Her Unexpected Admirer Elizabeth Lennox

Davis hated art; he thought the art world was pretentious and superficial. Until that night in the gallery, art was only an investment to him – something that he could buy now and sell later for a profit. So he was completely unprepared for the emotional punch he experienced when he looked at the paintings on the walls at this gallery. Within five minutes of walking in, he'd bought the entire collection of the anonymous artist.

Kate couldn't believe she let her friend talk her into showing her paintings. She'd always considered her art work to be private, simply an outlet for her own emotions. If her father ever found out that she painted, he would be disgusted with her. When she meets Davis Alfieri, those emotions take a dangerous, terrifying turn, releasing the pent up passion she'd been pretending wasn't inside of her.

Her Unexpected Admirer (Book #4)

Marcus was at his parents home and heard an unexpected noise so he went to investigate! Juliette was getting something to eat and he startled her not knowing she was there at his Mother's request to care for the horses! Read this wonderful Book to see what transpires! Great story!

Davis' story is absolutely great. Thoroughly enjoyed it and can't wait for the next in the Alfieri saga. A well deserved five stars! Luv, Linda Hall - South Africa xxx

Love the Alfieri series... Davis his kinda a scray hot guy but you grow to love him. Kate is needing to get a backbone and love that fact she got one at the end with her man.

A sweet, quick, fluffy romance. I really liked both the hero and the heroine, the pacing was good and the chemistry hot and sexy. If there were some inconsistencies or extremely serendipitous occurrences, it was all written in such a charming writing style that it was readily overlooked.

A minor grievance: the embezzlement sidestory has a very weak conclusion, but since that wasn't the main reason for reading the story, I'm sure no one will complain.

Note: I read this as a standalone novel without any problems.

So far my favourite of this series.

Davis and Kate where a lovely couple to watch and learn about.

I was not expecting to like this book so much as I did but it was a great thing I did. Maybe because I'm an

accountancy student myself yet or that I did love the way Davis felt with her art. The romance was there and it was so great.

This was a development in the authors work in my eyes.

What it's getting annoying it's the "you will marry me" parts on this series LOL. Men are so sure of themselves but then again, who wouldn't want a strong, capable, wealthy man to love her and cherish her? Really?

I have loved all of Ms. Lennox's series "The Alfieri Sage" and the only reason I didn't give this a 5 star rating, is this book could had done with some GOOD editing! Usually I can over look a few mistakes but there was enough to stop the flow of the story which was a shame. The story itself was great and I'm looking forward to the next one "Her Tender Tyrant".

Ok let me start with that I liked it, with that being said I think the author could work on the dialogs, I found a lot of them naive or pretentious

I enjoyed reading about Kate and Dylan but at times I felt the story took too long to move forward compared to other's in the series.
