Pathway Home

After just one year of a blissful marriage, Cami Gardner is alone, mourning the loss of her departed husband. She's struggling to continue down the pathway of life, searching for a reason to feel alive again.

But on a seemingly ordinary summer night, a group of mysterious strangers checks into the Sea Rose Bed and Breakfast that she tends with her grandfather. One is a handsome man with eyes that hold a glimpse of pain . . . something Cami recognizes from her own heart. The others speak of a lost treasure, the legend of Spanish gold buried somewhere along the nearby coastline.

For Cami, the future holds an adventure more exhilarating and perilous than anything she's ever imagined. And, with tensions nearing their breaking points, she'll be forced to make a choice that may cost her her very life. She's also about to take the most perilous journey of all-- inviting someone else onto the pathway she's walked alone for so long . . . and her heart may never be the same.

## From Reader Review Pathway Home for online ebook

### Danni says

this book was hard to put down. It didn't seem to belong in the present day but it was amazing the way they went looking for the treasure. It was romantic and exciting all in one.

---

### Jennifer says

Sequel to Love Lights the way 2of2  
Own: Book

---

### Jessica Liza says

I've read this but it was a long time ago. In my recollection, I don't remember liking it as much as the others. Especially since this "perfect" relationship between Cami and Dallin has been built up and then is ruined. But I will have to read it again to give it an honest review.

---

### Rosanne says

I really enjoyed this book as I sat on the beach at Bear Lake.

---

### Heather says

Picked this up at the DI, started reading it and realized it went along with "Love Lights the Way" which I got at the DI a few months ago. This was Cami's story and it was pretty good. I enjoyed the mystery of the treasure thrown in. Although I think her falling in love again after being widowed was a little too easy.

---

### Shayne says

This is a sweet story about loss and love, mostly about love. Cami is in more than one of her books if I recall correctly and is a delight to read about. Her setting, her story, her growth is something most of us can relate to in one way or another. If have never read one of Michele's books this is as good a place to start as any. If you already read one or more, then just keep reading. She never disappoints!

---

### Megan Swanson says

This was a good book, I knew bits and pieces of the story, although I'm not sure if it was because of my

---

mother telling me about almost every book that she has, or if I've read it before. It was so good that I had a hard time putting it down despite the fact that I knew those bits of the story.

---

### **Emmeli says**

I loved this book. I love how the love story and the mystery all tie together to one great book. I recommend it!

---

### **Julie says**

Really good lds love novel. A really cute main character, sequel to love lights the way. I liked the mystery and family theme.

---

### **Brooke says**

I didn't dislike this book and mostly I did like it, but just not a lot, a lot. I don't feel as though I truly wasted my time, but it took a long time to read. There was a good ending, there was mystery and intrigue, there was love... so all in all it had a lot of great elements. It wasn't super cheese filled, but it had it's moments. Some of the descriptions of mundane things felt over done.

---

### **Danica Page (One Page at a Time) says**

I liked this book. It was an interesting story to read.

---

### **Rosemary Cantrell says**

This is the 4th book in a series, although I have not read the others. The story seems to work just fine, though, without the other books for background.

In this story, Cami is a young widow struggling to keep going. She runs a bed and breakfast that has been in the family for generations. She has several mysterious guests over a period of time, all leading to the big mystery about a treasure chest of gold having been lost on the coast years before.

One of the guests is a man who seems as full of pain as Cami herself. Of course, their relationship will eventually bloom into love. At least, the progression of the relationship is more believable than many of these "clean" romance novels.

There is some adventure, some unexpected events, some tension, and lots of happiness in the end.

It was not a bad book.

---

**Susan says**

I really liked the mystery of this book and how the characters come together.

---

**Lindsey says**

I love that it is a mystery and love story all rolled into one great book.

---

**Amber Rencher says**

Love this book. A fun blend of romance and mystery that keeps you on your toes and wanting to read chapter after chapter.

---
