## Broken Doll Zoe Blake

My last memory is of the accident.

The rancid smell of gasoline and the silence...the deafening silence.

Then there was only darkness...and him.

I am his captive.

His broken doll.

There is no escape.

No hope.

No one is coming to save me.

This is a twisted, dark horror novella. There is no HEA. You have been warned.

What the crap did I just read? I should just stop picking up random books. I don't like Halloween. This horror show, even less. \*BEWARE OF SPOILERS!\*

+ Imaginative  
+ Unusual?  
+ Creative  
+ Horror

- Yucky  
- Bizarre  
- Demented  
- Horror porn...  
- Not a single shred of romance  
- Not just divorced from reality but pretty much running parallel to it in all dimensions.  
- Please, don't let me get started on the hygiene of getting your buddy's sex doll\*barfes\* or on the social merits of getting it from his wife...

Okay, I have two words for what I just read..MIND BLOWN! From the very first paragraph, I just knew I couldn't put this down without finishing it in one sitting. The story of Jane is most definitely dark, but it is absolutely mesmerizing! I will not give any spoilers, so let me just say, you need to read this story. It is unlike any other I have read before! I look forward to reading more by this author!

**Leanne says**

Short and dark. Well written and to be totally honest...just...plain..weird!

It's a bewildering, strange, messed up non-sensical oddity of a read. It's pretty hard to focus on in the first chapter or 2 but once you're in, it's got a flow and something that draws you in.

It ends as abruptly as it starts and i was left feeling cheated of answers.

It was an ok for a lazy Saturday morning but definitely not something to go for if you want to get stuck in to a good long read.

Oh, wow. Well, this was a disturbing read. I was horrified and fascinated. Obviously, there was a huge question that I really wanted to be answered in Broken Doll that wasn't. However, I can't think of any plausible way that it could have been explained, so maybe not having an explanation at all is best.

Was that vague enough for you? Sorry.

Anyways, Zoe Blake has crafted a story in Broken Doll that made me all sorts of uncomfortable. I felt so sorry for the main character that when things finally shifted for her, I couldn't wait to see the havoc that she would lay down.

This is a dark read, and there is no happily ever after involved. It doesn't make a lot of sense, but lots of stories require us to suspend belief, and so I'm fine with it considering how shudder-worthy the reading experience was.

## **Mary S. says**

I read this story when it came out on When The Dark Wins anthology. Oh my I have read a few books of Zoe Blake and the few books that I have read don't come with this kind of events. But I can assure you that you will definitely get your mind blown away when you start reading it at first I thought that it would be kind of like a stranger saving the heroine but oh man I was so wrong this just took me to a whole different place where I thought the story was heading to. It definitely blew my mind away it's dark your kind of dark that you might like or not so much. So the only thing I can say is read it with your mind and eyes well open because you sure are in for a surprise. And that ending how cool was that?

Perfect Halloween Read

This short read is a little bit strange, a little bit freaky, a little bit funny ? and all I can say without giving any spoilers is you have to simply one-click this book and read it to understand what I mean! It is certainly one that should be read as we near The Halloween period. My name is Jane and will anyone look for me stuck in this closet?

I voluntarily reviewed this book after receiving a free copy.

What in the actual f\*\*k nuggets did I just read?!?!

I refuse to give you spoilers but OMG Zoe Blake has just utterly blown my mind!!!! Jane has a car accident and is willing herself to hold out for help. Then she's in a nightmare she cannot wake up from....or can she? This story is dark and twisted, I truly wish there was just a smidge more but what was given is freaking fantastic!

What in the actual fuck did I just read?! Wow. I bought this little book only for the cover. Weird, isn't it? Well, I wasn't expecting mind-blowing at all. The kind you'll never see on Netflix, ever.

Who the fuck are you? Where the fuck am I? I scream but I hear no sound. His face shows no reaction as he just takes a sip of his beer and stares down at me.

"It's just you and me. The wife is out getting drunk with her girlfriends, so I got all night. What game should we play?"

"Damn. Smartest thing I ever did was buy you. Fuck my frigid wife. This is just as good. Better because you can't complain about chocking or not wanting to swallow. Can you, my slut?"

I stare at him in horror. Buy me?

My name is Jane. Jane. Please, help me."

"I started to sob. The doll in the mirror just stared at me... expressionless... empty."

### **This one was interesting...**

The writing was good, easy to follow and engaging.

The storyline was unique, I've never read anything like it before, not sure I'll ever try to as well.

Honestly I was confused, still am. How did she become a doll? That is bugging me completely. It would have been great if it had been added on.

When he became one too, I was even more confused. I can see karma taking place here but then it raises the question of why Jane had this fate too.

So I'm left thinking and wondering, why???

I feel privileged to have been able to read this before everyone else did! I've got to say, if you're looking for a DARK thrill ride this is IT. Broken Doll is an engrossing and shocking tale and I am not surprised it came from the mind of Ms. Blake at all. In fact, she's knocked the ball out of the park on this one and it's a home run exhilarating ride I invite you all to delve into. You won't be disappointed.

Scary, creepy, raw, non consensual, and sad. This strikingly stark novella? may have triggers for some readers.

So I thought I would give Zoe another shot.. and omgg this was wow.. I never read something like this.. if was a first for me..

I had so many questions like how did she become a sex doll? What type of voodoo supernatural magic made her one..

The pain and suffering the humiliation she went through and she couldn't do anything about it.. my heart broke for Jane.. I shouted when she started to move!!

Do i feel bad for Steve.. kinda.. since he thought she was a toy.. but Jane getting her revenge was Awesome..
