**** I was gifted a copy of this book for an honest review****

I have to say that this is probably my favorite out of the 3 books. I love Steele but I kind of wanted Natalie to end up with Liam. When that didn't happen I could not wait to read Liam's story and not that I have I think I love him even more. It took me a while just to wrap my head around this book and actually put into words what I thought about besides saying amazing! This book sent me through so many emotions at times I wanted to slap both Liam and Layla! Then at other times I wanted to reach through and pull Liam out of the story and just hide him away because his story ripped my heart out! I am still not a big fan of Layla but she did grow on me a little bit in this story.

I like that Steele and Natalie were also tied into this story and the bomb you dropped that made my heart stop. I never in a million years would have thought about that even being possibility. I was completely shocked. no surprise this book kept me turning pages until the very end just like the rest of the series did.

REVIEW

This is the 3rd installment in the Rock Romance Series by Author A.L. Wood.

This book focus's pretty much on Liam the guitarist in Steeles Army and best friend to Ryan and Layla is best friend to Natalie who is now marrying Ryan.

These are 2 lost souls both with deep , draining , past secrets.

They find themselves very drunk one night and well things happen. Neither has ever wanted a long term relationship but Layla sees herself with Liam but does Liam feel the same?

We also have an encounter finally with Layla's family or do we? Natalie has no idea about the secret that Layla holds regarding Natalie's dead mother and Layla's father.

Everything will come to a head will Liam be there for Layla?

This book was really good I enjoyed every moment. I do wish that the editing had been more thorough. Yes I know not all errors can be avoided but when you have the makings of an Awesome series of books thorough editing goes a long way. I however did not let that deter my rating of this book.

It held my attention and gave me what I wanted although I would have liked to have had an Ending for the couple Layla and Liam or more to the story.

Great read and I recommend that you start with book 1 in the series...

Jen says

Hmm...where do I start? I was really excited to read this book about Liam and Layla. I loved the first book in the series and after seeing the way Liam cared for Natalie, I couldn't wait for his HEA.

Let's start with what I did like about this story. I like that we finally learn what makes Layla behave the way she does, and about Liam's past and the demons that haunt him. I like that we get to see Ryan and Natalie and their baby get their HEA. I like that Liam and Layla eventually get their HEA.

Now, onto what I did not like. It almost seemed like Ryan and Natalie were a focal point of the story instead of being in the background. I don't think the book was long enough to really build up the relationship between Liam and Layla. I wanted there to be more to their story. More time together as a couple, more of them working together to make their relationship work.

Overall, the story is good, but I do wish it wasn't so rushed. I am still looking forward to book four, Gage's story.

3.5 stars

I received an eARC in exchange for an honest review.

Heather Heck says

Wow, I stayed up all night reading this and I could not put it down! Love Liam n Layla! A.L.Wood you've done it again. I've laughed and cried through this series and I hope to see more soon.

Antonieta Flores says

From the three books this is the one I liked the most. Still a Little too much fluff, but the two characters are stronger than Natalie and Ryan. They are very complicated people but their development is more believable than the other two.

Amanda says

I finished reading this today. I didn't want it to end. So I read it again. A.L. Wood really out did herself. The last chapter made me want book 4 right then and there. I can not wait to continue this amazing story. <3 <3 <3

Copy for Review

Liam is a rock star who is in love with his band mate and best friend Ryan girlfriend's Natalie. As the birth of Ryan and Natalie's daughter Temperance and their announcement that they are getting married in a month forces him to face reality that he will never have Natalie.

When Natalie moved out of her place to live with Ryan, Liam moved into her place and ended up taking her old room since he was living with Ryan. Natalie's best friend Layla happens to be his roommate as well.

Liam, Layla and Natalie childhoods were not idyllic as they all hold secrets that will unfold as the wedding approaches. Secrets that will ultimately test friendships and their ability to survive them will prevail.

One night out drinking with the band, Liam and Layla end up sleeping together. Denying their attraction they pretend that is was not anything more but an one night stand but they fight their growing feelings. Will these two take a chance on each other and find happiness?

Amazeballs Book Addicts says

Find Me is the third book in the Rock Romance series. This is Liam and Layla's story. You should really read First Chance and Last Chance first.

Both Layla and Liam have had troubled pasts, At first I really didn't like Liam. He wasn't very nice to Layla. Layla was trying to help but I feel like Liam kept pushing her away. I loved reading Liam and Layla's story. I think it ended to quickly and I wanted more.

It was nice that we got more of Natalie and Ryan's story too.

Renee at Book Happiness says

I honestly LOVED this whole story. I loved that Liam got his own story. It really shows you how much this band is there for each other through everything. Although Liam is in love with Natalie he lets her find her absolute happiness with Ryan. It was nice to see the HEA for Natalie and Ryan. I think it was perfect for Liam and Layla to find each other. I am very interested to see if there will be another book in the series...
LOVE LOVE THIS SERIES

5 stars

ARC given to me by the author in exchange for an honest review

I was waiting patiently for this awesome story since I read Last Chance, Rock Romance 2. This is Liam's

story with Layla. I fell more in love with Liam in book 2 but I had my eye on him since book one, First Chance.

SPOILERS

I absolutely loved his story and I wanted more. By the end I was left like I needed 300 more pages because I did not want their story to end.

I loved how we got to know about his past, he has a very sad and dark past and it's what makes him the way he is. Layla also has some stuff going on in her life and she carries a big secret that could ruin her relationship with Natalie. We also get lots of glimpses into Natalie's life, she has a baby Temperance and she gets her HEA yet again with Ryan (they get married). That was super romantic.

The story has some very steamy sex scenes and let me tell you that Liam has some very interesting piercings that we did not know about till this book. We got to know a little about his tattoos, he has a lot of them. I liked that.

The story is romantic but not to the extreme, it does have a super romantic ending tho. I'm glad Liam and Layla got their HEA and I am hoping to get to see them again in another story. I am hoping every band member gets a story ;)

Crissy Sutcliffe says

this book was fantastic. It moved along at a nice even pace. The characters were easy to follow and fall in love with. this is the third book in the series and i loved how it was Liam's story. It is nice to see alpha males who have their own demons they have to overcome, then seeing them overcome them. i have read the first book in the series, but honestly this book was much better than the first book. A breath of fresh air.

Juli Faulkner says

Awesome!

Awesome!

Love Liam! His story and Layla's is awesome! So glad Ryan and Natalie's wedding was included! Liam just grabs your heart! I'm glad he was able to figure out what he really wanted and Layla was able to work her issues out! Great read!

Eye Candy Bookstore says

This is the 3rd book in the Rock Romance series and it's just as good as the previous two. This book is more about Layla and Liam's story. Of course, all of your favorites are in the story too. We have Natalie and Ryan having a baby and how Liam handles that. This story let's you know what happened in Liam and Layla's past and this helps you understand why they are the way they are. I love their characters and enjoyed this book! Can't wait for the next one!

Melissa Miller-Mattern says

This is the third book of the Rock Romance series. Find Me focuses on Liam and Layla's story. This is the first book that I have read in the series. Because I had not read Rock Romance #1 and #2, it took me awhile to kind of figure out what was going on. I think it would be fine to read this book as a stand-alone but as for myself as the reader, I would have liked to have read the first two books primarily for the background knowledge. The book begins with Liam's best-friend, Natalie having a baby with Ryan, one of his band mates. Apparently, this is very difficult for Liam because he has feelings for Natalie that are more than friendship although she is not aware. (a little background here, Liam, Natalie, and Layla all used to live together until Natalie moved in with Ryan, the father of her baby). While as the hospital visiting the new family Ryan tells Liam that he and Natalie are getting married in one month and that he would like Ryan to be his best-man. At the same time, Natalie is telling Layla the same and she would like Layla to be her maid-of-honor. Layla is aware of Liam feelings for Natalie, so when they go home, she goes to his room to offer him comfort but this little visit quickly escalates out the of friend zone; Liam and Layla end-up sleeping together. The book follows the journey of Liam and Layla's developing relationship.

This book was a quick, hot little read with promises of more books to come following the journey of the rest of the band members meeting their special some bodies. The story moved along quickly and fluidly. There were several steamy sex scenes as Liam and Layla apparently had some hidden sexual chemistry that they weren't aware of.

Kim Howlett says

** I received a free copy of this book from A,L.Wood in exchange for a honest review **

Find me is the third book in the rock romance series.

This book follows Liam and Layla and there chance of a HEA.

I've loved Liam right from the first book, and have been dying to find out more about him and for him to get his own story.

In Find me you get to know more about him and his past. You get to see the over side of him in thus book.

I loved the first 2 books, but Find me is the best so far in my eyes. A.L. Wood does such a great job are creating characters and drawing you in so you never want the book to end.

Find me is a romance story, and it takes you through so many emotions from start to finish.

Amazing third book
