## Blue Shoes, Vol. 1 J.J. Knight

This is an ACE of ASIN:B00NC2G836 Blue Shoes, Vol. 1

Jess Rivera is a young music executive engaged to Morris Music's hottest rock star: Dylan Wolf.

She wears a gorgeous diamond ring on her finger, and everyone wants to know when they're getting married.

Between Dylan's screaming fans who chase him everywhere, plus their glamorous L.A. lifestyle, the couple can hardly get a moment alone together.

That's why they're planning a secret wedding.

But when a visit to a bridal gown boutique goes terribly wrong, all their romantic plans are ruined.

Sometimes it feels like the whole world is against the couple's love. Is it just bad luck, or is someone trying to destroy Dylan Wolf?

BLUE SHOES Volume 1 is the first in a 3-part series about Jess Rivera and Dylan Wolf. This is the same couple from JJ KNIGHT's 5-part REVENGE series, but BLUE SHOES can be enjoyed without having read the earlier books.

### Janet Migliaccio says

#### Interesting start

I must admit that I didn't enjoy this book at first as this isn't the first of the story and I felt like I started in the middle of a movie it felt incomplete start with the first of these books with Revenge I will probably go back and start from the beginning even though I now know the end of Jess and Dylan's story!

You gotta love JJ Knight and the way she ropes you in with her stories. 1 volume at a time, each ending with a cliff hanger that leaves you anxiously waiting for the next. She's done it again with Blue Shoes. As the blurb on the book says, it's the story of Jess & Dylan who you may have met in the Revenge series. I never did get to that series but I feel I need to soon now just to see what sort of back story it has on these 2. You don't have to read Revenge to pick up this series but there is some history that keeps being brought up regarding a previous breakup of Jess & Dylan, where she cheated on him. That's a bit of a change from the Rock Star usually being the one to cheat so that's a little refreshing and makes me want to check it out. Also, I'd like to see how the 2 of them met and ended up together so maybe that's in there.

Jess works at Morris Music as a young, fast rising executive. The same agency that represents Dylan Wolf's group. The 2 of them are engaged, living together and planning their wedding that no one really knows will be in 6 weeks rather than further down the road as they've originally said. The plan is to have a quiet wedding to avoid the paparazzi that plague them.

In volume 1 Jess goes out to find the perfect wedding dress. She comes from a simple life and wants a simple, but beautiful dress. The excursion is anything but simple when the paparazzi make their appearance and Dylan comes to her rescue. There is a visit to the ER and after Dylan provides his form of a medical check-up, Jess is good as new. The paparazzi is wearing on Jess so after some discussion with Dylan she decides to take her boss up on the offer of going with him to Rome, Italy to help with some agency business. Dylan tells her she can take some time to find a new dress there and he will meet up with her as soon as he wraps up his PR for the group's new album. While in Italy Jess just thinks about Dylan and misses him but does well with the work, when she focuses on it. Things seem to be going ok until she begins receiving notices on her phone regarding Dylan. There are some videos of him kissing a girl and some nude selfies so she begins to break down because she thinks she's losing him.

Jess is quite insecure in her relationship with Dylan and volume 1 leaves us hanging with her receiving a phone call, hoping it's from Dylan to explain everything away.

I received an ARC from the author in exchange for an honest review.

I received an ARC for my honest review...

Blue Shoes #1 picks up where Revenge #5 left off, but can be read without reading the Revenge Series.

Jessica and Dylan are planning a wedding, not only for publicity purposes, but a real wedding. Thing is their friends and family have no clue it's for real.

Nick Clark visits Jessica at Morris Records and says his hes's come to offer a truce. Jessica is not sure what he's up to, but she doesn't like it.

Jess goes dress shopping and find the her wedding dress, she doesn't care that it was one that was returned and my have bad karma, she knows this is her dress. Problem is the paparazzi has somehow found out she is at the bridal store, she gets ambushed as she tries to make her way out the back of the store, her dress is stolen and she ends up in the hospital.

Chet asks Jessica if she can go to Rome to help with business there, she asks how long. When he tells her, she decides to tell him, that she can't because of her "secret wedding". Later, when talking to Dylan, they get on the subject of Rome and he tells her that she should go, he's busy with his music right now, and tells her "Bellissima, I will meet you in Rome." "I swear."

While in Rome with Chet, things aren't going so well for Jess, her purse straps are cut and someone makes off with her purse. Then her phone starts doing all sorts of weird things, not to mention she's missing Dylan something awful. Soon her phone starts sending her "alerts" about Dylan, and she knows she didn't set them up. Curiously she clicks on the alerts, and she's sorry she does, there's a picture of Dylan kissing another girl at the Avalon Hollywood. She keeps telling herself she shouldn't overreact, she's been wrong in the past.

Jess is just beside herself when more alerts keep popping up. Dylan calls her, but the connection is not so good, and he's in a hurry to go. He tells her to wait for him....as more alerts pop in, Jess is sick to her stomach. Just then her phone rings....she's hoping it's Dylan.....

Cliffhanger.....can't wait to find out what happens in Blue Shoes #2

This is the first book in the Blue Shoes series and the first book I have read by J.J. Knight and I was not disappointed. Jess is working hard to be a successful music exec at Morris Music and Dylan is climbing as a successful the Rock star. Six weeks to their secret wedding and Jess has to go to Rome on business. Jess's insecurities start to rise. I can't wait to see what happens in the next book. I recommend this read.

It's been a year since the street busker turned rocker, Dylan Wolf, proposed to girlfriend, Jessica Rivera, and things have gotten....complicated. Jessica is beginning to see that fame has its drawbacks. Namely the paparazzi that love to invade her private life. She's beginning to loathe the life that Dylan lives as a rock star on his way to the top. She loves him with everything she has, she just doesn't love the craziness that comes with being engaged to a celebrity. Jessica begins to fear that Dylan won't meet her at the later. She's afraid that he'll find someone new to replace her. The paps relentlessly follow her, and in one instance, actually hurt her. One even steals her wedding dress. When Jessica is asked to go to Rome with her boss for five weeks, Dylan insists that she go. He tells her that he'll even meet her in Rome "soon". Jessica stumbles upon several videos in which her fiancée is seen kissing someone who is not Jessica. Is this the straw that breaks the camel's back? Is this a sign that Jessica needs? The excuse she needs to walk away from a lifestyle she so clearly wants nothing to do with?

JJ absolutely delivers another amazing book along with her famous cliffhanger. Yes, this installment ends on a cliffy and it's crazy. I highly recommend that you read Revenge 1-5 before reading this series, as you'll meet Jessica and Dylan and see how their relationship develops. I highly recommend this one!

Blue Shoes Vol 1

I received an ARC, and these are my most sincere thoughts.

Blue Shoes is the new saga in the lives of Jess Rivera and Dylan Wolf. You don't necessary need to have read the Revenge series, but if you did you will appreciate more the evolution of the characters. This story starts with the happy couple driving thru LA, in a flashy sports cars and fans yelling and crying for their attention. We see a confident Dylan who enjoys adoring fans while Jess projects a calm façade while her insecurities rage in her insides. Fans and paparazzi are their new normal, along with long hours on stage or recording studio for Dylan and a busy schedule for Jess at her work at Morris Music. Although they are doing what they do best and love, career moves threaten their relationship. It is good that most characters from Revenge are back. Love the interaction between the girls: Riley (voice of reason), Amanda (party girl) and Jess; their friendship has grown and it is stronger than ever. A shopping trip is always an eventful adventure, and this one is loaded with laughter, drama and well intention banter. Then, there are those sexy –couple's time for Jess and Dylan. They are hot! But not even those will help when contractual compromises directly affect Dylan and Jess. Will that small town girl be able to deal with a long separation from her rock star fiancée? Blue Shoes does end in a cliffhanger( only reason for a 4.5 star rating), but it only fuel my interest and need to know what will come next to this beloved couple. I'm looking forward to Blue Shoes Vol 2 &3.

I received an advanced review copy from the author for a honest review.

Wow....the mystery starts again!!!

This book has me asking so many questions!! At first I was thinking she is always over reacting. But then crazy things do happen to her!!

I had forgotten how Dylan acts though. Wish he was more considerate when it comes to her. He seems clueless and all about him. It will be interesting to see how that really plays out.

Now Chet I'm interested in....Will he end up still back good guy or not??? Time will tel

### **Michel Reinhard (Smut Book Junkie Reviews) says**

When I read the Revenge Serial by JJ Knight I was blown away. Each installment ended with a new cliffhanger that had the readers on the edge of their seats. Jesse and Dylan went through an emotional rollercoaster caused by many outside players that had agendas that could ruin both of them one way or another. For Dylan is was recording contract and road to fame. For Jesse it was her career in the recording industry and independence from her farm girl beginnings. I loved how the serial ended and couldn't imagine there could be more to the story.

JJ Knight, being the brilliant author she is, proved me wrong. There is more to their story.

Blue Shoes picks up about six months after Jess and Dylan became engaged. Dylan is on the road to stardom and Jess is now an executive at the Record Company. Both are heading towards fulfilling and lucrative careers. But those careers could very well tear this couple apart.

Dylan's new found fame has the paparazzi on their heels all the time. His fans demand his attention and Dylan is digging the adoration. They have decided to plan a secret wedding to keep the paparazzi and fans out of their special day. They want to share it with close friends and family.

The secret wedding plan is turning into the ultimate disaster. Jess is attacked by the paparazzi and her wedding dress is stolen. Her boss wants her to go to Rome for four weeks to deal with their international distribution. Dylan is on the brink of recording a new album and his label is pushing him into the spotlight. Neither one of them has time for a wedding in their present state of existence.

Dylan encourages Jess to go to Rome to escape all the paparazzi. She can find the perfect dress, take care of her career, and he can get the album finished. But can their fragile relationship handle the separation?

While Jess is pining away for Dylan in Rome, Dylan goes off the radar. What happens after that will leave you in shock and dying for more. Right now, Dylan is not looking so good and making me want to kick his butt.

It will be interesting to see what happens next. JJ Knight can twist a story and make the hero look like a villain and then turn it around so we wonder why we even questioned his integrity in the first place.

I highly recommend this serial. There are only three books in this serial. We won't have to wait too long for the next installment in the series.

Blue Shoes Serial is a Amazon exclusive and part of the Kindle Unlimited plan. If you don't have a kindle ereader you can download the Kindle app for your computer, phones, and tablets.

I feel like I could write a ten page review about how much I'm hating Dylan right now! Blue Shoes Volume 1 ends with the huge cliffhanger that Dylan is cheating on Jess. It could possibly be a publicity stunt, or some other rational explanation, but he's not sharing that with Jess, so it's cheating in my book. Not sure if his character can be redeemed enough to satisfy me. I can come up with scenarios where his actions would be acceptable, or at least forgivable, but the fact that Jess is not being told what's going on, and is going through this heartbreak isn't. Now I'm wishing that Jess would just fall in love with Chet while in Rome. He seems like a nice enough guy. Ugh! AND the wait for Volume 2 is going to seem like FOREVER!!!! I'm having my own love/hate relationship with Ms. Knight and her Grand Canyon sized cliffhangers at the moment. I swear that woman is going to end up owing me a new iPad one day when I get so worked up over not knowing what's next that I throw it at the wall across the room. lol. Though my frustration knows no bounds at the moment, I do have to give JJ credit for inspiring such strong emotions in her readers. Her writing is powerful, creative, and entertaining as hell. Ms. Knight is quickly becoming one of my favorite authors. To get through the interminable wait for Blue Shoes Volume 2, I'm going to go and reread her previous novels Revenge 1-5 (also featuring Dylan and Jess) and Uncaged Love 1-5. I would absolutely recommend anything written by JJ Knight!

JJ KNIGHT DOES IT AGAIN!!!

I can't tell you how excited I was to find out that JJ was writing a follow up to the Revenge Series, & she did not disappoint me. I loved finding out how things are going between the two main characters Jess & Dylan. There is romance, drama, intrigue, suspense, & of course the steamy scenes w/our favorite couple. And man, is she good w/the cliffhangers. I can't wait to see where she takes Jess & Dylan next. If you haven't already read the Revenge Series, you really should grab the books in the series & get started. Then follow them up w/The Blue Shoes Series. You won't be disappointed.

### **Jeannie says**

Blue shoes is the start of a brand new 3 part series focusing on Dylan Wolf and Jess Riveria and I'm not sure how I should give my review. Not because the story wasn't good but I was disappointed with how things are turning.

I did read the earlier series which is Revenge but no worries if you have not read them coz this series can be read as a standalone. Now I loved Dylan Wolf and I loved how Dylan and Jess came together after all that they've been through but it seems as though those tough times are not ending just yet. They are getting married soon but there're still so much uncertainty in the air about their relationship.

I feel for Jess... literally. Being hounded by paparazzi everywhere is no joke, add in Dylan's erratic schedules, his last minute impromptu events, fan meets, etc just make the whole relationship harder. Jess was about to give up a business trip opportunity to Rome to plan for their wedding only to have Dylan asking her to proceed with the business trip and leave the wedding planning to him. She left for her flight without seeing or hearing from Dylan and few days passed with no word from him still.

Honestly, Dylan and Jess are supposedly very much in love and Jess just can never get enough of Dylan. Dylan could always give her flutters anytime. Dylan seems to be hot for her every time too. However, I couldn't help but wonder... if I would want a man whom I'm hot for every time or a man who would be able to give me a sense of security that I'll be the only one he'll have eyes for, regardless how rich and famous he may be.

The insecurities Jess have are screaming at her and things are not helping the situation when she saw a video of a girl kissing Dylan and it looks like he was looking at her too...

JJ Knight is the queen of cliffhangers and boy, can she spin a complicated tale without being over the top. I'm definitely anxious to see how the story progresses.

I was gifted a copy of this book by author JJ Knight in exchange for an honest review.

### **Kimberley says**

This is my first glimpse in to J.J. Knight. I didn't read the previous series....about Revenge. So I didn't have a pre-existing love for Dylan and Jess.... And I seem to be in the minority over this...."love" story.

What I will say, I don't think I could live the celebrity life, if it entailed dealing with the likes of Dylan Wolf. The author created a very unlikable character, who blamed his busy schedule for his lack of keeping his word. That in turn created a heroine who was insecure and doubted his feelings all the time. This was sad to read. Maybe that was the author's intention. It didn't give me warm and fuzzy's for either character. I just wanted Jess to get away from Dylan.

I gave it 2 stars because I am curious how much worse it can get, so the author has intrigued me, in some way. On to volume 2!
