## My Demon's Kiss Lucy Blue

The first novel in a seductive new medieval romance series A valiant warrior...

Wearied by the violence of the Crusades, Simon, Knight of Lyan, is returning home to Ireland when he is attacked by a vampire and transformed into a creature of the night. His only chance for redemption is to find an ancient treasure of legend -- the power of which can restore his humanity.

A brilliant beauty...

Young Isabel of the Castle Charmot knows that her freedom and the preservation of her family's estate depend not only on her comeliness, but on an intricate deception of her own design. Thus far, her ruse has kept potential enemies and amorous suitors at bay -- until the mysterious visitor appears at her door, asking to explore the catacombs of her keep.

A desperate desire...

In each other, Simon and Isabel find the comfort and trust to share their separate secrets -- and a shared passion they never thought possible. But when the sinister creature that cursed Simon to darkness arises once more, the doomed knight must choose between saving his immortal soul and claiming the heart of the only woman he's ever loved....

## From Reader Review My Demon's Kiss for online ebook

### **Maja - BibliophiliaDK ? says**

This book had just the right blend of romance and the paranormal element in my opinion. But there is still something about it that makes it strangely unmemorable. There wasn't rally that wow-factor that makes you remember a book, makes you reflect over it for days - therefore I couldn't give it more than four stars. To earn 5 a book must be memorable. I'm certain that as soon as I've finished writing this I will have forgotten all about this one.

Lust can be Love

### **Toni says**

This was a really fast, easy read. I was glad to see the vampires were basically evil, as vampires should be. It didn't follow the classic romance novel recipe and much to my surprise, and pleasure, it didn't end as I anticipated. I plan to read the next one in the series.

I finished this book tonight and it was really good I'll definitely be picking up the next ones in the series when I can. Like some books I've read it was confusing in spots but not so confusing that I didn't figure it out after I was done.

The characters were pretty well thought out and the plot line grabbed me easily if you like knights and vampires this book is for you!

### **Michelle says**

Fairly decent vampire romance novel--some adult scenarios but not too many. Set in the middle ages, this is the tale of a vampire fighting against his dark nature (a la Edward Cullen of Twilight.) He's not entirely a "vegetarian" though. I would definitely read another book in the series if I come across it.

### **Amy says**

Not a lot of people know about this author and they should. The story moved fast, the characters were intriguing, and I'm dying to read the rest of the series.

Lucy Blue has wrote a good book I really did injoy reading it I even went back and read the end again I would like to read her other book

---

### **Fairyblood says**

Medival castles, vampires, knights, and a quest for salvation from the curse...what more could you want for a tasty vampire romance.

---

### **Jodz says**

Thank goodness it's over with.  
I struggled through the whole book... I honestly can't name one thing I liked about the WHOLE book =S

### **Lori {Romancing the Dark Side} says**

Great mix of historical and paranormal romance!

---

### **Bradley says**

Not bad. Fairly well written. =)

---

### **Amanda says**

I really enjoyed the both, however, the ending was extremely disappointing. It left me wanting more.

---

### **Jeannine says**

One of my favorite types of book - medieval romance with some vampire lore thrown in. ;-)

---

### **Josephine says**

I guess I just don't believe that any creature or being is inherently evil or bad. The main character's struggle

---

with the vampire nature and its religious overtones just put me off. The characters and the setting were beautifully written. If a reader believes that that which creates a vampire creates sometimes uncontrollable behavior, then it's otherwise a good book.

I couldn't hardly put it down!
