The Red Knight

Samuel Z. Jones

The Red Knight Samuel Z. Jones

The great hero Kam Daishen lies dead; taking his name and armour, a young woman sets out to complete the slain knight's quest.

For twenty years, civil war has wracked the Darician Plateau; now the armies of the Empress Kaesa stand poised to seize victory. From the smoke of war comes a rebel champion, Sabra Daishen, sworn to the quest and guided by the ancient spirit of a warrior whose armour she wears.

To overcome the legions of the mad empress, Sabra must unite the rebel factions; accompanied by the old sword-diva Meridian Charn and the beastman archer Menalowen, Sabra sets out to raise an army.

But behind the imperial legions stands the Empress herself, a woman possessed of dark sorcery and supported by inhuman allies. To win victory on the battlefield, Sabra must first defeat the demons of her past to become more than a knight, and master the spiritual powers of a paladin.

Angelika Rust says

Yes. Yes, yes, so much yes. I seriously don't know what to say about this book other than, read it. If you like epic fantasy, characters you will simply fall in love with (I'll admit to a complete and utter girl crush on Kelisa and Sax Naylansis), a good amount of quick-witted humor, battle action and raucous singing, scenes that will play out like a movie inside your head and will stay with you for quite some time, then this is a must read.

I read this book on my Kindle, but I'm definitely getting it and the rest of the series in paperback format, to pick up again and again, to leaf through and re-read my favorite scenes.

Catherine Lenderi says

I must admit that though I am not a particular fan of fantasy books, I was instantly drawn into this story and kept reading it till I reached the last page. The Red Knight is a fast-paced story with lots of epic action. Besides the wonderful descriptions of characters and scenery, I was equally impressed by Samuel Z Jones remarkable ability to write using impeccable grammar and punctuation. As an English teacher, the correct use of language is something I always look for in a book and I was delighted to discover it in one of Mr. Jones' books.

I highly recommend it to all readers looking for an extremely good book and not just to fantasy fans.
