Now You See Me Kris Fletcher

Café owner Lydia Brewster wants to shake things up. And J. T. Delaney, infamous legend of Comeback Cove, just might be the man she needs. With his wild reputation, who better to help a girl shake off a "poor widow" image she's too young to keep wearing?

Despite the rumors, J.T. doesn't seem quite the troublemaker Lyddie's heard about. He actually seems focused on business—the subject they don't see eye to eye on. Really, all she wants is a fling. But after a few long, hot nights together, the most dangerous thing about J.T. is the unexpected way he makes her feel....

Kathy says

Lyddie and her children move to Comeback Cove after her husband and his father are killed in an accident. It's ok go a while, but she's tired of being the Young Widow Brewster, and the kids don't like it anymore, either. The town has made her husband into a saint and she feels overwhelmed. Then J.T. comes back to town. He's the town bad boy, who burned down the historic section years ago, and everyone still hates him. But he and Lyddie hit it off eventually, and they both have issues to work through. Good story, and great characters, who seem real to me.

Marissa says

Goodreads Autograph Copy Win.

Story of two people trying to move forward despite their past and in so fall in love. A widow and her children trying to live in the past of their dead heroic husband and father and the trappings of peoples expectations. The bad boy troublemaker returns to his hometown where hidden secrets lay showing that things are not all black and white.

It's about letting go and moving forward. Taking a chance in life and doing what is right despite what others might disapprove. A heart warming romance.

Carrie says

Now You See Me is the first time I've read anything by Kris Fletcher but it definitely won't be the last. I loved everything about Now You See Me and it went on my keeper shelf to be savored again and again. The characters were engaging and so real to me that I found myself thinking about them after I finished the book. J.T. and Lyddie are like real people in my life that I think and care about.

J.T. was the bad boy and trouble-maker of Comeback Cove. The small town probably would have forgiven him his wayward youth if only he hadn't burned down the town's only tourist attraction and main source of income.

The heroine, Lyddie, is known as "The Young Widow Brewster" in Comeback Cove and she's feeling smothered by its well-meaning residents. She's too young, too vital to wear widow's weeds for the rest of her life.

J.T. is back in town for the summer and Lyddie is convinced a fling is just the thing she needs to feel like a woman again. What began as a fling is turning into so much more. Will Lyddie be content to go back to being pitied as "The Young Widow" when J.T. leaves? J.T. knows he's over-stayed his welcome in the small town that can't forgive but how can he leave the woman who has captured his heart?

Watching these two trying to do what's best for themselves, their families and the residents of Comeback Cove was a joy. I laughed and I cried as this talented author brought these two to life with witty dialogue and genuine emotions.

M.J. Fredrick says

LOVED! Loved Lyddie, a young widow with three kids, a paragon in her small town. Loved JT, the bad boy made good who returns to the same small town so he can help his mother move. Loved the realistic secondary characters. Definitely going on my keeper shelf!

Kate Vale says

How would YOU feel if, 25 years ago, you were accused of burning down an historic part of town--even though you weren't the only kid there--and people still blame you for what happened? Would you force the people still in town who also were there to come clean? J.T. doesn't, even when Lyddie Brewster, who wants to know if her late husband (rendered practically a saint by others townspeople) was involved. After all, he was the right age to have been involved. And her kids are now rejecting the goody-goody view of their late father.

Lyddie needs to pay more attention to her kids and DO something about what's happening to them, pushing her teen son toward juvie activities, her teen daughter into wanting to live all the way across the continent, and her little daughter into not wanting to go to school with the teacher who still sighs in remembrance of the child's father.

Perhaps JT represents breaking free of all that heaviness that surrounds Lyddie, too. When she realizes this, the action picks up and gets interesting. I only wish they'd both been more truthful with each other a bit sooner, though that might have ruined the "will he/will she" questions that kept me reading to the last page.

Susan says

NOW YOU SEE ME is a very quick read. I was instantly all caught up in Lydia and JT's lives and it felt like I was right there with them fighting their battles and their demons. Yes JT was the town bad boy and trouble maker but doesn't everyone deserve a second chance? He was a kid twenty five years ago in a small town and was bored. Of course, he was going to get in trouble! I was laughing and crying as Kris Fletcher brought Lydia and JT to life for me. NOW YOU SEE ME is all about forgiveness, letting go, and moving forward in life. Comeback Cove is your typical small town where everyone is in everyone else's business but it still seems to be the kind of place you hope you come upon in your travels. I can not wait to read more by Kris Fletcher.

Claire McEwen says

I really loved this book. My thoughts are on my blog, <http://blog.clairemcewen.com/2016/09/...>
