P.O.W.E.R. Learning and Your Life: Essentials of Student Success Robert S. Feldman

"P.O.W.E.R. Learning and Your Life" is the only first-year experience text created specifically for the non-residential, commuter student and campus. These students face unique challenges and as they typically work full- or part-time, juggle work and family obligations with school, and they may be the first person in their families attempting a post-secondary education. The focus of "P.O.W.E.R. Learning and Your Life" is on real application of P.O.W.E.R. strategies in a program-specific approach through the use of photos, examples, and activities tied to general education courses (such as math, English, etc.) and careers through the use of P.O.W.E.R. principles.

Kevin Driskill says

This book is packed with facts and easily read on several levels. There is the straight through the text method. Then there are snippets in the margin to summaries and mark the broader content, commentary, practice and illustrations . Each chapter has extensive wrap-up and intro. Good content on learning and managing school work. Do not be deceived by the price that this book is well bound. It is essentially a magazine, a good one, but a magazine at best. This book is so well done it deserves a good cover, maybe the next edition.
