## **Rebound** Sabrina York

Kristi Cross has had the hots for her friend, Cameron Jackson as long as she can remember, but she knows she's not his type. She's nothing like the women he dates. So when he suggests they play for a kiss over a game of Hearts, Kristi can't resist. Even if she loses, she wins. Because she's finally going to taste him.

Of course, one kiss can quickly become something altogether steamier, especially when both parties are on the rebound...

Fall in Love on Tryst Island... When a group of friends share a vacation house, wild hijinks, unexpected hook-ups and steamy sex ensue.

## From Reader Review Rebound for online ebook

**Sheryl says**

**BLOODY AWESOME start to this new self published series; Tryst Island from Sabrina York!!!!  
Kristi and Cam were just so darn funny and sexy together!! I cannot wait to read the other stories in  
this series...**

---

**Nikki says**

Whew! This was a super hot friends-to-lovers, that just so happens to be the start of a new series which I am highly looking forward to! ;) Especially if the rest will be as panty scorching as this one!

---

**Crystal says**

That. Was. Hot.

More? Ok, fine. That was really hot. :o)

I can't put my finger on it, but Rebound seemed like a new side of York's writing that we haven't had before. Rebound had all the essentials that make up a super steamy York book, but with a twist of light and fluffy romance with just a hint of kink. I loved it! Cam and Kristi had perfect chemistry with their playful banter between the two of them and with their friends. They have a couple misunderstandings that had me cracking up.

I love series of books that involve friends. You know that there is a built-in relationship that everyone already has, but there will also be a budding romance between the characters. The first book is always the best because I love watching how the secondary characters act with each other and try to pick out what the other couples are going to be. I think I know who is in love with who and I can't wait to see if I'm right. Bring on the rest of the Tryst Island series, Sabrina! :o)

---

**Alice says**

**2.75** smokin' stars

*Strap in Cam Jackson, she thought. You're in for the time of your life.*

Cam has had his eye on Kristi for years, she's become something of an obsession for him. He learns that Kristi has broken up with her boyfriend, so he takes a shot...

Kristi has had a crush on Cameron for years. But he's always been unattainable, always in a relationship, and

she's never been his type. Until now. Kristi seizes her chance to have a night with Cam, but only as a rebound...

This is my first book by Sabrina York, and it's great! It has romance, and erotica, and also, little bits of angst, and drama.

It's written really well. Although, I have to admit there isn't that much depth to the characters, but it's a shortie (and erotica), so that's to be expected!

As soon as you start, you get whipped up into the romance between the two MC's Cam and Kristi. Which is portrayed in two POV's which are easy to tell who is who, and doesn't repeat the scenes back to you.

"This is the Cam Jackson show. You are a canvas, and I'm painting on you."

The characters are really quirky, and are thoughtful of others, which is a kinda sweet aspect, which I wasn't expecting. Like when (view spoiler)

*A copy of Rebound was kindly provided to me by Sabrina York, the author, in exchange for an honest review.*

## **Mandie (Naughty Book Snitch) says**

**Heat Level:** 3 out of 4 flames

**Overall:** 4 out of 5 stars

**Reviewed by Naughty Book Snitch:** Mindy

See Mindy's Blog Review Here

I'm not really sure where to start because there is so much story packed into this little 84 page book. Kristi is having a really bad day and is in need of a weekend getaway with some of her close friends... aka, "Dawgs". Cam, is one of her friends that she has secretly been crushing on for a very long time and he happens to be there this weekend. When Kristi arrives at the vacation home everyone has gone out partying except Cam. So, why not play a game of poker where the bet is just one innocent kiss? Well, Cam is hardly shy about it and is throwing the game like he's a teenage boy who's just hit puberty and is about to watch his first porn. But Kristi is his match in this game.

*"Because whatever beast lurked in him, prowled within her as well."*

*"He flipped her over and yanked down her panties, so she stood before him, bared to him, bent over the table, legs splayed as far as her pooling jeans would allow. Without a word, he unzipped his jeans, yanked out his cock, and thrust it home."*

That scene gave my stomach butterflies and I had to seek out my husband ASAP! **All** of the sex scenes in this little book are exceptionally detailed and hot.

I really liked this short story. So, I bet you're wondering why only 4 stars? Well, first I feel like it was a little rushed. I know it's a short story, but there is so much more story to be told and therefore felt a little incomplete. Maybe that's the selfish part of me coming out. Second, I don't know who chapter 9 was about. Maybe that was on purpose to get me to come back? If that's the case then this author was successful!

For an erotic short story, it was very compelling and the reader gets sucked into this world very quickly. You can see the intricacy of the story start to develop and personalities of all the different friends come out. This is why I said there is a lot of story packed into this short book. This is very well written and Sabrina York has a new fan.

Overall, I really liked this and can't wait to read more of this series and even more from this author. I absolutely love the friends turned to lover troupe and this was well done. The sex is steamy and satisfying with lots of delicious details. I'm left hanging a little with the last chapter and who it's about and I am **very** curious about Holt and his shenanigans.

BUY THE BOOK

### ♥? Dorsey aka Wrath Lover Reviews ♥? says

Fun, sexy read. I really liked the characters and the interaction between them. Looking forward for more fun at the "The Beach House"!!

---

### InD'tale Magazine says

Book and coffee shop owner Kristi Cross needs a break from her hectic schedule. She heads for the vacation beach house she shares with a group of college friends on Tryst Island, just off the coast of Washington State. Upon arrival, she finds that her college crush, Cameron Jackson, is also staying for the weekend. Even better, he is recently single and seems determined to get Kristi into his bed! Kristi quickly finds that sex between them is amazing, but she wants more than just a weekend fling with Cam. Is he willing to give her his heart as well as his body?

This is a fun, quick read which does not skimp on steamy action between the sheets (or on the pool table)! The camaraderie among the group of friends feels genuine, and Kristi and Cam are likeable characters. Kristi, especially, is strong and sassy and not afraid to stand up for herself or put someone in their place if

needed, be it a good friend or her jerk of an ex-boyfriend. The sex between the main couple is lusty and energetic, occurring almost immediately, and a bit of a wait to build more sexual tension would have been nice, but immediate gratification works, too! Biggest complaint is that it's too short! However, more novellas set on Tryst Island are in the works, and this is a good introduction to the series as well as a pleasurable beach read to get one in the mood for summer.

## SamJ ★Needs a HEA★ says

Complimentary copy received through Netgally in exchange for an honest review.

\*\*\*\*\*

3.5 stars rounded up to 4.

For such a short read, I rather enjoyed this book.

*"You know Kristi, I cant remember a time when we were both...single"*

*Her heart seized. "What?"...*

*"Think about it. Since the day we met, one of us was always in a relationship"*

.....

*"I was thinking we could play for something"*

*"S-something?"*

*"A kiss maybe?"*

So what happens when two friends, both single at the same time for the first time, decide to act on the attraction they feel for each other?

As I say, a very quick, but hot and sexy enjoyable read. I love when we get the H pov as well as the h. I like to see how emotionally involved they are in what is happening too, and it certainly added something here, a depth to the relationship that might have otherwise been lacking, given the shortness of the book and the time-scale involved in the story. In fact, Cam as a character was very endearing.

For a short book, for me, there were a couple too many secondary characters introduced or spoken about. I found myself having to flip back a couple of times to remind myself of who a person was and their connection to the main characters.

Also, some of the terminology used, for certain body parts was a bit, well, 80's Mills and Boon.

For example: *"Milky Globes"* *"Tingling slit"* *"Stiff pike"* *"Creamy depths"* It was a bit jarring at times.

It also ended rather abruptly.

There were a few formatting issues - line breaks in the middle of a sentence sometimes for example, and could have done with proper page breaks between Chapters. If this was just a kindle issue I am unsure.

However, I did enjoy the book, and this is a new to me author, but, I will be continuing on with the series, as

a couple of secondary characters caught my interest and I would love to read their story.

---

## **Pam says**

*3 stars*

***"Wangdoodles and va-jay-jays."***

A weekend away is exactly what Kristi needed and what better way to spend it than with her **"Dawgs"**, especially after officially ending her relationship with her prick of an ex,

***"the Dawgs, as they called themselves— the eleven souls who'd lived in McCarty Hall at the University of Washington and formed a bond while screaming at the television during football season."***

Cam, is the only one Kristie has ever been secretly lusting after, but the problem is they've always just been friends. So this time, they find themselves alone in their vacation home that the group all co-own, while everyone is out partying. Cam wants to play a game, one Kristie doesn't think she can survive. Little does she know she isn't the only one struggling with need, so they play for a kiss, one they secretly hope will lead to so much more. Out of the entire time they've known each other, they have never been single at the same time

***"...she'd long ago learned that heartbreak could come whether you were careful or reckless. Might as well be reckless."***

Things heat up quickly and they are both learn they are the perfect match in and out of the bed

***"He'd known she'd be like this in her passion. Wild. Unrestrained. Demanding. He loved it. Fucking loved it... but he wanted, needed, more."***

\*\*\*\*\*

A Fun short read, I really wasn't expecting much but, I was surprised at how much the author was able to put in. We all read the story of friends who became lovers but it was the dynamic of the group that made it interesting for me. The sex scenes were sometimes hilariously descriptive but steamy in it's own way. What I liked is that they both went after they wanted.

It was a great introduction to the gang, which it looks like we will be seeing more of in the coming books. Each person had a different personality and you can see the web being built. There was a little jealousy drama, some possessive-chest-puffing match, but nothing over the top because well it's a short book. This

book did get me excited to see what's in store next. It kinda reminded me of 90210 and Melrose place.

---

## **Marta Cox says**

First in a new series from this author and such a light quick read that it's impossible not to like it. If you are searching for a steamy read then this book delivers. Naughty but nice and can I just mention that cover? Amazing cover art and definitely a reason to pick up this book for me!

Does the story deliver on the promise of the cover though? It's essentially a series about a group of friends sharing time away from their everyday world and all it's problems at a dream vacation home. This story features Kristi who has recently split up from her cheating boyfriend but realises that they were going nowhere anyway. She's always had the hots for Cam but he wouldn't be interested in her, would he? Well apparently he's had his eye on her for sometime and now they are both single it seems like the right time to do something about it. Rebounds are never a good idea but sometimes it's the right thing to do.

It's a short book but surprisingly it flowed very well. Characters are likeable and both deserve that special someone in their life who will truly care about them. It's almost a comedy of errors at times as the couple try each other on for size whilst trying hard not to give too much away to their mutual friends. Is Cam the only guy interested in Kristi? Maybe not! One thing for certain if theres any competition then Cam will certainly rise to the challenge ! Expect some good loving and fun shenanigans from this one!

Its a short tale but a fun one. Lots of supporting characters to get in the way and probably get their own stories told soon. Quite a lot going on considering the length and a plot that developed nicely. There's one particular side character that I suspect will definitely get his own book and that will probably be a very raunchy one. As it's the beginning of a series obviously there's still a lot to learn about the other friends who holidayed on Tryst Island but I found it easy to read and had no trouble understanding what was happening. If a short sexy book about old friends reconnecting and acting on a mutual attraction sounds good to you then pick up this book. A new author to me but definitely one to watch.

---

## **Kelly says**

I'm not going to lie, guys, I picked this up for the cover. Because that cover is sexy. The good news is that the story didn't disappoint. It's a nicely naughty (while still being very sweet) friends-to-lovers read that made me want more! And with the group of friends Kristi and Cam are surrounded with, I'd have to guess that there are plenty more stories to tell.

But enough about their friends, lets talk about the LONGING that Kristi's had for Cam FOREVER. She's wanted him since they were in college but she thinks she's "not his type" based on the other women he's dated. Meanwhile, Cam's got a hard-on for Kristi but circumstances (the two of them never being single at the same time) makes him keep his distance. Apparently, the stars aligned this time around and they were able to do naughty, naughty things to one another when no one was looking.

Bottom line: the book worked for me. I liked Cam. I liked the crazy eyes both of them got when they saw the other with someone else (even when it was innocent). The sex was hot. The friends were fun. The potential for more sexy shenanigans in the future makes me grin.

-Kelly @ Reading the Paranormal

Rebound was a free Kindle book I downloaded on 05/06/13 for the Why Buy the Cow? reading challenge.

## Heather andrews says

Jesus Cam sure knows how to make my panties wet, and a certain part of the boy has a mind of it's own, "and his co\*\* was rather insistent. His co\*\* wanted to be in her. Now." And well Kristi can wound his fragile male ego and the boy has to defend it, "it wasn't a fluke. I'll have you know, I'm damn good in bed." And he's not afraid to say what's on his mind, "best effing night of my life. I'd like to top it tonight. Right now. Why don't we, I dunno, go for a walk?" He didn't fancy effing in the woods, but hell, he needed her again. And the squirrels probably wouldn't mind." I loved this story from start to finish it was entertaining.

---

## Ally says

**Could not stop laughing. Thanking the good Lord I did not take this serisously.**

Tell me how I could ever take a book seriously when it uses the following "vernacular" "His balls tightened into hard little nuts."? Can't? Right? It's a good thing.

**Setting / Time / Genre:** San Juan Islands, US, current

**Series:** Yes

**Sexy times:** Everyone is schtupping or at least wants to be.

**Plan on reading more by the author:** I do not know. Apparently I have another one of her books on my kindle and I "Hell No'd" one of her historicals.

**Synopsis** Friends since college, the guy, Cam, finally realizes that gal, Kristi, is all that and a bag of chips so naturally, on a weekend at the vacation house they all share, he maneuvers things so that there's a tryst or nine. Pepper this with a set up for a continued series, an annoying moment with her sister and some other stuff and well...I guess you got a novella.

**Why it did or didn't work for me:** Ok, the best part of the book that worked for me? All the terrible awful sex descriptions. I seriously spent the afternoon laughing like an idiot. ermahgerd...the best. Saliva pooling only to be sipped on up....and wombs clenching. I call that childbirth but what the hell do I know.

Signed,

*Not much here - sorta worth the diversion. Sorta.*

**Yea, I'm outta this one.**

---

## Gaele says

This is a short novella length introduction to the group of long-term friends that share a beach-house together in Washington State. Kristi has had a bad day: walking in on her long-term boyfriend bonking her best waitress, she's really going to miss the waitress. In a last minute decision, she heads to the beach house that she and her friends share, to get away for the weekend.

The first person she encounters is her long term crush, Cam. Not knowing that he too, is on the rebound, the two start a flirtation that goes from simple revelations to swift, steamy hot sex. Nearly getting caught out by the rest of the housemates several times, the two quickly realize that this rebound relationship may have potential for more.

Characters with clever conversations, a few mix-ups with 'who wants who', and some starkly sensual steamy scenes, this is a great introduction to this group of friends set in the Pacific Northwest.

I received an eBook ARC copy from the author for purpose of honest review for the Jeep Diva. I was not compensated for this review: all conclusions are my own responsibility.

---

## The BookChick says

**My Rating: ★★★★★**

VERY GOOD: The characteristics of a 4 star book include: a great story; I loved the characters; and there was an interesting plot and unique story elements; there may have been a few odd things kept the story from being amazing. I would read it again and I would recommend it to a friend.

### **My Thoughts:**

This book was hot. I will totally confess that it had me fanning my face to cool down. But, the thing that I really liked about it was, that although it was short, the story was strong and contained a solidity to it where you could feel the connection between the characters. I loved Cam! And, Kristi was pretty cool too. I enjoyed the byplay and the group dynamics of the Dawgs and so so look forward to seeing what happens next.

### **Ratings Detail:**

Rating for female protagonist: 4★

Rating for male protagonist: 4★

Steam Level: 4★

Plot Viability: 4★

General Storyline: 4★

Story Ending: 4★

Ease of Reading: 4★

Book editing: 4★

Cliffhanger: No

**Overall rating: 4★**

Would I recommend this series: Yes.

Would I continue the series: Yes.

Would I read other books by this author: Yes.
