We R2B1 answers many questions. Why are there over 33,800 Christian denominations worldwide? What impact does this fractured face of the body of Christ have on church vitality, ministry, and evangelism? Why is Christianity in decline in Australia, Europe, and North America? Why does the proliferation of the gospel flourish in areas and then decline with time? Why has it been over a century since the last widespread revival in America? Despite all that, why is the number of denominations in America still growing? Why do we spend so much time and resources debating a doctrine that is not essential to salvation? How do our clergy feel about denominations? What does the scripture say about divisive issues? Will God hold us accountable for teaching a biased or incorrect doctrine? What will those consequences be? What does the Bible teach about unity? Why are ecumenical organizations having limited success in promoting unity? What are the characteristics of teaching biblical truth?

When two people differ on a belief essential for salvation, at least one must be wrong. Chapter 12 provides steps to help us grow back together. There is more information at WeR2B1.com.
