Alexander Kim Fox

Polar bear shifter, Alexander Vega, is the last Vega brother who anyone thought would take on a mate. He's surly, gruff, grumpy and just plain rude. And that's on a good day. He hates women and doesn't want them anywhere near the Vega Ranch. But his bear has other plans...

BBW news reporter, Elena King, has come to the Vega Ranch to visit her sister Ava. What starts off as a nice visit quickly goes down hill when a hot, muscular naked man comes running out of the forest, throws her over his shoulder and takes her to an abandoned cabin in the woods. Her anger turns to fascination to something more when she realizes the true nature of the man living with the wild beast inside him.

Alexander will do whatever it takes to claim Elena as his mate but it may not matter either way. General Samson is returning in a few days to bring the polar bear shifter off to war and he'll be parted from Elena forever. Or will he?

This is the third book of four in the paranormal bear shifter romance series: The Bear Shifters of Vega Ranch.

No Cliffhangers. HEA. 18+

Cheri says

Alexander, the unapproachable brother who has been so since returning from war. All the brothers had been there and back, but had moved on. They all thought it was the experience of war that had made him so angry and distant. They thought that until Ava's sister Alena arrived at the ranch for a visit. Her first meeting with the man (bear) was frightening. He was just as rude to her as he had been to his two sisters-in-law when they arrived and married his brothers. But this time the reason was different.

Could Alena handle being carted away by the big rude brother? If so how would she respond? And how would the family deal with their "outing"? Is she the one to unleash the reason behind his surely attitude? And if so can she do anything about it? And is it just too late? He is due to return to the Army in a short while—threatened if he refuses. Will he default to loosing the ranch to save his family and leave or is there another way?

For those following the series you will be surprised at the changes. Alena is strong and many faceted. She just might have some answers. After all, she's been in dangerous situations as a reporter.

Enjoy as one more brother steps up. I can tell you Alena seems to have a vital part to the next book as well. Ms Fox left a teaser at the end for us. Fun and steamy. And for those wondering, you will get to visit with Liam, mini bad word, cop during this one as well.

Title: The Vega Brothers: Alexander
Series: The Bear Shifters of Vega Ranch
Destination: Book 3,
Author: Kim Fox
Reviewer: Ingrid Stephanie Jordan
Genre: #PNR #BearShifters
My Score: #5stars ?????

■?■?■?■?■?■?■?■?■?■

Ms. Kim has made this series outstanding, once you start the series you won't be able to stop it is just unbelievable this is book 3 and I'm still biting at the bits, Yes this is a fantastic read, Yes it's a must-read I recommend it!!!

Daddy died before all four boys could get home from serving there country BUT daddy left a video..

To my 2nd born son:

“Alexander,” “You are passionate and fierce. A true polar bear shifter. In all of my years, I’ve never met a man so full of intensity and fire. You bring the Vega name pride.”

Now I have been waiting for Alexander's story. This man has gotten to me from day one the rough, tough, grumpy, rude, belligerent, sexy man!! Yep he has always gotten to me, I've keep wanting to know about him, why was he this way? In the first two books the brothers Julius, Kahn and Hannibal all three have said that he was never like this before he was so happy-go-lucky and fun loving and what happened no one knew,

what they did know was he just changed overnight when he was at War and hasn't been the same since. Now he was going back to war the General commanded him to. And when the General said one word they all jumped. So Alexander jumps and is heading out in one week possibly to his death. Elena King is a hot shot reported in New York City Gazette. Boy did she deserved this vacation. She has been is some harrowing situations for her reporting. Now she was breathing fresh air and almost to her sister and meeting her new brother-in-law. As she turns into the Vega Ranch she is shocked and thinking way to go Ava. Didn't take long to meet all the brothers and be attracted to one. A vacation fling sounds good. I was gifted this book for an honest and truthful review.

Vega Brothers: Alexander
BBW Paranormal Romance Reluctant Bride
The Bear Shifters of Vega Ranch Book 3
by Kim Fox
??????????

OMG! What a SHIFTACULAR & magical story!! I ABSO-TALON-LUTELY loved it! This great storyline is filled with sweet & touching, lust-filled, lots humor, family, friendship, romance as well as heartbreak, fear and lots of other great moments that enrich this BEARTASTIC story! I'm such a romantic and this storyline brings it out of me. WOW I Really Enjoyed Reading Rocked by the Bear series. I adore and love reading Kim Fox books, so for this reason I couldn't wait to read Alexander and of course not only wasn't I disappointed but I absolutely love it! I have read books 1 & 2 they are fantastic so I was excited when I got to read the Vega Brothers: Alexander BBW Paranormal Romance Reluctant Bride The Bear Shifters of Vega Ranch Book 3, I couldn't wait to read it! To mate is for life and she is my breath, my reason for being. With the way Kim Fox builds worlds, character development and the dialogue, it makes the storyline have great depth to it. I just loved these brothers who are Bear Shifters! My favorite quality or trait that I love to read about shifters is their ability to converse with their animal sides and how they interact, their different personalities and how they co-exist together! I am so enthralled with it all! The love that was flows between the characters is very tender, beautiful and sweet and not too 'over-the-top' for me. I am very impressed with the way Kim Fox writes a story. The content is captivating and fantastic. I'm always excited and anxious to read more books written by Kim! It's obvious to me that she is a truly fantastic, talented and when you read this story, I think you will agree! I like you to read a little teaser.

“What the f*** happened, Alexander?” he asked. “And if you lie to me, I’ll shove a grizzly bear paw up your a**.” Alexander tried to stay calm and control his breathing. He wanted to repair the damage he had done to his relationships with his brothers and getting into a fight was not going to be the way to do it. “Like she said,” Alexander answered, placing his hands in his pockets, trying to stay as non-threatening as he could. “That’s bulls***,” Julius snapped, stepping forward and getting into his face. Alexander’s polar bear growled from inside him, stirring and pacing around. He had many epic fights with Julius’ grizzly bear and the scent of his anger was spurring him on. Not now. Calm down bear. “You f***ing kidnapped her, didn’t you?” Julius hissed. He was flexing his arms and looking for a fight. Alexander could tell that he had been searching the forest all night, they probably all were, and Julius wanted a payoff. He wanted to throw down. “That’s my sister-in-law,” he barked. “You’re going to pay for this!” Julius stepped into a fighting stance and raised his fists, just as Elena popped her head back into the the cabin. “Walk me back home, Julius,” she said. “I’m hungry for breakfast and we can get to know each other a bit more.” She gently grabbed his arm and tugged him when Julius wouldn’t take his furious eyes off of Alexander. “Fine,” he said, exhaling violently. “This isn’t finished,” he hissed before storming out of the cabin and walking a few steps ahead of Elena. She turned back and grimaced as she followed him.

I really enjoying reading this series. But of coarse I'm a hopeless romantic and this book will give you all the romance you want and so much more. Now if you don't like paranormal romance be warn this is a lovely HEA. But if you don't like this kind of genre then this won't be the book for you. But I think you will enjoy every word and agree with me that it's worth it. This is a great book to add to your TBR list. I'm so excited about reading the next book in this series. I would recommend this book to anyone and everyone. It needs to be on your must read list.

If you believe in the world of paranormal romance, the possibilities are endless and fascinating!

poppy says

I loved Alexanders story it a really sweet little read just bond and kidnap your mate loved it

Racy says

I received for a honest review.

I received this for a honest review. I just love each of the Vega Brothers. Each one is special in his own way. This is book 3 in the series. You do not have to worry if you have not read book one or two for this will work fine as a standalone, but I have to say you will get a good laugh and understand it better if you have.

If you have read the previous book then you probably already know Alexander as the grumpy bear. Okay, maybe grumpy is putting it mildly when it comes to Alexander. He was way past grumpy. Through this series I have always been fascinated with Alexander. Maybe it was his grumpiness or the mystery that always surrounded Alexander. There was always like something missing from the story when it came to him. We will discover why he is so grumpy in this book.

Elena King, a reporter for the New York Gazette and was happy that she was going to get to see her sister Ava. She was also going to get to meet her new brother-in-law and his handsome brothers. What she was not expecting was to be kidnapped by the very one that hates women. Let's just say Alexander's brother Julius is not to please with him.

I love how this book shows that the bear and the man are separate even though they live in the same body. Though the human side has control the bear will fight to take control if it feels the human side is wrong and this is what happen to Alexander. His bear recognized Elena as their mate. So when Alexander refused to give into the bear the bear said pretty much "hell no" and took over. What a way for Elena to learn there was a thing called shifters. Here was this polar bear in the middle of Montana coming toward her. Alexander had known at that point he had to have her and just took off with her in the woods. Yip, he kidnapped his brother's sister-in-law.

After the bear bonds to Elena she will find the pull pretty strong. I loved how she did not only talk to Alexander but talked to the bear as well. She will find that she is falling pretty hard for the shifter. They still have the fact that Elena still will be going back to New York and Alexander still will have to go off to war. I would like to say that I truly hate General Samson and so wished the bears would either just eat him or bury him in the back yard..LOL

I was surprised when I saw that Alexander was the 3rd book in the series, surprised but very happy. I thought for sure she would make us wait until the end to read Alexander story. That tells me one thing, Hannibal is

going to be one hell of a story.

L M says

Alexander has been the horrible mean brother with the massively bad attitude. In his story we find out why he has been acting the way he has.

Elena has come to the Vega Ranch to visit her sister Ava. Within minutes she meets grumpy Alexander, her nice visit quickly goes downhill until Alexander's bear takes control.

When Elena is kidnapped by a hot, naked man and taken to an abandoned cabin in the woods, her worry turns to interest overnight as they spend it together.

Alexander's bear has calmed down now it has its mate, allowing Elena to get to know the real nature of the man living with the polar bear inside him.

Being a well known New York news reporter definitely comes in handy when the Colonel snakes his way onto the ranch to force Alexander to go back into military action for him.

A good read.

Andi Downs says

Well, time for the third brother to settle. :)

Alexander is the dark horse, broody, moody having previously tried to put the women off his brothers. Not a lover of women, he does his best to avoid any in his life. Preferring his solitude of his forest hideaway.

Ava's sister - Elena King arrives for a much needed vacation spell and to meet her sister's new husband. The time looks like it will be great but she encounters Mr Grumpy and is able to bite back when he does address her. There is a little tension there, but you realise that Alexander has let her get under his skin. :)

Suddenly whisking her off to his cabin, he comes out of himself with Elena's help. Even showing her his Bear, which surprises her but more him in that she's not afraid. They spend time talking and getting to know each other, as the pull draws Alex ever closer to Elena, despite the knowledge that he has to leave.

The commander - General Samson, re appears as well as his minions, but it's Elena who puts him in his place with her own threats. Surprising the Bears, pleasantly. They all know it won't be the last they see of him or the other Squad members, but for the time being they have that reprieve for Alexander and Elena to come to together.

This is another well read story, flowing well along with the new characters back for a little more input and events. I thoroughly enjoyed it with a few chuckles as well. As I had in the previous too. Again I was gifted a copy for an open and honest review. Looking forward to the last of the four to find their mate!

Tara Dorough says

Kim Fox's Vega Brothers Alexander is my favorite Vega Brothers book so far. I loved Julius and Khan's

books but Alexander's was just special. Throughout the series we've known there was something wrong with Alexander, now we understand why he acted so angry all the time. I felt from the beginning that Alexander was misunderstood by his brothers. He was obviously tortured about something. But men being men they just thought he was an Ahole.

Elena has come to the Vega ranch to visit her sister, Ava and meet her new brother in law, Julius. Ava lives in New York City. She is the lead reporter for New York Gazette. Elena loves the drive in from the airport. She starts to realize how much she misses her freedom and childhood dreams. She is shocked by the wealth and vastness of the Vega Ranch. She had expected her sister to be living in a run down shack not a beautiful log mansion. When she meets Alexander for the first time he is very rude to her and she like everyone else just thinks he's crazy.

When Elena disappears overnight everyone is worried she got lost on the ranch. When they find her the next day with Alexander out in the woods in a run down shack they immediately think Alexander kidnapped her. Julius is fighting mad. Elena tells him she is there by choice and gets him to take back to her sister.

What happens between Alexander and Elena and how they really ended up in that cabin is an amazing story. Was she kidnapped? Why would Alexander do that to her if she was? Why would she cover for him if he did take her? The answers to all those questions is why this is my favorite Vega Brothers book. Once you dive into this book be ready to not be able to put it down.

I can't wait to see what happens next in Hannibal's book. After all, he's now Montana's Most Eligible Bachelor....what could go wrong? I received an ARC for my honest review.

Susan Burgess-Ryan says

1000 STARS!!! 5 STARS JUST DID NOT DO THIS BOOK JUSTICE!!!

HOLY HOT DAMN!!!! I am in love!!!! Kim Fox is an excellent paranormal romance author!!! I love her books because she never lets me down. This book made me laugh till I cried and her books always make me laugh, cry, fall in love, fight, and there have been a few where I wanted to jump in the book and open up a can of WHOOP ASS!!! She rocked this book. Really think that 5 stars just does not do this book justice. She grabs your attention at the beginning of the book and your so in to the book that you just can't put it down till you have finished the book. The plots or story lines in all her books have magic tot them as she takes them and makes you want to be there!!! The way she described the Vega ranch in Colwood, Montana made me want to go see it for myself! The description of the ranch and its land was out of this world. This is the third book in the paranormal bear shifter romance series: Vega Brothers (The Bear Shifters of Vega Ranch Book Three featuring Alexander). This can be read as a standalone book. No Cliffhangers. HEA. I recommend this book for mature readers 18 years or older.

Alexander is the second oldest brother named after Alexander the Great, and he is a huge polar bear shifter. His brother Julius nicknamed him Alexander the Irate because of his rough personality and extreme seriousness. Alexander is fighting his own demons and the family just more or less over looks him if they can. He really has major demons and this causes him to be very irate most of the time. He tried to get rid of Ava when Julius brought her home, then it was Bailey and Khan's cub he wanted gone. But when Ava's sister Ellen shows up Alexander quickly lets her know she wasn't invited by him. He really just could not believe that that he was being invaded by women. He actually thought now there were just too many women on the farm. Will Alexander win over his demons? Will he be able to let the past of his mother go and trust that Ellen is different and won't hurt him? Will he have to go fight in Khan's place for the awful General Samson and the Shifter Special Forces, or will someone step in to help him?

Ellen King is the famous sister of Ava's, Julius's wife. She is a well-known newspaper reporter from New York city. She is visiting Ava in order to get to her new brother in law and his family. Ellen is floored when

the grumpy brother rides into the barn on a huge horse and tells her he didn't invite her and she should leave. He was so handsome and yet so mean and rude. Telling Ava about this, Ava tells her to just ignore him.

Ava is showing Ellen the ranch on horseback and leaves Ellen at the edge of the woods while she goes to fix the tractor. Ellen is enjoying the fabulous mountains and the gorgeous surroundings when a giant polar bear appears from nowhere. Alexander's bear bonds with Ellen then all of a sudden Ellen is even more shocked when the bear changes into Alexander. Not sure about what to do he then kidnaps Ellen and takes her to the old cabin on the ranch that he has been staying in. Will Alexander accept fate and claim Ellen as his mate? Or will he continue to be a grump butt? Can Ellen accept that there are shifters in the world? Can she accept that one wants her as his mate?

No Spoilers. Awesome book and trust me you will enjoy it. ARC free book given in exchange for an honest review.

Beth Schafer says

Vega Brothers: Alexander – Kim Fox

I received a free arc in exchange for my honest review. This is book three of the Vega Brothers. Do yourself a favor and buy or borrow this series, because you will have so much fun reading them.

Elena King hasn't seen her sister for some time so she drives to Montana to spend some sister time together. When she gets to the ranch, she gets a warm welcome from everyone except one, Alexander. Elena finds it odd when her sister warns her to give him a wide berth as he isn't as nice as the other's. Elena sees him as a challenge and her writing skills kick in.

Alexander Vega is a grumpy Polar Bear Shifter whose bear has driven him to the brink of madness with wanting a mate. When his brother Khan was supposed to go back in the Army at General Samson's order, Alex opted to take his place. His bear recognized Elena as their mate. So when Alex refuses to give in and the bear pretty much says "hell no" and took over. What a way for Elena to learn there was a thing called shifters. Here was this polar bear in the middle of Montana coming toward her and kidnaps her.

What happens when Alexander's bear decides Elena is his mate and he kidnaps her? Can she forgive him & accept his bear? Can he fix the damage done with his family? What happens when the General comes to take Alexander back to fight two days early? Has the General just met his public nightmare, a Famous New York City reporter?

5.0 out of 5 starsThe grumpy bear and the reporter

Enjoy the read.

Dee says

Loved it

It is an extremely fun and crazy book to read. Alexander is a Hugh, fearless and batboy bear shifter who gets tumbled by love. Its great. It exciting, fun, full of raw sex, and its hard to stop reading have together the next one noe.

starla mcmanigal says

Review

Well written but short in fact a very fast read. The characters are likeable but not fully developed I think our author should have added pages for fuller story telling. But, I read on.

Kathy Senft says

Grumpy polar bear.....has driven this Vega brother to the brink of madness. His Brothers just think he is surly and rude, that he even hates women. Not true, but his bear has been off the chain for so long he is absolutely stunned into wonderment by seeing one woman,Elena King. It was so simple, yet so hard at the same time she is his brother Julius sister in law. How can she be his mate, but she is she so totally is... now to just get her to spend time with me, he doesn't have time to ponder the problem because his bear breaks free and takes off after Elena..... He finds her and scoops her up and takes her to his cabin his one place of peace, he wants her to like it. But let's be real he has just kidnapped his mate.... not the way to really start out a good relationship. Can she forgive him, accept him and his bear.... Or is he doomed to go on without her,no way... he has got to fix his family all of his family, now his bear is not raging at him he sees the trouble he has caused so many years, lost because of his unruly bear. Can he even try to repair the damage? Does he have the time? In a week the General will be there to pick him up and take him away. He promised to go with the general, in his brother Khan's place, however he can't leave his mate, no not ever... but what can he do? The General simply will not take no for an answer... Elena King has a say none of them will go anywhere ever again unless they choose to do so. The General has just met his public nightmare, a Famous New York City reporter.

Excellent story funny and inviting with all the HEA you could ever want in a romance.

Tracy Hall says

Great

The story was the best one yet in the series. It made me laugh several times waking up my husband once. Oops.

Caryn says

LOVE WILL ALWAYS WIN

The most adamant of the brothers to not want a mate is Alexander, polar bear extradinaire. But fate has different ideas and once he meets Elena, Ava's sister, fate kicks in! The rest is history and the beautiful reporter from the New York Gazette ends up his mate.

Enjoyable read!
