## **Cat Scratch Fever** Stormy Glenn

Waking up with memories of an erotic night spent in the arms of the sexiest man he has ever met, Azizi Dane is determined to track Manu Ucathya down and find out if there is a chance for more. But getting to Manu may be harder than he thought, especially when Azizi's father arrives to take him home, by force if necessary.

Manu Ucathya is bound and determined to claim his anamchara once he meets him. He follows the time-honored traditions of his tribe and approaches Azizi Dane's father. When Azizi is brought to him unconscious and handcuffed, Manu is enraged. When Azizi wakes up with no idea why he is there, Manu feels like his heart is breaking.

But keeping Azizi proves harder than Manu thought, especially when a misunderstanding drives Azizi from his side and right into the hands of the hunters. Saving Azizi may be just as hard. Someone close to Manu holds his anamchara responsible for things that Azizi has no knowledge of but they are determined to make him pay anyway—with his life.

## From Reader Review Cat Scratch Fever for online ebook

### Phaney says

[Azizi's torture was nothing short of gruesome. I am glad they skipped the description of it happening, but to be piecing it together while he is hanging nailed onto a cross and dying from multiple injuries was harrowing. (hide spoiler)]

---

### Lasha says

For me, this was the weakest edition in the Tribal Bonds series by Stormy Glenn. While I enjoyed books one and two, the third installment turned a little more serious. Manu Ucathya lives by the old ways and when he meets and claims his anamchara, Azizi, he thinks he's doing everything right by contacting his mate's family. However, Azizi's family has some secrets, ones he was not privy to, and this causes huge issues for the two lovers.

In Cat Scratch Fever, we get Manu's story. You might remember him as Luca's brother from book one, and while I found Manu and Azizi's story as compelling as the others in this series, the ending just did not work for me and caused a lower rating.

But what did work? The tribal politics and cross-cultural issues between a human (Azizi) and his shifter mate was a different take on the usual shifter romance and I found it fascinating. Plus, Azizi and Manu burned up the sheets together and we got to check in on Luca and Rowan, my favorite characters from the series!

So while I enjoyed certain aspects of Cat Scratch Fever, ultimately it was the villain, his sub-plot and the confusing ending that I just couldn't get into. Recommended for fans of Ms. Glenn, this series and shifters. Otherwise, I would give this one a pass, and start with the first book in the series, Just A Vampire which had some utterly delightful moments.

### Candice says

Why didn't Manu know who Azizi's father was? Everyone else appeared to know. I thought that was weird.

I thought I liked Seth, but he turned out to be an asshole. I wanted to punch him for hurting Azizi like that. Poor kid :( It was his fault Azizi got attacked. I would never be able to forgive him for being so cruel.

---

### Serena Yates says

The third volume in this series has a somewhat more serious tone than the first two, as well as a new element to the mix. This time a human, Azizi, is paired with a vampire, Manu, but that isn't all he is. With Azizi not knowing the rules of the paranormal world, there are some surprises for both main characters, and a slightly different struggle until they can figure out how to live together.

Azizi has fought very hard to become independent of his overbearing father. Just when he has finally succeeded, it all seems to have been for nothing. Adjusting to the fact that he is a vampire's soul mate is hard enough, but finding out he is considered to be his "pet" carries all the wrong connotations for Azizi. Some of Manu's reactions and expectations remind him too much of his father, and Azizi finds it very difficult to imagine he can live like that on a permanent basis and be happy. All kinds of misunderstandings and cross-cultural communication issues stand in his way before he can hope to achieve happiness.

Manu may be the second in command of a vampire tribe (his brother is Luca from the first book), but he is no less dominant. He expects his mate to accept him, live by his rules, and never look back. Manu has these paranormal rules so ingrained in who he is that he doesn't even see why Azizi might have issues with them. Manu has a lot to learn, and it takes a while for him to get it, but when he does, he turns out to be a wonderful mate.

This is a story about cross-cultural problems, the effects of bigotry and prejudice, as much as it is a love story between Azizi and Manu. The various paranormal species and humans have quite a few problems to deal with, and this third book begins to reveal some of them in more detail.

If you like paranormal stories, if fighting prejudice and making the world a better place is something you like the main characters do, and if some very hot action between the sheets is your thing, then you will probably like this novella.

---

### **Lizzie says**

Probably my favorite of the series especially since Ms. Glenn allows reality to invade the fairytale. Relatively speaking that is.

---

### **Kinny says**

This does not disappoint. There is a scene here where azzizi was tortured and made me cry. Seth, Rowan's brother turned into an asshole in this one. The deep love between Manu and Azzizi made my heart sing and toes curl. One big Awww. A bit heavier than the first two books in the series tho.

Manu decides to go the way of the old traditions and offers a mate price for Azizi, but it doesn't turn out quite the way he had hoped. Azizi is hoping to find Manu again, but his plans are interrupted when his father turns up. The next thing Azizi knows he is waking up in a strange room with Manu. Both Manu and Azizi struggle with the changes and Azizi ends up in more danger than any of them thought.

This story is more serious than the previous two books with much more hatred between the species. It also continues with the rogue hunter theme and also betrayal from an ally. Azizi faces a lot in this book, from finding out about the paranormals, finding out the true nature of his father, his father's betrayal, his friend's actions and being tortured. How he kept his nice nature I really don't know. Manu struggles with having a mate that is a human who has no clue whatsoever about how he is supposed to act, but he doesn't make it any easier when he doesn't exactly explain anything.

Azizi is a lovely man who ends up being hurt by a friend and betrayed by his father. Azizi is one of those humans that you would love to know and keep close always just because of his innate goodness and his forgiving nature. Manu seems to be very much the traditionalist, but he does soften up eventually with the understanding of different backgrounds. We also see Seth, Rowan, Luca, Gregory and Daniel in this one. all are woven well into the story and Seth isn't very nice in this one.

There were a few niggles that bothered me and it was mainly to do with Azizi's reactions, because at first I thought he knew about vampires because he didn't turn a blind eye over what Manu was telling him about soul-mates and anamchara etc. But, it was more of a deduction that he came to and he didn't have a clue as to what it actually meant. Then it was about the shifters, because he had a conversation about Rowan's old alpha. But, then later he was really shocked that Rowan and Seth were shifters. It just threw me a bit.

I will recommend this to those who love shifters, vampires, hot sex, soul-mates, danger, betrayal, misunderstandings because of different cultures and a happy ending.

### **Leandra says**

I loved this one. It got a little rough in some places but it also got better. I was almost scared to read it but I'm glad I did. It turned out to be a great read.

### **Debbie Benson says**

Azizi Dane wakes up realizing he had spent the night with Manu. When he looks in the mirror, he sees the remains of two punctures on his neck. On the way to see Manu, his father comes and stops him. Words are exchanged and Azizi is knocked around and then out. Azizi is delivered to Manu in exchange for gold. Manu is following old customs when he offered gold not realizing Azizi and his father were estranged. Unfortunately Manu and Azizi didn't talk enough despite being mated and confusion and hurt feeling are caused. Azizi leaves and is kidnapped by a wolf shifter and tortured because of who his father is. After being dumped on his father's doorstep, he is tortured further by his father. Manu rescues him just in time to save his life. The guilty wolf is dealt with. However, the father is still at large.

**~SexyBookWorm~ says**

4.5

I liked this book but the character names were a little weird. Manu and Azizi? ? umm ok. That's a weird Christmas card..

I feel like there are lots of characters that come up in the book and sometimes I feel like. .who is that again ?

---

**Jacq says**

I adore this sweet read. I lik that the writer add a touch more to the vampire!

---

**Nikko says**

Loved this one!!

---

**Kelly H. (Maybedog) says**

The least dubcon of the lot, thank god.

Rowan's in Luca's lap then Luca puts his arm on the back of Rowan's chair. Huh?

I like how everything wasn't perfect, that a good person still died, that caring for a baby was hard. Some stuff worked out too perfectly but having Seth, a great guy from other books not be perfect was wonderful.

4.25 shifter stars

---

**D says**

Best of the three. Hope there is more to come.
