Jennifer Watkins says

6 books with hot cowboys, what more could you ask for? These books were all amazing and HOT!!! I was already a fan of Sable Hunter and Donna Michaels before I read this box set and had read most of their books. I am happy to say that I have now been introduced to some more amazing authors who write about great cowboys. Each book in this set was wonderful in its own special way, however I will always be partial to Aaron from Cowboy Heat. :) If you are looking for an amazing read at a great price you have to get this set, you will not be disappointed!

Lori says

Wow! Truly a great series that definitely needs a fan when reading!

Sable Hunter's Cowboy Heat:

I loved how Sable pulls you in right from the beginning and makes you fall in love with Libby. She is a character that you want to protect, make everything healthy and give her all the she desires. Then there is Aron. This big hunk of man who has been hurt but it so immediately drawn to Libby. The storytelling is wonderful and heartfelt. It is a great beginning to this series. I started the book and had to keep reading it with the barest of interruptions. It was refreshing to have a story that was so full of love, a tight family unit, and true affection for each other.

COWBOY UP:

I liked reading this story. It had great angst and smoking hot chemistry. The only thing that I didn't mesh with was that the whole situation occurred in less than two days. I would have liked for the couple to have known each other a little more, deeper connection, but I guess when you meet someone and know immediately that they are the one, then that's how it is. Great story and would love to read the rest of the series.

HER FATED COWBOY:

Wow! This book just hooked me from the beginning. Loved the way Cole and Jordan connected from young ones to adults. And the way they healed each other. I laughed at the things they said and did to each other and mentally visualized the whole story. So good that I had to stop reading this 6 book series to go buy book 2 (Connor's story) and read it. The book was very realistic and so relatable. Very touching.

RIDE OF HER LIFE:

I do not usually read the books featuring threesomes, but this one was freaking hot and could definitely make you rethink threesomes. Wow! Sawyer and Beau!!! Yummy!

SEX ED COWBOY STYLE

Very cute story. Kept me guessing for a bit, couple of twists I was very nervous about. I always love the kid

sister and brother's best friend stories and this one did not disappoint.

COWBOY UP

Very fast quick intense read. I loved the unrequited love, frenemies story. And top it off with some fudge, very hot!

Shirley says

I was already familiar with the writing of a few of the contributors to this collection, and that was what prompted me to purchase. For those writers I was introduced to in this collection, I am now eager to read more from them.

While all the writers have shared a story of a smokin' hot cowboy (or more), their styles are very uniquely their own, and yet they are a perfect combination to be included in this collection. What a GREAT way to introduce each of them to new readers.

This is a fantastic collection of western romance novels and I would strongly encourage anyone who is thinking of downloading . . . click the "Buy now with 1-click" button . . . NOW.

Donna says

Hell yeah?? Augh... Hell NO. I don't even know if i can put into words what i thought of this first story. I did finish reading it, although at times i thought to myself why am i wasting time on this... It was a very mixed bag for me.. I loved the steam, but didnt feel the chemistry. Instant love does nothing for me... There was no time to get to know these people, so it was hard to feel for them. Some great writting at times, other times i thought the author was drunk... At times it was so bad i had to laugh, and at other times i had tears in my eyes.. I am at a loss what to think about this book! I rate it 2.5/5. Would not want to read any more books by this author.. Not for me!

Cowboy Jacpot Christmas... Oh No.. Same author... Well here goes..

Ok so i have finished this quick read and i must admit it was better than the first one.... Once again, instant love...augh!! But i put that aside and just enjoyed the story. 3.5/5... Onto the next one now.

Her Fated Cowboy by Donna Michaels... Mmmmmnnn, well i am glad its over.. Not that it was totally bad, most of the book was good, but it dragged on and on.. Especially with Cole and his attitude problems. Whilst i felt for Cole at times, he was his own worst enemy and in the end he just got on my nerves. Jordon was the star of the book. 3.5/5.

... I am giving up on this box set now.

Dawn Johnson says

6 for the price of 1, well to me that is such a great deal.

Of course I Love Sable Hunter & ALL of her books. I Love the Hell Yeah Series that is why I purchased this set as well as to check out the other Authors. Which I am glad I did because I did find new Authors I will

read now.

Now let me babble some more. I lost interest in "Cowboy Jackpot" only to be pulled back in by "Her fated Cowboy" WOW this had me hooked from the very beginning even though I was ready to slap some sense into BOTH of them but then "Ride of her life" well I lost interest I am not a prude by far but I am finding that menages are not on my list of things I like to read about. SO then we move on to "Sex Ed Cowboy Style" I liked how this story began even far fetched but then it took a turn that just didn't do it for me. But then we move to "Cowboy Up" which brought me back slowly.

Each story has their own HEA which is what I like & I am glad each are stand alone not a fan of the novella or cliffhanger books but in a pinch novellas will do.

So this set has something for everyone I think & it is worth the read.

Margaret says

Six cowboys - sold! This was a great anthology that introduced me to some awesome authors. Can't wait to continue some of these series and check out their other works!

COWBOY HEAT (Hell Yeah! #1) by Sable Hunter

4 Stars

This was a quick and fun read. There was lots of heat and steam, and I loved the family dynamic that the McCoy brothers shared. My only complaint would be that the dialogue was a bit over the top for me at times – too many nicknames and silly talk for my liking, but the heat and steam had me turning the pages and enjoying the story.

COWBOY JACKPOT: CHRISTMAS (Cowboy Jackpot #1) by Randi Alexander

4 Stars

This was such a fun, quick read with lots of fun banter, tons of steam and heat, and some angst thrown in for good measure. Don't let the novella length fool you, there is a full length story in the pages that not only makes for a great read, but also introduces a great cast of characters that are sure to make for more great stories in this series.

HER FATED COWBOY (Harland County #1) by Donna Michaels

4 Stars

This was an emotional read with lots of angst and some hot & steamy times. I love when an author can take me to extremes about a character – I often found that I couldn't decide if I wanted to smack Cole aside the head or cry for his heartache. The sparks that would fly between Jordan and Cole were great, and that tension that existed between the two led to some fun times.

I really enjoyed this book and can't wait to read the rest of the series. These Dalton boys are sure cut from some fine stock and have all sorts of cowboy sexy going on – makes for some fun reading time!

RIDE OF HER LIFE (Buckle Bunnies #1) by Paige Tyler

4 Stars

What a quick, hot, steamy cowboy read! There's not too much of a story here since this whole story takes place in just one evening, but there was a whole lot to like! The steam and heat were great, but I also loved the humor and found myself laughing out loud during the dinner scene – I would have loved to be the waitress witnessing the shenanigans going on under that table! And when the games finally begin up in the hotel room, Daisy is in for the ride of her life!

This is the first book by Paige Tyler I have read, but I will definitely be checking out more whenever I need to get my cowboy groove on!

SEX ED COWBOY STYLE (Ugly Stick Saloon #1) by Myla Jackson

3 Stars

I always love these best friend's little sister stories, and this one was no exception. When Kendall enlists her friend to help her come up with a plan to get her brother's best friend to realize that she's all grown up and notice her, you know that all sorts of wild times are in store – especially when this plan has Kendall asking Ed to give her “Sex Ed” lessons. All in all, I enjoyed this story. A quick, hot, steamy read with a bit of angst and a lot of naughty!

COWBOY UP (Sweet Shop #1) by Melissa Schroeder

This was a quick, steamy cowboy read with a bit of a magical twist thrown in. After her now ex-boyfriend drains her bank account and she loses her job, Linda does the one thing she swore she never would – return to the dude ranch she grew up on, which she now co-owns with her high school crush Nic. What Linda doesn't realize is that Nic has always wanted her, but knew he could never act on his feelings because of her father. Now that she is all grown up and back at the dude ranch, the sparks fly and the tension mounts between the two...throw in a little magic chocolate and some erotic dreams, and you have one sexy, steamy read!

Emily says

I bought this collection because I'm a fan of Sable Hunter's work. After reading all of the stories in this collection I can now say I'm a fan of all of these authors. I absolutely loved this collection & can see myself reading it again! I've already bought a few of the books to finish the series from the other authors. And added the others to the top of my wishlist. I highly recommend this collection to anyone that loves romance and cowboys!

Book One: 1. COWBOY HEAT ***5 STAR REVIEW***

Hell Yeah! Series, Book 1

Sable Hunter

<http://amzn.to/1yeJvhH>

Genre: Contemporary Romance

Libby Fontaine has never really lived, she's spent all her youth in and out of hospitals fighting leukemia. Once she goes into remission, this romance reading firecracker decides to live like she is dying.

The McCoy brothers are a strong, sexy, family oriented bunch. Aron McCoy, the eldest brother tries to keep a level head on his shoulders, but his nasty ex-wife has scarred him. When Libby comes to work for the McCoy's, she can finally go after her once-in-a- lifetime dream, Aron.

But has his ex-wife hurt him too much, can he let Libby in? Will Libby's fear of her leukemia returning keep her from what her heart wants? This was the first Sable Hunter book I've read, and Hell Yeah! I want more! I was sucked in by the first chapter. I love the way Sable writes, it's very easy to read.

The sex scenes are hot, but not over the top. I love that there were several other stories going on, not just the love story. This allowed us to get to know all of the McCoy brothers, and they are a feisty bunch. I will definitely be reading more of the Hell Yeah! Series, and other books by Hunter.

Cowboy Jackpot: Christmas

Cowboy Jackpot Series, Book 1

Randi Alexander

<http://amzn.to/1pa7Zry>

It's love, or lust, at first sight with Boone Hancock, Rodeo champ, and Gigi Colberg-Staub, college student. After winning the jackpot, and having to claim the prize together.

Boone and Gigi make the most of her birthday and Christmas, in the suite the casino gives jackpot winners. But what happens when the weekend fling turns into something more?

Cowboy Jackpot: Christmas is a very light-hearted fun romance. It's the perfect book for a pick-me-up or after a book hangover. The characters are young, and super fun, you can live out your wildest fantasies through them.

Fun, sexy and well written, I would highly recommend this book.

Her Fated Cowboy

(a Harland County Series Book)

By: Donna Michaels

Amazon: <http://amzn.to/1p5tj1J>

Jordan Masters Ryan, is a LA Cop, a widow, a daughter, a sister, a friend. She blames herself for her husband's death in a convenience store robbery. Cole McCall, is a CEO, a rancher, a widower, a son, a brother, a friend.

He blames himself for his wife's death in a freak car accident. What do these two have in common besides guilt, they were once best of friends until the Masters family left Texas. Now, Jordan and her sister Kerri have been recruited to go to Texas for Mr. and Mrs.

McCall's 40th Anniversary, but Jordan doesn't know what to make of the once fun-hearted Cole. Jordan knows first-hand, what it's like to be left by the one you love and trying to move on, and she's determined to help Cole do just that. Can two broken hearts heal each other and become one full functioning, loving couple?

Donna Michaels is a fabulous author. I loved this book, and I want more Cole! The first few chapters are not romantic at all, give it a little time it is coming. Miss Michaels love scenes are that, they are not full of vulgarity, you can honestly see the love pouring off the pages. The author also gives us great 'insider' info as to what the characters are feeling.

Of course, you can't have a love story like this without some fun and games and laughter, thanks to two male characters. Just when things are getting heavy, out they pop to take the edge off. All in all, I'd recommend this book to any friend who has a soft spot for Cowboys, or thinks that CEO's can't be anywhere but the Board room!

Ride of Her Life (The Buckle Bunnies Series - Book 1)

BY: Paige Tyler

This ride lasts a lot longer than eight seconds!

Barrel rider Daisy Hollins has run into bronc riders Sawyer Jones and Beau Monroe quite a few times on the rodeo circuit. She's crazy about both of them. It only takes one night to lead her down the time of her life. And that's when things change

This flirty, clever and funny. This book will heat you up. A page turner that just might keep you up at night. For a short story it will not disappoint. Who doesn't love a cowboy or two? This will fall into the erotic genre' for sure. So be warned!

You will warm up to the characters, or they will warm you up for sure.

I thought it was well written, and it totally kept my interest I would buy the collection for this read alone it is smokin' hot! Buckle bunnies here I come!

SEX ED COWBOY STYLE Ugly Stick Saloon Series,

Book 1

by Myla Jackson

Kendall is a 21 year old gal ready to take life by the horns, and she'd be able to if it weren't for her brother's best friend, Ed, she'd be able to. It's not that Ed is cramping her style, but he is still looking at her like his best friend's little sister, instead of a full-grown, beautiful, sexual woman.

Kendall's friend talks her into asking Ed for Sex Ed lessons, and that's when things get steamy. Ed is torn between his loyalty to his best friend, and his love for Kendall.

Myla Jackson has written a fun-loving, no-holds-barred, cowboy romance for sure. This is a really fun book, no major drama, You can tell that Myla has fun writing these characters. Great writing and I loved her style!

I would recommend this books to anyone who wants a fun ride with a hot cowboy!

**\*\*\*5-STAR REVIEW\*\*\*5-STAR REVIEW\*\*\***

Linda Wheeler has had a string of bad luck lately, she lost her job, her boyfriend dumped her. The only thing she can think of getting cash quickly is to head back home to the ranch she co-owns with her childhood friend Nicodemus McCabe.

Nic has had a thing for Linda ever since they were teenagers but he buried his feelings out of respect for her father. Now that she is back, everything is rushing back. Can they resist the temptation of being together finally?

I loved this short story. Linda is a woman who has had her trust broken a lot recently between her ex-boyfriend and her job. I enjoyed seeing how she slowly relaxed and began to enjoy living in her childhood home. Nic is a good, hard-working guy who is very swoony worthy. The shared dreams they had were extremely hot!

I would definitely recommend this book! Note: You will want to have some fudge around you while reading this.

### **Chris Bails says**

Wow, what a great book. I loved all the stories. If you want a chance to try out some new authors and even ones you already love, you can't beat this for 99-cents.

6 great authors-first is Sable Hunter. This was a great story. The first book from this series. I can't wait to read more. This is the story of Aron & Libby. Libby is coming off finding out her Leukemia is in remission and decides she needs to live life. She goes to work on a farm as a cook and caretaker for a family of cowboys. Aron has held himself from other women because of his past, but when he first sees Libby he know that he needs her.

Randi Alexander-This has been one of my favs by Randi. I love this whole series, but the first one for me has been the best. This is the story of Gigi and Boone. Gigi is visiting Vegas and playing the slots with her friend. Boone is a cowboy riding in the Rodeo and decided to spend a little time at the casino. They win at the casino and decide to spend some time together in one of the hotel suites. Is Gigi just more than a passing fancy for Boone or does she want more.

Paige Tyler-One of my favorites-This is the first book in the Buckle Bunnies series. This is the story of Daisy who is a Barrel rider. She is the Rodeo finals in Vegas and sees two of her favorite cowboys. They are Sawyer and Beau two of the sexiest Bronc riders there is. She ends up seeing them in a bar and decides that she is going to flirt with them and take one of them to bed. The guys have decided that they both want to take her to bed. This was a great story and lots of hot, sweaty, and lots of threesome sexiness.

Myla Jackson-This is one of the books from the Ugly Stick Saloon series. Have loved them all so far. Another good one with great characters. This is the story of Kendall and she is in love with her brothers best friend Ed. Ed has been put in charge by Kendall's brother to keep an eye on her while he is at war. The only thing is is that Kendall is all grown up and it is hard to just look. Kendall decides that she is going to get Ed to help her with some Sex Education to try and trap a fictious man. He decides he does not want no one else to do it, so he will. Excerpt he knows this is not going to be good.

All great books. Can't wait to read more. A great buy.

## **Brenda says**

I was a lucky winner of this book box set in the Cowboy 6 Pack Event, currently reading it now and will put in my review after each of the books!

Cowboy Heat by Sable Hunter, Book 1:

This book has such personality, the way the author portrays her characters in this story is fantastic. The humor, unselfishness, caring, sadness and love makes for some powerful emotions, this book has them all and more!

Libby has such a sweet & strong mentality. All that she has gone and continues to go through, makes you want to go in and just take all the cares & worries away from her. To help her cope with the struggles of the life threatening disease she has to face on a daily basis. Aron is so focused & strong willed and I think sometimes has tunnel vision, that he doesn't see the miracle standing right in front of him. Will Libby defeat this disease, can Aron finally see the amazing woman that would dedicate what could be her last moments to him. Because that's how strong Libby's love is for Aron. Aron truly cares for Libby but is it enough, or could it be love. Only time will tell, but do they even have that!?

I'm loving Sable Hunter's writings and look forward to reading more of her stories!

Cowboy Jackpot: Christmas by Randi Alexander, Book 2:

I really enjoyed this book, there was only one area where I struggled with this story but I'm not one to easily forgive.

Gieselle has followed the rodeo circuit for quite some time, so mistaking her as a buckle bunny is fairly easy I suppose...along with her fun loving friend, Kira. But to mistake her as such can come with some consequences Boone wishes he could take back. Boone's just out looking for a good time with his buddy and little brother. However when he gets a come-hither look from Gieselle, there's no denying his basis needs...he just wasn't expecting his basis needs to turn into something much much more! Can Gigi overcome the hurt Boone causes or can this one-nighter become a life-timer!?

Look forward to more great reads from Randi Alexander!

Her Fated Cowboy by Donna Michaels, Book 3:

Ride Of Her Life by Paige Tyler, Book 4:

One hot cowboy would be a girls wet dream but two... boy oh boy, no make that men oh my men, they'd leave you speechless or saying quirky things.... I read this in a day cause I just couldn't put it down (no sleep for the determined or should I just say it...'horny', lol). It had my blood pressure up from the beginning all hot & turned on to laughing my butt off at some of the quirky sayings. Daisy just had a way of putting things. It's a must read! I'm looking forward to the next book 'Team Roping', from the sneak peek of this next book my goal is to grow up and be just like Dallas. She's gonna give a new meaning to 'Ride them Cowboys, Save them Horses'...lol... Thanks Paige for the 'Hot & Fun' read, I'm now checking out a lot of your other books and can't wait to get to read them!

Sex Ed Cowboy Style by Myla Jackson, Book 5:

Cowboy Up by Melissa Schroeder, Book 6:

6 Great Cowboy Novels that had me laughing, crying, sighing, and ..... smiling! A great variety of steamy hot cowboy lovin'. Hours of reading that will have you moaning until the cows come home. And you just might get lucky and find a new book-boyfriend series.

#### **Love stories about cowboys**

I like romance and coupled with cowboys are my favoured reading entertainment. With all compilations I find I like some stories better than others, in fact I like to have a story no matter how short. Five out of six had this but the other story was a description of the character's sexual play, hardly any storyline at all, which got a little boring, but it was light-hearted so I did read it.

---

### **Nadine Bookaholic says**

Cowboy Jackpot: Christmas

Giselle (Gigi) and Boone meet in front of a slot machine in Vegas on Christmas eve after he wins at the Rodeo. Boone, Dallas, and Jayden think she and her friend Keira are buckle bunnies and are looking for a one night hook-up. Boone easily won her heart with all of his politeness, respect, and dirty taking.....but can he keep it once he goes a little to far?

This was a really cute quick read. I look forward to reading the rest of the books in the series, especially after

the little cliffhanger we were left with.

## **Debbie Collins says**

Six great books in a set! "Cowboy Heat" by Sable Hunter was a fantastic book about six brothers who own Tebow Ranch, and the ladies that come in to their lives. I had already read and reviewed this book, but ending up buying and reading four more books in the series. Still got a few more to go but I really enjoyed them and cannot get enough of the McCoy brothers. "Cowboy Jackpot" by Randi Alexander, was a short story about Boone and Gigi, who share a lucky kiss in a Las Vegas casino, but a lucky kiss was not all they shared. This was a short, sweet, and hot read. "Her Fated Cowboy" by Donna Michaels, is a story about loss and love. Cole and Jordan, were neighbors growing up, but each went their separate ways. He lost his wife in an accident and cannot let go and live again. Jordan, also lost her husband, but found a way to carry on. Can Jordan pull Cole out of his misery? This was a great book, cannot wait to read the next one in this series. "Ride of her Life" by Paige Tyler, is a story about barrell rider Daisy, and two bronc riders, Beau and Sawyer, who have the night of their life, together. "Sex Ed Cowboy" by Myla Jackson. This was a cute and fast read about Kendall and Ed. Kendall has her sights on Ed, but feels like he only sees her as a sister. Ed has been asked by Kendall's brother to keep his eyes on her while he is overseas. Ed is almost certain being her personal sex ed teacher is not what his friend was expecting. This story was steamy and funny, loved it. "Cowboy Up" by Melissa Schroeder was a sweet story of Linda and Nic, who had grew up together, and Linda moved on but has to come back home. It does not take Linda and Nic long to realize that they belong together, all it takes is a little bit of fudge. If you love romance novels with sexy, hot men and the women that get their hands on them, this series is for you!!
