hunter's Daughter

Jennifer Malone Wright

The Vampire Hunter's Daughter Jennifer Malone Wright

Fourteen-year-old Chloe witnesses her mother's murder at the hands of a vampire. Before the vampire can kidnap her, there is an unexpected rescue by a group of vampire hunters. Overwhelmed by the feeling of safety, Chloe passes out and they whisk her away to their small community.

When Chloe wakes, she comes face to face with the only other living relative, besides her mother, whom she has ever met: her grandfather. Chloe's mother kept her hidden from the family; now, Chloe tries to unveil the family secrets.

Through her grandfather, she learns her mother was a vampire hunter. In fact, her entire family is descended from the powerful bloodlines of vampire hunters. Chloe agrees to join the family she has never known for one reason only: Chloe vows to kill the vampire responsible for her mother's murder.

With vengeance in her soul, Chloe is even more determined to follow through on her vow when she discovers the true identity of her enemy and how he is connected to her.

The Vampire Hunter's Daughter is the first in a series of short stories by Jennifer Malone Wright.

Lindsay Kendal says

2 Stars (that is generous)

Firstly I want to say it takes a lot to get me this annoyed and to actually add on to a review. But I feel it necessary!

Beware, do not write what you truly think on here or anywhere else is you agree with me. You will get nothing but hassle!! You will find my original thoughts on this book below, but since I have had **NOTHING** but grief from the author, and her friends, and a few others on my FB review page, I thought I'd add more too it. It seems I've been condemned for not mentioning the storyline and for having my own thoughts and opinions. However I notice a lot of reviews of this book don't mention the storyline, but hey, since they are 4-5 star reviews, they don't have to. So here goes.

Chloe is a young girl who's life, world is changed forever after one awful night where she witnesses her mother get killed. She learned her mother was a vampire hunter. She then has a lot to deal with, she needs to adjust and learn more about herself.

Also I understand it says a short story. But to my mind, there is a difference between a short story and something almost none existent.

OK, finished. Below are my thoughts.

I'm sorry to those who like this book, but I found it... pointless. This is just the start of a story. That is it. Nothing more and nothing less. Not original, not... anything. I'm sorry, I'm an author myself and I know harsh reviews can be upsetting, but we all get them. My MAJOR gripe is the fact that all these books are tiny. All part of the same story. All SOLD separately!! Well, rip-off. Just stating a fact here. If you have a story to tell, then tell it in a book, full length one, instead of expecting people to pay for pretty much a chapter or two at a time. Hell, what a way to make money. Hey, why doesn't everyone do that?? Oh yeah, because we don't rip off our fans!

Can't say anymore than that. Didn't like it. Gave it two stars because I HATE giving 1 star reviews, and lets be honest, the cover is pretty. That's it. Other than that, I'm glad I didn't spend money on it.

K.B. Miller says

OMG!!! I have no idea WHY I had waited so long to read this short story, but I am kicking myself in the rump already! I needed a distraction today and decided to grab one of the shorty's on my kindle and I picked this little gem. Jennifer's writing is fluid, the story draws you completely in from the first paragraph! I need to know what happens to Chloe next!! I am running to amazon and snagging the rest as soon as I'm finished posting this.

5*****stars!!! Part 2 here I come <3

Bella Doerres says

The Vampire Hunter's Daughter Part I
By Jennifer Malone Wright

What if you were awakened in the middle of the night by your mother and told to hide? Voices you hear threaten her and when you come out to try and help you see her killed in front of you. Wouldn't your life be different from then on? Add to this that you find out your mother wasn't just that quiet mom on the street and that your legacy was to kill vampires, how would you react? With all this to deal with and face you also learn that your father is a vampire and ordered your mother killed. Read through this beginning and walk through all this with Chole. In this story she realizes that she has to become what she was meant to be, the vampire hunter's daughter.

Justine says

Well that pissed me off! How could Jennifer do that to the readers? This story ended right when it started! URGH! And the worst part is it ends right when the story gets interesting. And I can't believe that there are already six parts to the story and you can buy the complete set. I would do that if I were you then you wouldn't be left hanging.

But otherwise, the book was amazing!!!!!! It had a grip on me right from the beginning up until the very last period. It was action- packed, fast- paced, and filled with mystery and the right amount if emotion. From the very brief encounter with the characters, they seem like they have their heads on straight and will rock. I will be waiting to meet Chloe's dad and see if he is as bad as he seems. I can't wait to continue with the series and see where it leads.

Delphina says

This s the first installment of an old fashioned serial novel! I love it! It has been a long time since I have read a novel written this way. I find it fun, fun, fun! This installment sets up the whole premise of the series beautifully. I am actually goig to start the next one as soon as I finish this review so it is going to be super short ;).

Willow Cross says

I loved this!!! It's no secret that I'm a paranormal lover, so I'm sure it's not a shock that I loved this story. You should most definitely grab a copy and read it. It's free so if you don't love it as much as I do, you aren't out a penny!! ;)

Jenny Bynum Black Words-White Pages says

I gave this story 5*****s because I LOVE the way this is set up into Parts! The first part is were we are getting introduced to Chloe and the other characters in the book and what and who Chloe is! This is the first type of book set up that I have read and so far I am enjoying it! It puts you into more suspence because you have to wait for part 2 to learn a little more and so on!! I LOVE it!! Thank you Jennifer for an awesome read and I can't wait to read P2!!

Danielle says

I have to admit a book has to capture me in the first few chapters to hold my attention and intrest..well let me assure you that "The Vampire Hunter's Daughter" Captured my attention and intrest and kept me glued to each and every page ..It starts full of action and you are off and running into a very solid and well thought out storyline ..the characters are strong right from the very first page and the story continues that waythe only bad thing i have to say is that there wasnt enough of it ..i want more and i dont want to wait! Do yourself a favour and add "The Vampire Hunter's Daughter" to the top of you to read list. I give 5 out of 5 stars for this book and ask Jenn to PLEASE hurry im already twitchy thinking about part II

Carly Wallace says

Hi y'all Anne here. I was given the chance to read the short story by Jennifer Malone Wright The Vampire Hunters Daughter, and let me say I truly hope that this becomes a full blown book.. More parts are to come but the writing style and story line are intense, gripping, and fun. It takes a great writer to write a short story that will have fans biting at the bits to get more and that's exactly what this does!! Cliff hangers included!!The characters are likable and seemingly dangerous on some accounts, I can't wait to see how this story plays out. I can't wait for the rest of this story to unfold after loss, revenge, and pain maybe love will blossom for our young heroine!! 5 out of 5 stars for The Vampire Hunters Daughter by Jennifer Malone Wright..

Crystal Clifton says

This book is amazing I mean to be so young and to find out who you really are and the things you can do. Chloe is a wonderful character and as soon as I c an I am going to get hte rest and read them. Thanks for a great book.

Jennifer Treviño says

This whole series is TERRIFIC! A great read hands down!! I was hooked (line & sinker) after the very first

one! I began with the Part I (free version) & immediately went to purchase Part II-V. Then I was totally bummed to see part VI was not yet released. Eagerly awaiting the release I found myself needing a Wright fix, so back to search I went. I about jumped for joy to see her novel The Birth of Jaiden! It's a must read as well!! She brings such life into her characters & builds this story that sucks you in completely! Every book left me wanting more without making me feel like the ending was incomplete. She definitely has a knack for this! ;-) I look forward to reading many many more writings by this author!!!!

Samantha says

Ugh. Thank goodness this was free. I was under the assumption this was a book, but after downloading it, I realized it was a novella. In fact, the whole series is comprised of novellas.

Honestly, I couldn't even finish this. I got to this pivotal scene, where the girl's (I can't even remember the main character's name, and I literally just looked away from the page) mother was just killed in front of her, she is about to be kidnapped, and strange people bust in to try and save her. Through all this action, I felt **nothing**. Not one single thing. In fact, I was focused more on the lack of flow from sentence to sentence than the actual events. The writing, the story, and the characters, are forced and sub-par.

Seriously, don't waste your time on this. It somehow has a 3.83 rating, butttttt...

Learn from my mistakes. Put the book down and back away slowly!

UPDATE

Are you freaking kidding me?! I just saw a list for Best Independent Novels and this was ranked #2. 2nd?!?! As in, THIS IS THE 2ND BEST INDEPENDENT NOVEL THESE PEOPLE HAVE READ?!? Have they been reading the same book as me?! Oh jeez, I think I just died a little on the inside... it actually, physically hurts my head when I think about people enjoying this that much.

Donna {Book Passion for Life} says

** I will be reviewing these books all together so the rating reflects all three books. Possible spoilers ahead**

After reading books after books over the past few weeks, I felt like I needed a break to read something short, fun and easy. Trying to pick the book was the hard part but when I seen the author was giving away FREE copies away of part one of this series, I suddenly knew which series to try. And I got exactly what I wanted with The Vampire Hunter's Daughter.....a short, fun and easy read!

This story follows the life of a young girl named Chloe who one night watches her mother be killed....right in front her. When Chloe awakes she's been taken to a safe haven where she quickly learns it's her grandfather's house and that the people that killed her mother aren't humans but vampires. Chloe also find out that she comes from a long line of Vampire Hunters who protect people from vampires but how can Chloe be a hunter when she's a half-vampire? Now knowing who she really is Chloe is determined to to seek revenge on her vampire father for killing her vampire hunter mother but first she needs to train and train hard to become the best.

As Chloe starts training with help from Drew, it's not long before she encounters her first vampire since her mother's murder and even though she knows what to do, she freezes leaving Drew to save the day. She now knows she needs to train harder than ever and when she does it's obvious that she is more advanced than any other hunters. Maybe being half vampire hunter and half vampire isn't so bad after all?

The Vampire Hunter's Daughter books are fast paced and exciting short stories. This really isn't a series I'd recommend if you want something long or complicated, it is what it is and short stories are always going to be short stories. Now I think the author; Jennifer Malone Wright did a really good job introducing Chloe. Chloe's life is turned upside down when her mother is murdered and it was captured within the first few lines. Now Chloe as a character, I thought she was strong and easy to like, I did think she was a little rash at times. Like the way she reacts to Drew but I think that's her trying to hide her feelings. Do I smell a possible romance brewing? I hope so because I think adding the romance aspect into the story now would be great. Drew's a great character too but I'd like to get to know him a little more, he's kind of in the back-ground at the moment helping Chloe train so I'd like to see them interact that much more.

The storyline is exciting but at times a little too easily resolved and a little predictable but nonetheless still enjoyable. I almost wish the novels were bigger so we could connect to the characters that much more but again that would defeat the point of them being short.

Overall, *The Vampire Hunter's Daughter* books have had a great start and I'm eager to see what comes next.

Thank you to the author for giving me the opportunity to review these books.

Wanda Hartzenberg says

The Vampires Hunters Daughter: Park 1 by Jennifer Malone Wright.

My review:

This was a free download, and like with most of the books I download for free I make my decision based on the title and the cover. Whoopee for me.

Excerpt

First off, I love that Cloe, the heroin of the story loves to read and I have to share this sentence with your guys from the book "These books are ancient. They aren't your basic encyclopedia or articles written by a blogger." Since the preservation of libraries with printed books is a cause I feel strongly about, I loved this sentence and had to share it with you guys.

This is an amazing story but. . . hey, come on, you knew there would be a BUT. . . but, the story was only getting good when It ended, it is way too short and too boot it is the only book by this author that I own. So two very large BUT's in this. Since that is the extent of my criticism it should be obvious that this is a must read. I loved the story, I loved the Buffy meets Angle type of background that I found so terribly lacking in the Buffy series.

This however is NOT a Buffy the Vampire Slayer rehash or spin off. This book has a very distinct, unique feel to it. I sincerely hope the author, Jennifer Malone Wright has some more of these extraordinary tales up her sleeve and that they are readily available.

I know The Birth of Jaiden is available and believe you me. I am a hunting. I give this short book a 7 ***** review. I can't wait to get my hands on some more books by this author.

About the Author

Jennifer Malone Wright resides in the beautiful mountains of northern Idaho with her husband and five children. Between the craziness of taking care of her children—whose ages range from fourteen all the way down to six months— and being a homemaker, Jennifer has little time left for herself. The time she does have left, usually leading far into the night, is spent working on freelance work or her beloved fiction.

While she grew up, Jennifer always had her nose in a book. She has been writing stories and poems since grade school. This love of the written word and her strong interest in the paranormal is what led her to write her first novel THE BIRTH OF JAIDEN.

In addition to being a mother and homemaker, Jennifer is also a very proud military wife. Moving around the country for the last ten years has made her a bit of a nomad, and she finds it difficult to be in one place for too long.

Jennifer is also the author of THE BIRTH OF JAIDEN, a paranormal novel filled with action, suspense and even a love story.

Alexia Purdy says

An amazing start to an awesome series. The action starts right away! I like the writing, it was enticing and engaging, keeping you flipping through the pages to see what will happen next. My only regret is that I waited so long to read this. I have the next two shorts in this series and am looking forward to reading them. I highly recommend this author's works, she won't disappoint.
