Burning for Him Michelle Fox

Three nights to ravish her body, one curse to shatter her heart...

A magic locket brings the demon Khan into Selena Connor's life--and bed--just in the nick of time. Her fiancé's stolen her life savings, she faces crushing debts, and her boss is trying to harass her into his bed. When Khan appears, his dark magic unlocks the deepest secrets of her body and heart. His touch ignites a burning desire that bends Selena to his will and erases all her cares.

But Khan's curse binds him to the locket's owner for only three nights of soul-searing pleasure, and just as Selena realizes she can't live without him, Khan vanishes. Reality comes crashing in: Selena's boss has framed her to take the fall for his crimes. If she refuses his advances now, it's jail. She may as well be cursed herself.

With nothing left to lose, Selena takes a leap of faith. Only one man--Khan--will ever truly possess her. And maybe she's the one woman who can free him.

An erotic novella (code for longer than a short story but not as long as a full novel) of approximately 20,000 words; expect steamy sex with BDSM elements.

lesley dawn wallace says

Burning for him

Burning for him is a awesome read thought is was a real getter from the first page hot an steamy

Faith says

Scorching Hot!!

Selena was given a cursed locket, in it is Khan.. They have 3 nights together.. Can she find a way to make it last? Read it and find out!!

Melissa Feist says

Burning For Him...is the book equivalent of eating a giant bag of candy all alone. It's naughty, you sneak away to devour it alone, feel guilty, but can't stop. Kahn is a treasure for Selena and she his short moment in paradise. The delicious, tortuous and devilishly unique things Kahn has Selena experience at his hand, was exciting to read, you secretly hoped they'd find a way to unlock the demons curse. A very hot and fun read.

Diana Reyes says

Really hot, quick read. I would love to have that locket!

ScarlettPhoenix says

Wow! What girl doesn't want a Genie to cater to her every desire? Especially if she's shy like Selena? Khan knows exactly what she wants and pushes her limits. Selena has dropped down the rabbit hole and she doesn't want to come back. Sizzling decadence at it's best. Nice read!

Kelly says

Burning for Him is for people who...

...like their demons dominant.

...don't mind bedroom games.

...want a happily ever after when all's said and done.

...enjoy when the bad guy gets his just desserts.

I LIKED this one. Sexy, hunk of a demon and a woman who finally finds what she's been dreaming of. Throw in some workplace tension and a curse or two and I'm a happy reader.

-Kelly @ Reading the Paranormal

Sarah says

3.5 stars

Really enjoyed this hot little read, although it was just a bit too heavy on the BDMS side of things for my personal liking.

Would also like to have seen the H and h communicate a bit more and maybe form more of a non sexual connection. It kind of felt as if their love was purely based on their sexual compatibility.

Lenna Wright-Berry says

I really did like this short story, its like Genie in a bottle but its a demon locked up in a locket, and he can come out to sexually dominate women for 3 nights only, but Selena always wanted an alpha male to dominate her but she never expected to find her self falling for a domineering male coming out of a locket. Well 3 nights was enough time with Khan and Selena wanted him forever, she broke the rules and opened the locket on the 4th day and find out her life as she knew it changes for the better.

Merissa (Archaeolibrarian) says

Just when Selena thinks things can't get any worse... her aunt sends her a brooch that is self-heating! Next thing she knows, a hunky demon is there to make all her dreams come true but only for 3 nights.

This story is a hot and sexy read that is perfect for either a coffee or lunch break. There is enough story to it to feel like you've actually read something but obviously doesn't bog you down with too many details.

I won't say anything about the story, you can read the synopsis for that but what I will say is that this was very well written and thoroughly enjoyable. Definitely recommended.

Independent Reviewer for Archaeolibrarian - I Dig Good Books!

Carrie Garza says

The man of her dreams appears like the genie in the lamp. It's rough sex. Dominance and submission that lead to love. A short story, well written and well edited. Didn't struggle at all to read it.

Mya says

the ending was very sweet

Nikki says

Um, can we say **HOT!!!** This is a short erotic story of an enchanted, or I guess cursed, locket that finds its way to Selena at a time when she needed it most. She's just been dumped by her con artist boyfriend who not only broke her heart, but stole all her money along with the engagement ring she paid for! (Jerk) After checking out the locket her aunt sent and promptly dismissing it as it's not her style, she heads to bed. Enter Khan. Cursed demon who is attached to the locket and is there to provide 3 nights of unimaginable pleasure before disappearing forever. Holy cow that pleasure was **HOT!!!** The chemistry between these two was off the charts. Khan helps Selena understand a part of her she didn't realize was missing, her submissive side. After the three nights, she's devastated when Khan has to leave and is desperate to find a way to bring him back for good. I really liked this story. I think the author did a great job portraying the BDSM scenes and the emotional side of Selena and Khan's time together. I can't wait for more from her! :)

Copy provided by author for honest review

Carol Cassada says

Burning for him is a down on her luck woman named Selena, whose ex-fiancée swindled her out of money and ran off. As if that wasn't bad enough, Selena also has to deal with the unwanted advances of her boss Jason, who'll resort to anything, including blackmail to get Selena into his bed. Things get more complicated for Selena when she receives an antique locket, upon opening it, she unleashes the demon Khan. For the next 3 nights, Khan is bound to pleasure Selena in every way possible.

The sex scenes were great and I liked how their was a little humor mixed into some parts, for instance there's one part revolving around a floating toy. Khan and Selena are two characters you can't help, but be drawn to. I felt for the ordeal Selena was going through with her fiancée and boss, then when she starting falling in love with Khan I felt for her more. As for Khan, even though he's a dominant, you sense there's more to him and the way he cares about Selena shows he has a heart. As the end of their time nears the end, you're left wondering will they end up together or will Khan's cursed life take him away from the woman he loves?

Cynthia says

I may or may not post spoilers so read on if you dare!

This book is very interesting to say the least. It kept me on the edge of my seat, till I finished it. I could not put it down till I got to the end.

I have to say the only reason this did not get a 5 star review is because it comes to an abrupt ending. The

ending is very jarring to say the least. But that did not distract from the story line at all.

A wonderful book!

Randi says

This was short and sweet with 52 pages. I was given this copy from the author in exchange of a review. I feel honored to read this, especially I don't get to read stories that remind me of genies often!

Selena got this locket from her aunt after her bad breakup with her ex-fiancee who turned out to be a con man who swindled her out of her savings. Then one night she looked at her locket and it turned hot. Bam! This FINE man came out and promised her that her wildest fantasies will come true for the 3 nights - more real than what she has been reading in her "secret" books. That part, I love how he listed the actual titles of books such as Story of O for one. Man, a dreamy man who reads these erotica with BDSM elements - love it!

The sex - pretty hot and I like it! Was it so hot that I whimpered every time Selena got whipped? No, but I definitely still enjoyed the scenes, regardless! I like that there was so much sex in the story and yet the story showed how Selena struggled in her life outside of home with that yummy man, especially at work. It was a simple erotic story with a lot of spices in the novella.

Thank you!
