Leon says

A really good book.

Novelist says

Did the Piraka really think they could try to make themselves look like Toa??? Wow. Anyway one of the better ones.

Jerome says

Another action-packed Bionicle Tale, with the introduction of the Piraka, a loosely allied gang of villains motivated by selfish ambitions rather than grand Makuta-style plans. The return of the Toa Metru was interesting to watch, and their fate provides a nice twist to the story, even if it seems a bit over the top.

Sebastian Victoriano says

Pretty good.

Rachael says

Meh. Little Man, age 6, liked it. It's a story created off of a LEGO line. It's not a bad story, per say, but its a rather one-dimensional story.
