"GRIDLOCK," Part Three Feels like Klem and Dietrich can't even interview someone without another two suspects popping up. But what's this case really about? The billion-dollar future of gridlocking? Sibling rivalry? Everybody's favorite motive, drugs? Or could it even be...SOMETHING ELSE ENTIRELY? Boom! Mind blown.

Brett says

A fantastic detective/cop series set on a space station. The latest issue has a lot of tropes we'd expect, but also is a nice breather laying out all the suspects.
