Rachelle says

Despite my love of birds and papercuts, the storyline didn't carry this book adequately for me. Still, I marvel at Rob Ryan's ability to depict fireworks and rooftops so beautifully.

Flora says

This is a very beautiful book, which lends pictures to simple words in order to create an all encompassing feeling of understanding and clarity, backed up by a lot of love. I couldn't imagine reading this in a busy time.

Nicole says

What an exquisite philosophical story about life, love and the gift of parenthood with all its anxieties and joys. Rob Ryan has crafted a beautifully reflective piece exquisitely illustrated with highly detailed laser cut silhouette style illustrations.

As I browsed page after page, there were highly perceptive vignettes containing extraordinary pearls of wisdom. A joyous thing to have and hold. A Christmas gift from my children which I will treasure.

a small story to fill you with hope & graditude ... visually as lovely as the story. it resonates... should buy a dozen to give as gifts.

Vanessa says

Story was sweet but saccharine, the paper-cuttings were fantastic! Sometimes, as the text was made through paper-cutting, it could be a bit irregular and difficult to read, but overall, a lovely-looking book.

Kindlebug says

Beautiful illustrations, beautiful and uplifting (literally) story for children (and adults who haven't quite grown up yet!)

Evan Walters says

Beth Younge says

This book was a beautiful read. I managed to read this in a short gap i had Sunday morning before i left for work and i loved not only the story but how the art style was presented and how it was visually.

The story of this book is about two little birds expecting a baby bird and they get told very many scary things the mummy bird flies around the world as she wants to prove this isn't true.

The text had a hand written feel to it and it would be a beautiful bed time story for an adult or child as it had crossover themes and even though it was short, it did not read as 'childrens' book.

I wish i could more than five stars to this book as i want to own a copy soon as possible!

Rosie Vince says

Lovely pictures and nice story.

Laura (booksnob) says

I love this book. It doesn't easily fit into a category but it is a wonderful book for new families, graduates, bird lovers or anyone who wants a dose of wisdom and love. The artwork is amazing and is made up of paper cutouts. A Sky Full of Kindness is just LOVELY.

Francesca says

A really nice story. Amazing pictures.

Callum McLaughlin says

I found this book at random and thought its presentation was so beautiful that I just had to pick it up. The artwork is a joy to look at and the story one full of charm. It's described as a bedtime story for any age and I completely agree - There's something for everyone to take from this sweet little book.

Dreamydreamer says

A delicate story with equally delicate paper art. Sometimes the text was so difficult to follow, I had to use my finger, as though I was back in school, to follow. Tis process was not negative but pleasurable and I enjoyed it very much. It is a gentle story with life lessons shouting out. Worth a read. A book to pick up again again and again, one to enjoy over coffee.

Edward Sullivan says

An overly sentimental fable with unfortunately cluttered page designs but the paper cut art is quite impressive.
