## From Reader Review Flutterby Fly for online ebook

### **Ilana says**

This series of books is the most wonderfully illustrated, sweetest series available for children. Each book is beautiful, the animals are so sweetly drawn and each book teaches a wonderful lesson. I still have all of my original copies from my childhood (the 90s).

### **Anie says**

Another favorite from when I was wee. A little parable on gossip.

---

### **Arwen says**

*Gossip garbles very well  
All the things you want to tell  
So, if you hear some gossip true  
Let the gossip stop with you!*

A good book to teach children about the effects of gossip. Of course, it's helped by the beautiful work of Robin James' illustrations and the cute character of Flutterby.

### **Julia says**

It was a cute concept of the flying ponies herding the butterflies but I wasn't really into this book. The story was basically showing how much a story can change into disastrous gossip while instead of bringing the old butterfly back with the others she left her there, which could possibly cause more mischief.

### **What's Dat says**

Beautiful artwork! My favorite set of kid's books ever!

---

### **Dee says**

A story about rumours and the dangers of gossip, not believing everything you hear, and going to the source for the truth instead of spreading lies. It's done in an age-appropriate way.
