Home is where the heart is...

Seven years after leaving town and the only girl he loved, Cooper still couldn't forget about Sophia. He had two loves. Music and the woman of his dreams. Coming back home proved that would always be true. But things have changed. Now he has to gain her trust again if he wants to make her all his. The question is, did he lose his chance the first time?

Some things are hard to forget...

Sophia tried to stop loving Cooper and failed miserably. Despite the way he'd abandoned her seven years earlier, she can't seem to stay away, even though trusting him doesn't prove easy. One careless night could change it all and the secret she carries may ruin any chance of them being together.

They say life is all about taking chances. But when opportunities are lost and love comes knocking the second time around, lives are changed forever.

## From Reader Review Lost Chances for online ebook

### Ashley says

Oy, I have been trying to write this review for a few days now and it is so hard for me to come up with something to say. So let me start off by saying it is a great book! There is drama that just makes you say dumbass (to the character who screws up) and then you just want to sigh at a few parts. Thank you C.T. Nicholson for giving me the opportunity to review this book! I highly enjoyed it and loved the characters! I can't wait to read some more of your work!

This book is recommended for readers 18+ due to language and sexual situations.

I really liked this book. It has suspense, heart ache, love, hot sex, and second chances- which lets face it, we all love those!

Cooper and Sophia have known each other for a long time. Sophia has harbored a crush on Cooper for as long as she can remember but to her, she was always the little sister, or so she thought. After a night of passion, Cooper left and never returned- well until 7 years later.

Cooper feels guilt for the way he abandoned the girl he has always loved and her brothers (his best friends) but he had too. Now he is back and he wants to claim Sophia as his but that may be more difficult than he thought since she is in a relationship. When an opportunity arises where he can step into that place and be there for her, will he step up to the plate or stay in the friend zone?

I loved Sophia. She was funny, smart, had a good head on her shoulders, and wanted to break free from her brother's controlling ways. I also love Cooper. He was sexy, sweet, nice, alpha, and loved with all that he had. I totally got why he left and in time, Sophia also understood. The chemistry between these two was seriously crazy. There was so much sexual tension that I thought my kindle would catch on fire.

This book has a few twists that I did not see coming- especially at the end! Sophia has a secret that he is holding close to at the end that could mean the end of their relationship which has only just begun.

I can't wait for more from this series. Keeping my fingers crossed for Sophia's brothers' stories!

Oh, and the cover! YOWZA! HOT!

Loving music and Sophia was hard. He secretly loved Sophia and she thought he only thought of her as a sister. Well that all changed when Cooper came back to town thinking he would only be there a short while to get his grandparents house on the market to sell. Things have a way of always throwing you a curve. Sophia had always loved Cooper and when he came back to town she was not about to let it show she still loved him. She was happy with her boyfriend until she caught him with someone else...

Loved it! How can you not fall in love with Cooper and Sophia? At times you want to smack sense into both of them, but turn around and cry the next. C.t. you have definitely made my day. Thank you for trusting us to read it as you progressed. It will definitely be a paperback I will treasure!

What a wonderful second chance book! Cooper won my heart from the first time I met him. He was lost after the sudden deaths of his grandparents. Sophia, the younger sister to Jacob, Nick & Mike has loved Cooper since she was 10. They all grow up next door & are best friends. Cooper loves Sophia, but feels he isn't right for her and leaves town. Sophis is forced to move on & at college, meets her best friend Ryan. Seven years later Cooper returns hoping for a second chance. The love is still there, but is the trust? Sophia has been betrayed by her old boyfriend Seth, can she trust Cooper with her heart? Read along and enjoy the fun, you wont be disappointed!!

Awesome Read!! Sophie has loved Cooper for as long as she can remember and when he left her seven years ago it broke her heart. Cooper has come home after seven years to take care of his grandparents belongings and the home he was raised in. He is also hoping to find The love he left behind, Sophia. This story is truly romantic and wonderful, I loved how it unfolded and the small town setting. I would recommend this to any true romantic. Hope the story continues with the brothers and Ryan, her best friend.

A truly fantastic read. C.T. brought her muse (Steffen Hughes) to life in this story with Cooper. Little fragments of his signature " SMILE ON" to his love of Peter Pan peanut butter and country music. To living his lifelong dream of sharing his music with us all. I found myself laughing and smiling throughout the story. C.T. done a super job of bringing the rekindling romance of Cooper and Sophia to life before our eyes. The childhood memories and friendship they shared as well as the support characters involvement, in bringing these 2 together... I Loved this fun HEA story.. I found myself laughing and crying as Cooper and Sophia overcame their obstacles and found that LOVE they waited a lifetime to share.. No more Lost Chances for them... I hope y'all will love it as much as I do...  
And remember "SMILE ON"

4.5 STARS!!!!

First I must say I LOVE THIS COVER...And now my thoughts.

Sophia...I adored her character. She loved Cooper (Sebastian) for as long as she could remember. After a devastating loss of his grandmother followed shortly by his grandfather Cooper chose to leave his home town. This meant leaving Sophia which was a very hard choice because he had strong feeling for Sophia.

He needed to distance himself from the surroundings that did nothing but remind him of who he had lost and that he was now alone. After 7 years he returns home to clean up and sale his grandparents home.

Things changed the moment Sophia appeared back in his life and all those old feeling came rushing back.

Without ruining to much of this book all I will continue with is this...

I really enjoyed this book. The characters and their dedication to one another.

Sophia's brother were a great addition along with her best friend who continued to make me laugh throughout the story.

I highly recommend this book.

The only thing I disliked was I wanted more of their story. I wasn't quit ready for it to end.

Thank you C.T. Nicholson for writing such a great story and sharing it with me for an honest review.

4.5 stars

What a beautiful story of true love prevailing over the test of time. The story played out well, not realizing that I was on the last page and left me wanting more of these characters.

Sebastian "Cooper" lived with his grandparents, after losing his Grandmother then a few short months later his Grandfather, there is nothing left for him in the small town that he calls home. After the funeral service for his Grandfather, Cooper makes the decision to leave for awhile. Of course that meant leaving the one true light left in his life, Sophia, who has always been there for him.

Sophia sweet innocence girl next door, little sister to Cooper's best friends, has been in love with Cooper since she can remember. She knows he is the one for her. After they share an innocence kiss, Cooper leaves to not returning for 7 years, unaware that how he broke Sophia's heart.

How things have changed in those years that Cooper was gone. Sophia has grownup and in a relationship. But one look at each other, Sophia and Cooper are fighting a losing battle. Sometimes no matter how much time as past true love always finds its way back to where it all started.

Looking forward to seeing what else CT has in the works. Would love to see this series continue with the

brothers and oh lets not forget Sophia's best friend, Ryan, he was a favorite character in the book.

Loved the cover of this book, Steffen Hughes, is the Muse/Cover Model. The couple of references to him in the book put an extra smile on my face.

#### **Great story!**

Loved this story of a second chance at love. Cooper and Sophia are awesome together once they figure out what they really want! I love the supporting characters, Sophia's brothers and her best friend Ryan. All of them love and protect Sophia. Cooper grew up best friends with her brothers, and has always loved and protected Sophia. He always wanted more with her, but was afraid he wasn't good enough. After going through two tragedies, he decides to leave so he can find himself. This devastates Sophia, then 7 years later he comes back in to town! Things start to heat up! Great read!

My Review:

4.6 Star Review - Lost Chances

Sophia has tried to stop loving Cooper but it has not worked. Even with him breaking her heart she can not stop loving him. Trusting him is a different story. She does not trust him.

Cooper has his reasons for leaving. He wants Sophia but she is with someone.

The pull between the two is magnetic. You just know the pull is going to bring them together.

But in the end will a secret tear them apart?

Story takes place in a small town.

Sweet romantic read.

Can't wait for C.T.'s next book.

Can I just say the Muse/cover model Steffen Hughes is HOT?

Sometimes reunions can shock the sh\*\* out of you, "yea! It's Ryan anyways. It'll see y'all later." She grabbed her purse and opened the front door. "Sh\*\*." Cooper's dark brows rose and he took a step back. "I mean, hi." She couldn't breathe. No, no, no. Why did the man have to look so yummy?" The girl sure has a mean temper, "I'm glad you had fun." She pushed up off the couch and walked away. Yep, she was pi\*\* alright. Maybe something lingered there between them. The feel of the grin spreading across his face shocked him." I really thought Sophia was cute in a situation, the girl may not be a virgin but she's so innocent when it comes to Cooper:

She glanced down to see the bulge between his legs. "I thought you came."

"I did. That's not completely erect, but holding you naked against my body won't keep it away for long...."

I really loved this story about second chances and I'm hoping her brothers get one of their own.

Having no family after the death of his grandfather, Cooper leaves and takes the heart of Sophia right with him. He comes back after 7 yrs to get the house he grew up in fix up to sell, maybe. He has been thinking about Sophia for the last 7 yrs he wants to see what's there for him. Even tho she is in a relationship with Seth things happen and they get close until she pushes him away to live his dream and leave her again but with more than a broken heart. Great book.
